ATTENTION ALL MEMBERS

We understand that some you have received a mailing about insurance to cover your water lines into your house . These mailings are from a private company and are not thru the Water Board here at the Lake . Also the office did not give out our addresses to any company for this solicitation . This is an insurance company trying to sell insurance.

Lake Santee's Smoke Signals

The By-Laws state in Article IV, Section 4 and Article IX, Section 2 that the Association will have a monthly official publication

.Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as The Smoke Signals, was published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

AVENUE OF FLAGS

**Your Invitation to
Participate in Patriotism**

The **Greensburg Breakfast Optimist Club** is offering the **AVENUE OF FLAGS** program to our Lake Santee neighborhood again this year. They are offering a subscription to celebrate six (6) national holidays with the entrance to be lined with American Flags for \$30 per year. They also offer a four year program for \$100.00. The **Greensburg Breakfast Optimist Club** will place a 3 foot by 5 foot American Flag, previously flown over the nations' Capitol, on a 10 foot pole at your designated location within Decatur County on these six national holidays: **Memorial Day, Flag Day, July 4, Labor Day, September 11 and Veteran's Day**. All proceeds of the **Avenue of Flags** are used for Optimist and community programs which support local youth programs. If you participated in this display last year , then we urge you to renew your subscription . If you have not helped with this display before , please consider it.

Please join our project in filling our two islands with flags. It is indeed an impressive sight.

LAKE SANTEE TOTEM POLE

I wish that I had this poem last month when we ran the article on our Totem Pole , but I didn't. I just recently was given it and had to share it with all of you . It was written by Nancy Martin as though it was from the tree's point of view

Paul G.

WOODSMAN COMETH

GATHER 'ROUND FELLAS – A STORY I'LL TELL,
HOW I CAME TO THIS PLACE – MY BUT IT'S SWELL.
I WAS MINDING MY BUSINESS, MY P'S AND MY Q'S,
WHEN A GUY SHOWS UP SHOUTING, "NOW THAT I CAN USE!"

HE POINTED TO ME WITH A GRIN ON HIS FACE,
SHOUTING OUT LOUD, "YOU'LL LOVE YOUR NEW PLACE!"
NOW I WAS SCARED – HE HAD "SAWS" WITH BIG TEETH,
AND STARTED IT'S MOTOR WHILE STANDING BENEATH.

I FELT MYSELF TREMBLE, THEN FALL TO THE GROUND,
NO LONGER STANDING, I JUST LOOKED AROUND.
"GET OFF ME", I CRIED - BUT HE KEPT LOOKING AT ME,
"LEAVE ME ALONE, I'M A CATALPA TREE."

HE SEEMED VERY PLEASED AND HE STRUTTED AROUND,
THE WOODS IT GOT QUIET, NOT MAKING A SOUND.
SOON THERE WERE SHOUTS & HORNS SOUNDING TOO,
THEIR CRANE PICKED ME UP IN A VERY SHORT FEW.

I RODE AND I RODE, THE RIDE WAS REAL ROUGH,
BUT I KEPT UP MY STRENGTH, CAUSE I'M REALLY TOUGH.
SOON IT ALL ENDED, I WAS BACK ON THE GROUND,
"WHERE WAS I NOW? AT THE EDGE OF TOWN?"

I WAS CARVED UP AND CHISELED,
'TILL HIS STRENGTH FINALLY FIZZLED.
THEN JOURNEYED AGAIN TO ANOTHER LOCATION,
"GUESS MAYBE I COULD USE A LITTLE VACATION."

I'M HAPPIER NOW THAN I'VE EVER BEEN,
A PLACE I BELONG 'TILL THE VERY END.
THERE'S SMILES ALL AROUND AND WAVING AT ME,
I'M PROUD AS A "TOTEM" TO BE PART OF "SANTEE".

Returning Home

There's no place like home, especially when you're returning after having had to evacuate due to an emergency. But do you know what to do when you return and your home has potentially been damaged? Do you know who handles repairs and what actions to take to begin repairs? It's important to take action now, and learn what to expect and what actions are often required upon returning to a home damaged after a disaster.

To learn about what you need to do when coming home after a disaster, access FEMA's free, online training module "Coming Home After a Disaster" and learn about how to plan for recovery from a disaster. The training will help you achieve the following:

- Learn what kind of repairs homeowners may handle themselves;
- Learn to develop a recovery action plan;
- Learn how to develop your homeowners action checklist; and
- Learn how to assess and document damage.

This training module is part of FEMA's "Preparedness Activities for Communities Everywhere" tools, which educate individuals about relatively easy steps to take to become prepared for all types of hazards. The tools are designed for anyone to use in coordination with local emergency preparedness partners to help better prepare for emergencies.

CLUBS!

Our club proudly sponsors Builders, Key and Aktion (Adult) Clubs. See Alicia for Builders or Key Club and Donna Taylor for the Aktion Club.

We are looking for a few busy people to join us in serving the children of the community and Lake Santee.

If you are interested in knowing more about Kiwanis, please contact a member.

Kiwanis Clubs for every age

Adults

Kiwanis International offers three clubs for adults: [Kiwanis](#), [Aktion Club](#) and [Circle K International](#).

Kiwanis clubs serve their communities by sponsoring 150,000 service projects each year. Aktion Club is the only community service club for adults living with disabilities. It provides members opportunities to become integrated into their communities while developing initiative and leadership skills. CKI is a university service organization with clubs on 500 campuses.

Youth

[Key Club](#), the oldest and largest service organization for teens, teaches leadership through service to others. [Builders Club](#) for adolescents provides students with opportunities to develop leadership, improve self-esteem, increase civic engagement and learn life skills through service. [Kiwanis Kids](#) for elementary students provides students with opportunities to work together on service projects, develop leadership potential and create strong moral character.

Inspirational Moment

The Chinese sage Confucius said: “Caring, that is, consideration for others, is the basis of a good life, a good society.”

Through Kiwanis, caring men and women can create a good life for themselves, and through voluntary service, a good society.

Minutes from the Lake Santee Women's Club held on March 10, 2014

Twenty one ladies met at the local Bayshore for lunch and a time of fellowship. It was wonderful to see our "snowbird" friends who had returned from a fun winter in Florida.

The officers read their reports and the 2014 program books were distributed. There are many exciting programs in store for the club in the upcoming year.

Kathy Tarzwell, Vice-President, continues to do a wonderful job of marketing our Lake logo merchandise. Sales continue to be up and a big "thank you" was extended to her for a job well done.

Various committees will be meeting soon to finalize plans for the upcoming 4th of July raffle and bake sale, as well as the silent auction that is held in August. Money making projects were discussed and the club will be taking orders for "Butter Braids". Club members sampled one of the braids and they are absolutely delicious.

The club voted to once again award a \$500.00 scholarship to a deserving Lake Santee Senior. Committee members will be working with the school for eligible candidate selection.

A donation to the Bread of Life was discussed and all donations made in March are doubled through the assistance of a Grant. Members voted to donate \$300.00 during this time.

Charm Seright reported on the "Friends of Wild Life" walk that will be held on April 13th at 2:00 P.M. There are 34 species of flowers that are available to enjoy during the year and she encouraged all to come and enjoy our beautiful surroundings.

The scheduled program for this month cancelled, but the time was filled with enjoyable visitation among club members.

Split the pot was won by Terri Sutters.

Respectfully submitted by Joy Boyd, Secretary

Betty's Backyard Birds

Birds are warm-blooded animals that have a much higher metabolism, and thus higher body temperature, than humans. While the exact measurement varies for different bird species, the average bird's body temperature is 105 degrees Fahrenheit (40 degrees Celsius). Body temperature can fluctuate during the day depending on climate and activity, but it can be a challenge for birds to maintain such a high body heat when temperatures dip too severely. Smaller birds are particularly at risk, since they have a proportionally larger surface area on their bodies to lose heat but a smaller core volume to generate it. Even the smallest birds, however, have several ways they can efficiently keep warm.

What Wild Birds Do to Keep Warm

Birds have many physical and behavioral adaptations to keep warm, no matter what the low temperatures of their surroundings.

Physical Adaptations

- **Feathers:** Birds' feathers provide remarkable insulation against the cold, and many bird species grow extra feathers as part of a late fall molt to give them thicker protection in the winter. The oil that coats birds' feathers also provides insulation as well as waterproofing.
- **Legs and Feet:** Birds' legs and feet are covered with specialized scales that minimize heat loss. Birds can also control the temperature of their legs and feet separately from their bodies by constricting blood flow to their extremities, thereby reducing heat loss even further.
- **Fat Reserves:** Even small birds can build up fat reserves to serve as insulation and extra energy for generating body heat. Many birds will gorge during the fall when food sources are abundant, giving them an extra fatty layer before winter arrives.

Behavioral Adaptations

- **Fluffing:** Birds will fluff out their feathers to create air pockets for additional insulation in cold temperatures.

COMMITTEE REPORTS

Rules & Regulations – Doug Lecher

Doug reported that he and the Building Committee had met to review the Building section (Section 12) of the Rules and Regulations. In their review, a few changes are being proposed primarily for purposes of clarification. The proposed changes are:

12.2 Building permits issued by the Association are required for houses, garages, outbuildings, additions, roofing, re-siding, swimming pools, fences, docks, decks, communication dishes larger than 36", culverts, filling or tiling of road ditches, gazebos, lake walls, shoreline protection, dredging, dog pens and any other structure. Many of the aforementioned also require a building permit from the appropriate county. A form is available at the Lake Santee Office for submitting permit requests and it specifies the documents and/or drawings required to apply for a specific permit. All structures must conform to the Subdivision restrictions. At the discretion of the building committee, periodic and/or final inspection may be made of the construction, to insure compliance.

12.3 Access to all property shall be by an approved driveway culvert. A building permit is required prior to installation and culvert size will be determined by the building committee to handle water flow requirements.

12.5 A complete set of construction plans, including floor plans, exterior elevations, and a list of materials for foundation, siding and roofing shall be required for houses or house

additions. Houses will not be approved without one or more of the following features: more than four corners, one or more roof valleys, dormers, or a covered porch of at least 100 square feet. The Building Committee will not approve two houses of similar exterior design in one area.

12.21 When connecting an unattached exterior structure to a main dwelling the enclosure must meet all standard building requirements for roofs, foundations and siding.

12.22 Removal or tear down of existing structure must be completed to grade level and any basement or crawlspace filled to grade level. All debris must be removed within 90 days.

Polly Ann Fox made a motion to approve the proposed rule changes. Angel Hocker seconded the motion. Mike Cutrufelli had a question regarding time limits on building permits. Doug answered and there was no further discussion. **Motion was carried on approval of the 1st reading of the proposed rule changes.**

OLD BUSINESS

Power line update: There has been on-going efforts to clarify the easement. 6 different easements have been filed over time. Indiana Michigan Power has been responsible for getting this cleared up. Nothing currently is in the power line easement. They surveyed last summer. The official easement is to be 85 feet from the center line. They have put tombstones in to mark the easement. They have filed all the proper paperwork with the county and the power line issue should be resolved at this time. Full sets of prints are available in the LSPOA office.

NEW BUSINESS

Liability Insurance Contract: We signed a contract with the Murphy Agency in 2010. That contract expired March 1, 2014. We now have a new contract with them and it is with Cincinnati Insurance. The total of the contract is \$26,349. We have had an increase of about 3%. We have newer equipment which explains the increase. We will be getting further clarification on the Workmen's Comp portion of the contract which could possibly decrease the cost. **Polly made motion to accept the contract. Angel seconded the motion.** Bob Jackman had a question regarding the contract. Dick clarified. **Motion carried.**

Write off of accounts: Several accounts are inactive with balances; people who have not paid dues, delinquencies, fees, mowings, & some properties have gone through sheriff's sale. Most of these are 2 years old. We will still attempt to collect, but they are not assets so they need to be taken off of the books. We have liens on some of these and the liens will remain in place. Total amount for write-off is \$24,357.87. **Doug made a motion to write-off this amount. Jim seconded the motion. Motion carried.**

No other new business.

MANAGER'S REPORT

Brad reported that we now have a new propane contract with Premier Energy for \$2.29/gallon guaranteed through May 31, 2015. If price is lower on delivery date, we will get the lower price. We own our own propane tanks. We will also get a \$0.05 discount for owning our own tanks and another \$0.05 discount due to the quantity of propane we purchase each year. Maximum will be \$2.19/gallon for the upcoming year. Brad asked the Board to approve the one year contract. Angel Hocker made a motion to approve the contract. Doug Lecher seconded the motion. Motion carried.

Fireworks contract should be available soon for the same price as last year. Fireworks will be on Saturday, July 5, 2014 with two rain dates of July 6 and July 12.

Office is now on summer hours. Association dues are now due.

Brad indicated that they hope to be able to work on the electronic sign in the next week or two now that the weather is better.

There being no further business, Randy Ostendorf moved to adjourn, seconded by Angel Hocker, motion carried. The next regular meeting will be held on April 9, 2014 at 7:30 PM in the Community Room

Respectfully submitted,
Polly Ann Fox, Secretary

Homeowners would be well advised to turn off their water while away. Homeowners are prohibited from operating the water meter valve or removing and/or loosening the meter to drain lines. All customers are required by the rules to have their own valves in place to valve off and drain their homes as necessary. If you want the District to also turn off the meter valve, we will be happy to do so, however the District will not be held liable for meter valves that are not 100% tight. You are advised not to depend solely on the meter valve. The charge for valving is \$10.00 during regular work hours of 7:30 AM to 4:00 PM, \$20.00 after hours. The same charges apply to valves turned on. The District cannot turn on water to a home unless the customer has a valve closed to protect the home or a responsible adult is present.
