Check out the web page at <http://lake-santee.com> & the Facebook page at <http://www.facebook.com/pages/Lake-Santee/136790756386827> for up-to-date information on what is happening at the lake.

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

LEVELS OF HALOACETIC ACIDS ABOVE DRINKING WATER STANDARDS FOR LAKE SANTEE RWWD

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. The results of regular monitoring are an indicator of whether or not our drinking water meets EPA's health standards. The results that we received for Haloacetic Acids for the last monitoring period show that our system currently exceeds the standard(s), or Maximum Contaminant Level(s) (MCL). The MCL for Haloacetic Acids is 60 ug/L. As of 12/31/2015, a locational running annual average is 61.2, 67.6 ug/L.

What should I do?

You do not need to use an alternative (e.g., bottled) water supply. However, if you have specific health concerns, consult your doctor.

What does this mean?

Some people who drink trihalomethanes (THM) in excess of the MCL over many years may experience problems with their liver, kidneys, or central nervous system, and may have an increased risk of getting cancer. Some people who drink water containing haloacetic acids (HAA) in excess of the MCL over many years may have an increased risk of getting cancer.

What Happened? What is being done?

When the sample was taken in November, we were bypassing our granular activated carbon tanks due to an issue with the carbon. We have since replaced the carbon in December of 2015. We have also drained the water tower and had a contractor come in and clean the inside of the tank. We also finished flushing water mains on April 12, 2016. The combination of these three things should help lower our THM and HAA results. All testing results since December 2015 have been below the MCL's set by the EPA.

For more information, please contact Brandon Litmer at (812) 527-2943 or by mail at 13 SW Wrenn Parkway, Greensburg, IN 47240.

Please share this information with all other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distribution copies by hand or mail.

This notice is being sent to you by Lake Santee RWWD. PWSID# IN5216003

Lake Santee Regional Waste and Water District
Additional information to help explain Public notice

A quick update on a few things.

Public Notice

Some of you may have some questions about the public notice on the opposite page. EPA requires the RWWD to sample four times per year for trihalomethanes (THM) and haloacetic acids (HAA), which are disinfection by products. We collect samples from two different locations in February, May, August and November. The average of the samples collected in these four different months has to be below 80 ug/L for trihalomethanes and 60 ug/L for haloacetic acids. We have maintained an average below 80 ug/L for trihalomethanes. Our average did exceed 60 ug/L for haloacetic acids. As we stated in our previous newsletters we were having problems with our granular activated carbon from May through November in 2015. The carbon was leaching manganese that was causing an increase in our finished water turbidity. In consultation with IDEM the decision was made to bypass the carbon until a solution was found.

One of the main functions of the carbon is the removal of organic matter from the water. When organic matter comes into contact with chlorine haloacetic acids are formed. The more organic matter the higher the haloacetic acids results will be. The fact that we were bypassing the carbon in May and November resulted in us having higher than normal haloacetic acid results. The testing results from May and November resulted in our average exceeding the maximum contaminant level of 60 ug/L for haloacetic acids.

It was determined that our carbon needed to be replaced and that was completed in December 2015. The RWWD also hired a contractor to clean and inspect the water tower. This work was completed on March 22. RWWD employees also finished flushing water mains on April 12. The combination of these three things should aid in a significant reduction of haloacetic acids in your drinking water. All testing results have been below the maximum contaminant level since the carbon replacement.

Water Tower Inspection

The water tower was drained, cleaned and inspected on March 22. The inspection was performed by Dixon Engineering. Preliminary information from Dixon was that the paint appeared to be in good condition. A full written report will be provided by Dixon Engineering.

Lake Santee's Smoke Signals

The By-Laws state in Article IV, Section 4 and Article IX, Section 2 that the Association will have a monthly official publication .Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as The Smoke Signals, was published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

WANTED BULLHEAD CATFISH

Lake Santee is experiencing an unwanted increase in its number of bullhead catfish. Unlike Channel Catfish, Bullheads are an undesirable fish whose size remains small, and can quickly overpopulate. Bullheads are bottom feeders that stir up bottom sediments, which can increase turbidity, and add to our water clarity issues. Channel Catfish can be easily distinguished from Bullheads by their deeply forked tail. Anglers, please remove all Bullhead Catfish that you catch. Thank you, Lake and Beaches Committee.

Channel Catfish

Lake Santee

David Martin, Lake and Beaches Director, would like to remind you of the fishing regulations.

<p style="text-align: center;">Largemouth Bass</p> <p style="text-align: center;">No fish less than 21 inches shall be removed from the lake. Daily bag limit is set at 1 fish per day</p>	<p style="text-align: center;">Hybrid Striped Bass</p> <p style="text-align: center;">No fish less than 21 inches shall be removed from the lake. Daily bag limit is set at 1 fish per day</p>
<p style="text-align: center;">Redear Sunfish</p> <p style="text-align: center;">No length restrictions. Daily bag limit is set at 15 fish per day</p>	<p style="text-align: center;">Crappie</p> <p style="text-align: center;">No length restrictions. Daily bag limit is set at 25 fish per day</p>

ANGLERS—PLEASE CUT AND KEEP FOR READY REFERENCE

Zebra Mussel (*Dreissena polymorpha*)

See the video on our website:

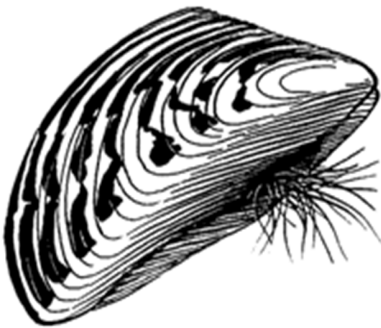

<http://lake-santee.com/boating-and-fishing/zebra-mussels/>

Zebra mussels (*Dreissena polymorpha*) are prolific invaders that cost the U.S. billions of dollars each year. These small mussels from Eurasia can clog water intakes and damage equipment by attaching to boat motors and hard surfaces. They can damage ecosystems by harming fisheries, smothering native mussels and crayfish, and littering beaches with their sharp shells.

In the late 1980s, zebra mussels spread from Europe to the Great Lakes in contaminated ballast water discharged from foreign ships. From there, they expanded to the Mississippi River, its tributaries, and to inland lakes. Zebra mussels spread primarily by attaching to boat hulls, aquatic plants, nets, fishing equipment, or in water. Adult zebra mussels can survive out of water for days under certain conditions. Your actions are vital to prevent their spread.

General Characteristics

- Zebra mussels look like small clams with a yellowish or brownish “D”-shaped shell, usually with dark and light-colored stripes (hence the name “zebra”)
- They can be up to two inches long, but most are under one inch. Zebra mussels usually grow in clusters containing numerous individuals and are generally found in shallow (6-30 feet), algae-rich water
- Zebra mussels are the only freshwater mollusc that can firmly attach itself to solid objects – submerged rocks, dock pilings, boat hulls, water intake pipes, etc.
- On smooth surfaces, young zebra mussels feel like fine sandpaper.
- Juveniles are about the size of peppercorns.

What You Can Do

- **Learn** to recognize zebra mussels.
- **Inspect** and **remove** aquatic plants, animals, and mud from boat, motor, and trailer.
- **Drain** water from boat, motor, livewell, bilge, and bait containers.
- **Dispose** of unwanted live bait and worms in the trash.
- **Rinse** boat and equipment with high-pressure and/or hot water (104° F), especially if moored for over a day, **OR**
- **Dry** everything for at least 5 days.
- **Never** introduce fish, plants, crayfish, snails or clams from one body of water to another.
- **Report** new sightings - note exact location; place specimens in a sealed plastic bag or store in rubbing (isopropyl) alcohol.

Know the rules!

Unauthorized introduction of zebra mussels, fish, or plants into the wild is illegal. Protect your property and our waters.

Home Again. Independent Again.

At our campuses, our goal is to get you back to maximum independence and back home as soon as possible. We accomplish this through our *Home Again* rehabilitation program, where our expert therapists work hand-in-hand with your doctor to create a therapy program just for you. Using innovative therapy approaches such as our *Home Again Personal Wellness Plans* we not only provide therapy services, we also offer diagnosis-specific education for patients including information on symptom management, medication, rehabilitation plans, follow-up appointments, a care plan map and so much more. *For more information or to pre-register for a therapy stay, please call or stop by your local campus today!*

VISIT POLARIS.COM FOR MORE OFFERS.

RESTRICTIONS: Rebates vary by model and on select new 2015 - 2016 models. Offers valid from 2/22/16 - 4/30/16. Financing available on select new 2011-2015 Polaris® Off Road vehicles. Youth models excluded. Does not apply to prior purchases. APR as low as 1.99% for 60 months requires monthly payments, in lieu of rebate. Valid on Amount Financed of \$5,000 or more of select new unutilized Polaris® 800L, 800ACEV®, & 825L models made between February 22, 2015 and April 30, 2016 on your Polaris® installment loan account. Model & year exclusions apply. Rate of 1.99%, 8.99%, or 11.99% will be assigned. Examples of monthly payments required over a 60-month term at a 1.99% rate: \$17.52 per \$1,000 financed, and at an 11.99% rate: \$42.24 per \$1,000 financed. Program maximum amount financed is \$5,000 and down payment may be required. Rate and down payment based on credit approval criteria. Offer is subject to credit approval. See dealer for complete details.

WARNING: Polaris® off-road vehicles can be hazardous to operate and are not intended for street use. Driver must be at least 18 years old with a valid driver's license to operate. Passengers, if permitted, must be at least 12 years old. All riders should always wear helmets, eye protection, and protective clothing. Always use seat belts and cell belts or chairs (as equipped). Never engage in stunt driving, and avoid excessive speeds and sharp turns. Riding and alcohol/drugs don't mix. All riders should take a safety training course. Call 800-542-6709 for additional information. Check local laws before riding on trails. ©2015 Polaris Industries Inc.

"Picture It" at Lake Santee

Pictures will be judged in the categories of:

Scenery-Nature-Family Fun and Pets

We have decided to make a change in the due date of the pictures. the new date is December 31st. The rest of the rules still apply. They should be 4 x 6 in size , identify them with your name , lot number and phone number. Please remember they are to be taken on Lake Santee property. Then turned into the office or E-Mail them to me at smokesignals@frontier.com to enter the contest.

The **BEST** of the **BEST** will then be used on the following years cover of our annual Directory as well as in the Smoke Signals during the year.

MainSource

Life needs a great bank. | MainSourceBank.com

1. Advertised APR shown available as of 2/29/16 to well qualified applicants. 60 monthly payments of \$356.34 for every \$20,000 borrowed based on 45 days to first payment and secured by a 2014 model vehicle year or newer with not more than 125,000 miles. Your APR may be higher and will be based on your credit qualifications, loan amount, repayment term, and model year. Subject to credit approval. The APR is subject to change at any time. See branch for details. Offer expires 5/29/16.

2. Introductory rate offer applies to Home Equity Lines of Credit only. Advertised Annual Percentage Rate is accurate as of 2/29/16 and is subject to change at any time. Subject to credit approval. APR will be based on credit score and loan-to-value of the applicant. Applicant with a credit score of 720 or higher and loan-to-value of 80.99% or less qualifies for the 1.25% 6 month introductory APR | 3.50% APR thereafter. Otherwise, offered APR may vary based on credit score and loan-to-value of the applicant. Minimum loan amount is \$12,500. \$250 prepayment penalty fee in the first 2 years. \$50 annual fee. The APR is variable after the 6 month introductory rate and subject to change without notice. Maximum APR is 18%. If interest only payments are made, then a balloon payment will result. New originations only. Property insurance is required. Offer expires 5/29/16.

Inspirational Moment

“There are obviously two educations. One should teach us how to make a living, and the other, how to live”.

James Truslow Adams

The North Decatur Key Club will be

traveling to Riley Hospital and the McDonald House for the annual tour soon.

TOP TEN SENIORS

Joshua Geis, Adam Hartman, Derek Hocker, Megan Hoover, Zackery Johnson, Blair Kramer, Adam Litmer, JoBeth Martin, Kiley Stier, Evan Walpole.

A dinner was held at the Westport Community Building for the top ten seniors from North and South Decatur High School. Lake Santee, New Point, St. Paul and Westport Kiwanis clubs sponsored the event.

Congratulations to the top ten seniors at North Decatur High School. We are so proud of you!!

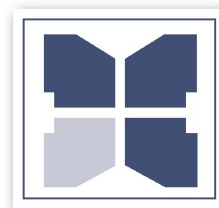

PHARMACY OPENING SOON!

That's right. DCMH is soon to open a Pharmacy available to all area residents with both walk-in and drive-thru convenience. Pharmacists, Matt, Alyssa and Nick are here to serve you Monday through Friday from 8 am until 8 pm and Saturday from 8 am until 2 pm.

**Adderley
Restoration
Company LLC.**

GENERAL CONTRACTOR

LAKE SANTEE RESIDENT

Fire Damage Restoration

We are the team you call after the fire department leaves. The fire is out, but what will you do about the damage, including smoke damage? Adderley Restoration carefully evaluates the site and determines an action plan.

Water Damage Restoration

When water invades your home or business, we respond fast. Whether you have a small leak or a total flood, time is key. We act fast, by first extracting the water from the site. If necessary, carpets and pads are removed, as well as any other elements effected by the moisture.

Structural Damage Board-up

An important step when damage occurs is to secure the site. With our 24 hour availability, we can have a team on your site ready to board up windows, doors and other structural openings. This way we can minimize the possibility to theft, personal injury or lawsuits.

Mold Remediation

We are trained to identify, eliminate and prevent mold and mold growth after restoration. Even when mold is not visible, it can be found behind paneling; inside walls and cabinets; and below flooring; and even in the duct work.

Trauma Clean-up

Exposure to biological chemical contaminants can bring serious health consequences. You must be sure to properly remove any substances that could contribute to dangerous environments.

**Greensburg Breakfast
Optimist Club**

**AVENUE
OF
FLAGS**

**Your Invitation to
Participate in Patriotism**

The **Greensburg Breakfast Optimist Club** is offering the **AVENUE OF FLAGS** program to our Lake Santee neighborhood again this year. They are offering a subscription to celebrate six (6) national holidays with the entrance to be lined with American Flags for \$30 per year. They also offer a four year program for \$100.00. The **Greensburg Breakfast Optimist Club** will place a 3 foot by 5 foot American Flag, previously flown over the nations' Capitol, on a 10 foot pole at your designated location within Decatur County on these six national holidays: **Memorial Day, Flag Day, July 4, Labor Day, September 11 and Veteran's Day**. All proceeds of the **Avenue of Flags** are used for Optimist and community programs which support local youth programs. If you participated in this display last year , then we urge you to renew your subscription . If you have not helped with this display before , please consider it.

Please join our project of filling our two islands at the entrance with flags to honor all of the men and women who have served in the Armed Forces. It is indeed an impressive sight.

For more information contact **Ed Fox 812-593-0171** or **Rick Johnson 317-850-4471**

ATTENTION ALL LAKE SANTEE HOME OWNERS

Last month we published a letter from the Fire Department notifying us of a change in the ISO rating for the Lake Santee area. Effective June 1 the new rating will be 8B/10. If your Insurance Company uses this rating to determine your Home Owner Insurance premium, it could lower your premium. You can get a copy of this letter from the office. You should contact your insurance agent to see if this applies to you .

RECYCLE CENTER SUMMER HOURS BEGIN MAY 16th. TUES. & THURS. 4PM.—6:30 PM.

The BOOSTER CLUB would to thank the following members for their generous donations this past month.

Gary & Justina Salemme

Valerie Collings

G.M. Meiners & Gery Homan

Don & Donna Smith

Lee & Maria McKinley

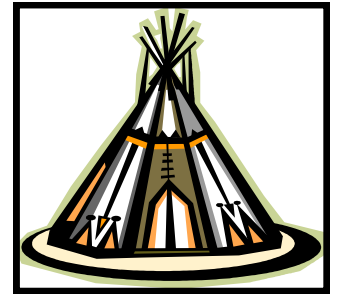

Clarksburg Christian Church will be hosting our annual Lake luncheon on June 11 th.

Lunch will be served from 11 am to 1 pm with several activities including: D J Butch Barber with a wide selection of music, from hip hop, to big band, to contemporary, a wide variety and mix. A BOUNCE HOUSE for the kids, face painting and corn hole for those too “old” to enjoy the bounce house. Bring the family and your lawn chairs for a great time. Meet at the community room starting at 11AM. Come one come all.

October 15: Golf cart run 2 to 5pm (note time change) (final for season)

Lake Santee Corn Hole Tournaments

Due to needing time to paint the new corn hole boards, we will start the Corn Hole Tournaments in June and going through September. Sign up for as many tournaments as you wish by notifying the office by Tuesday of that tournament week.

We need a tournament organizer and scorekeeper.

We will have awards at the season finale. The winners will also be recognized in the October Smoke Signals along with kudos to the volunteers. Dates are the first Saturday of each month except July. **Mark your calendar for June 4, July 9 (changed due to July 4th celebrations), August 6, September 3.** All tournaments start at 10am near the tennis courts.

LAKE SANTEE WOMEN'S CLUB

April 11, 2016

Secretary's Report:

Eleven members visited Schmidt Bakery in Batesville for a tour of the facility and to watch demonstrations on cake decorating and making donuts. The staff was nice enough to prepare a birthday cake for Mary Johnson's birthday! It was delicious!

The ladies left for a lovely lunch at Lil' Charlies Restaurant and Brewery.

Terri Suiters opened the business meeting after lunch.

The Women's Club has submitted the name of the scholarship winner to the Foundation.

Order forms for Butter Braids were distributed. Orders need to be returned to Kathy Tarzwell in two weeks. The deadline is April 25th!

The Club is still looking for volunteers to serve on the Auction Donations Committee.

The Women's Club budget for 2016 was approved.

We then discussed ideas for donations for the Lake, such as :

1. Beach umbrellas
2. Overhead fans for the porch outside of the Community Room
3. A Lake Santee Dog Park (Cathy Bryant and Terri Suiters will go to LSPOA meeting to research this suggestion.)
4. Sound system for Amphitheater

Meeting was adjourned.

Respectfully submitted,
Fae Cutrufelli
Secretary

Friends of Wildlife at Lake Santee

Everyone Welcome!

Our aim is to encourage the members of the Lake Santee community
to appreciate and protect our natural setting.

Friends of Wildlife meets the first Wednesday of the month at 7:00 p.m. in the community room.
Email charm.seright@gmail.com for more information.

~~~~~Nature Trivia ~ A Multiple-Choice Question~~~~~

What do Dutchman's Breeches, Bishop's Cap, Jack-in-the-Pulpit, Sweet William and Adder's Tongue have in common?

- a. They are spring ephemerals.
- b. They can be found in the woods.
- c. They have aerial parts.
- d. We have them at Lake Santee.
- e. All of the above?

According to INPAWS (Indiana Native Plant and Wildflower Society), ephemerals (meaning transitory, quickly fading) are woodland plants that show above ground in the early spring, before the trees have leafed out. Do we have them at Lake Santee? Indeed we do, not only gracing the forest floor of The Nature Habitat but in any wooded area in the ravines and roadsides that is allowed to remain undisturbed and natural. These tender but tenacious plants take advantage of the sunlight to develop leaves, stems and flowers (aerial parts) and produce seed before going dormant and disappearing until the next spring. (Wikipedia)

At Friends of Wildlife Spring Wildflower Walks (the weather dictating several outings) on April 3 and 10 (and another personal foray on the 17th) there were blooming ephemerals everywhere including tiny white Bishop's cap, yellow Bristly Buttercup, white Cut-leaved Toothwort, yellow Adder's Tongue (aka Trout Lily , Dogtooth Violet) , white Dutchman's Breeches, pinky-lavender Hepatica, white Rue Anemone, pink Spring Beauty, white Star Chickweed, white- blue Sweet William, maroon Prairie Trillium, blue, yellow and white Woodland violets, pink Wild Geranium and Wild Ginger with hidden maroon blossoms covered the forest floor and hillsides. Foliage promises May blooms for May Apple, Virginia Waterleaf, Jack-in-the-Pulpit, and Wild Leek, among others that are difficult to identify without a flower. A new plant for us is Bedstraw, yet to bloom, so we'll be looking for it too. A visit to the spring woods has other delights in the ferns, mosses and bird songs that echo among the trees. Nature at its best at Lake Santee!

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.
BOARD MEETING MINUTES
April 13, 2016

The Lake Santee Property Owners Association Board of Directors met on April 13, 2016 in the Community Room. President Richard Veach presided and called the meeting to order at 7:30 PM. Other Directors present were Polly Ann Fox, Angel Hocker, Vicki Wilson, David Martin, Jim Massingale, Carol Goodwin, Ron Day and Mike Cutrufelli. Employees present were Jim Hornig (668) and Brad Jones. Members present were Rosemary Kinnett (889), Terri and Buddy Suiters (1416), Deb Evans (1510), Cathy Bryant (101), Clair and Nancy Fredrickson (348), Ronda Peetz (941), Stephanie Peetz (640), Bill Ryle (579), Bob Cupp (360), Scott Gibbs (352), Phyllis Schilling (530) and Barbara Cripe (880).

President Veach called for a review of the minutes of the March 9, 2016 meeting. The minutes were approved on a motion by Carol, seconded by Mike.

Angel Hocker gave a brief review of the Treasurer's report. The Treasurer's report was approved subject to audit.

Angel then presented the following bills to the Board for approval:

Apparelmaster	\$	217.40	Murphy Insurance	\$	6,543.00
Best Way Disposal	\$	699.74	New Point Stone Co.	\$	553.35
Boyce Forms	\$	296.00	Pitney Bowes, Postage	\$	1,164.29
Built-Rite Express	\$	3,531.00	Rivera Screenprinting	\$	594.92
Cardinal Pest Control	\$	45.00	Shirk's International	\$	1,637.93
Colonial Life	\$	159.50	Summit Microsystems	\$	50.00
Ron Day	\$	128.40	Superior Mowers	\$	7,809.93
Decatur County Auditor	\$	235.00	Stone's Napa	\$	77.17
Decatur County REMC	\$	1,157.25	The Office Shop	\$	32.05
Dunlap Building Materials	\$	321.00	Tim Lecher Farm Service	\$	144.90
Dyna-Pak Corporation	\$	4,545.20	Tops Home Center	\$	138.35
Frontier	\$	239.58	Verizon Wireless	\$	122.58
Gillman Home Center	\$	253.51	Wickens & Wickens	\$	1,113.95
Carol Goodwin	\$	39.54	Premier Companies	\$	490.76
Holtkamp Inc.	\$	1,508.70	Cardmember Services	\$	664.52
Brad Jones	\$	246.68			
LSPOA-Petty Cash	\$	105.82	TOTAL:	\$	35,270.10
Lake Santee RWWD	\$	403.08			

Angel stated that there were two additional bills to add to the list; Clear Creek Fisheries for \$12,010.00 and Decatur County Treasurers Office in the amount of \$1,914.18. After presentation, the bills were approved for payment on a motion by Vicki, seconded by Polly.

MEMBER INTRODUCTIONS AND COMMENTS

Members were asked to introduce themselves and were given the opportunity to express comments.

Bill Ryle asked about disposing of trash fish and how this disposal should be handled. After some ideas were thrown around, it was decided that members should contact maintenance and they will dispose of them properly.

Terri Suiters stated that the Women's Club is currently trying to decide the best option for them to donate funds. The club would like to use these funds for the betterment of the Lake and its residents. An idea considered by the club was some type of netting on the beach umbrellas to keep birds from building nests on the bars and ledges. Another option considered was to add ceiling fans on the underside of the community room deck. Final option presented by Cathy Bryant (also of the Women's Club) was the creation of a community dog park. The group would like to see if there is enough interest and support from the community to create such an area. There was some support from members present for this idea. Dick asked how the group planned on maintaining this area or if they did. He stated that all other donations from the Women's Group are kept up also by the group. Cathy explained that the dog park would be housed on a Lake owned property that is cared for by maintenance already. She stated that members would be responsible for cleaning up for the area and after their pets. The group is just in the idea stage at this time, but would like some input from the community.

CORRESPONDENCE

Brad stated that the lake received an email from Mike and Linda Howard who regretfully informed them that the Kiwanis would no longer be putting on the annual Hog Roast during the 4th of July day celebrations. Carol assured members that this issue has been taken care of and would be announced in her report.

Brad also stated that the business entity report from the State of Indiana has been taken care of.

COMMITTEE REPORTS

Rules & Regulations – Polly Ann Fox

Polly presented the amendment to rule 12.10 for second reading. The amended rule would read, "Outbuildings over 160 square feet in size and carports will have a continuous masonry foundation." Upon hearing no additions or changes Dick called for a motion to approve. The change carried on a motion by Carol and seconded by Jim. Since the amendment carried without change, Polly was able to present the rule change for a third and final reading. The rule change carried on a motion by Mike and seconded by Ron. Rule 12.10 will be updated in the Lake Santee POA Rules and Regulations.

Recreation – Carol Goodwin

Carol announced that there are some schedule corrections which will be posted in Smoke Signals.

Carol announced that the new corn hole sets are finished but need painted. She asked for volunteers to complete the painting and then stated that her paint crew at the car dealership would then spray them with a clear coat to ensure longevity. There were a few volunteers for painting, Clarksburg Community Volunteer Fire Department being one. Carol stated the June 4th is the correct date for the first tournament. She also stated that she is still in need of someone to run these tournaments.

The annual 4th of July BBQ Dinner will now be hosted by the Clarksburg Community Volunteer Fire Department. The menu should be similar but may see a slight change. Carol explained that she had overbooked entertainment for the month of July but has released one of the entertainers. All entertainment slots are now full and the events hit most every genre of music, so there is something for everyone.

Carol thanked her supporters for these events. She discussed with the Board the idea of placing a bucket out for free will offerings. After some discussion, it was the consensus that nights with sponsors there would be no offerings taken, and the nights without would be acceptable.

Carol has had some interest in getting together some volleyball tournaments. She will put something in Smoke Signals. If you are interested please see the SS for more details. Check the schedule and look for flyers describing upcoming events.

Lakes & Beaches – David Martin

Dick had planned to show a clip concerning the hazards of zebra mussels, but his computer would not cooperate. The clip is posted on the Lake Santee website for members' convenience. Ronda Peetz asked if the board planned on running another article in Smoke Signals concerning these creatures. Mike asked what the life expectancy was for a zebra mussel. David said that they can live on a boat or trailer out of water for about five days. He advised members to thoroughly check if moving the boat from one body of water to another. Go to the lake website to watch a video explaining how to clean the boat and ensure zebra mussels do not inhabit our Lake.

David reported that the Lake was recently stocked with 4,000 large mouth bass as well as 1,400 hybrid stripers. These fish were released April 13 and David has a video of the release if anyone would like to see it.

Nancy Fredrickson asked if anyone knew anything about the youth fishing tournament. Dick stated that while the youth tournament used to fall under Recreation, Lake and Beaches is now in charge. David said he would get it organized with a date of July 3rd. Nancy also asked about the status of an extra dock at the main beach. It was stated that the Lake still plans on moving a dock to that area from an area of low usage. The Board did not set aside funds for this as a purchase this year.

Membership – Vicki Wilson

Vicki presented the following new members:

- Carol & Joe Trimpe Lot 405
- Wayne Green Lot 427
- Doug & Jill Rynard Lots 777, 778
- Heidi Kessler Lot 1684
- Nathan & Betsy Litmer Lot 1130
- Joe & Elizabeth Roda Lot 134
- Michael Griffith Lots 976, 977, 978
- Brenda Thomas Lot 84

Community Room Committee – Vicki Wilson

Vicki stated there was nothing out of the normal meetings at this time except the ETC giveaway on April 2nd.

Building Committee – Jim Massingale

The following building permits were issued in March:

- Nathan Walsman, Lot 1568 Addition to existing deck
- Rosevelt Wetzel, Lot 1286 Roof over existing deck

Clean Up – Jim Massingale

Jim announced that the next tour of the lake is coming up soon.

Roads & Maintenance – Ron Day

New trash containers are in and have been placed at both beaches and the shelter houses. The dam culvert liner was installed and will be grouted soon as weather permits.

Secondary roads are being prepped for adding stone where needed.

The north entrance will be closed tomorrow for road work and the security building has been purchased, delivered and set. Our goal is to soon place millings from Santee Drive to CR880 on Tass Trail for a base and install speed bumps to slow down traffic. A bulletin board has been purchased and will be installed. Electricity will be run to the

security building and to the bulletin board. Some landscape stone will be placed to make a nice entrance. Gate guards will also work there on the weekends during the summer. A security camera is in place to cover the building as well as the road in and out.

The chip and seal on Itawamba from Santee Drive to Sanchez Trail and Santee Drive / Pueblo Trail from Ontario Trail to near Mohican Trail has not held up and will be getting millings applied. We will also be looking at adding millings on some other secondary roads as budget allows. The Board feels the rejuvenation and crack seal has been a success on the black top and are considering doing another mile this year. The rejuvenation as opposed to a new layer of asphalt will free up funds to address the secondary roads.

The new zero turn mower is in and has been used.

Dick also mentioned that we have had questions about the removal of the older soft maple trees at the entrance and information is on the website and Facebook, but trees were planted with the intent of removing the older trees as the younger trees grew.

Several of the older trees have died or are dying are removal is necessary. The wood will be used for bonfires and heating at the maintenance building.

The stone pads for the fire rings for bonfires will be installed next week.

Security – Mike Cutrufelli

Mike stated that as always he commends the security team for doing a fine job.

Mike passed around some flyers that will be posted concerning school bus safety and safety in general. Dick elaborated on the flyers stating that drivers are not stopping while students are getting on and off the bus. People are hurriedly trying to beat the bus, creating a real safety concern for our children. Mike encouraged people to call incidents in to our security and to slow down. Mike also warned that security would be using the radar gun and giving speeding tickets when necessary. Please watch your speed.

Mike asked that people not litter and if anyone sees litter they pick it up and dispose of it properly to help maintain a healthy and beautiful community.

It was mentioned that there was an elderly person who was in need of help, and emergency workers had no way of getting into the house. There is a thing called a Knox Box that allows the Fire Department and local emergency teams a key or access to your homes. Schools and businesses already use these as an added measure of safety.

A member asked if the lake planned on having summer security at the North entrance this year as well as the main entrance and beach area. Mike answered that we are going to have a guard on duty at both gates, as well as cameras already installed at both entrances.

OLD BUSINESS

None

NEW BUSINESS

Road rejuvenation and crack seal

There was some discussion about the benefits of the rejuvenation process and whether a year was ample time to judge the effectiveness. Ron stated that other counties he spoke to say it extends the life of the roads up to five years. The process helps also with easy snow removal/melting evident this year. The purpose of going this route is to extend and stretch the paving budget so that we can work on some of the other side roads without letting the main road suffer.

The crack seal and rejuvenation process would go from around Jay Powers home for about one mile. The price is estimated at around \$17,470.00.

Millings Quotes

The lake received quotes to use millings on various other small project roads. The quote to complete Taas Trail at the entrance is \$8800. Then to bring Itawamba, Pueblo/Santee Drive up to standards and fix all sink areas and pot holes, then layering with millings is an additional amount. The chip and seal is failing. To complete and fix Itawamba to Sanchez is estimated to cost \$17,746.50 while doing the same on Pueblo/Santee to Niagra would cost \$14,300. Ron explained that the crew is going to mix the millings with some oil to help solidify and pack the road. Ron stated that the Board is considering completing projects on some smaller areas at Beverly Cove (\$4,906.00), Mohawk (\$10,033.50), and Pawnee (\$11,742.00). No motion or approval needed since these were budget items.

2017-2018 Mowing Contract

Brad stated that the mowing contract with Bernard Meyer is up after this year and needs approved. The amount will be unchanged for the upcoming 2017 year, and will only increase by 50 cents in 2018. The bid is for the amounts of \$21 and \$18.75 for their respective areas. The bid was accepted and approved on a motion by Carol and seconded by Mike.

Lignin prices for 2016

A quote for lignin, the road dust suppressant, from Prince Minerals was received. The cost is \$85 per ton which is up \$1 from last year and \$50-\$65 per ton shipping. No motion or approval needed since this is a budgeted item.

Velo in the Ville

This is a fundraiser supporting Margaret Mary Health in Batesville. The group have six optional courses with riders traveling various distances. The group has asked permission to enter the lake and stop at the main beach and restaurant for a water/restroom break as well as the option to eat at the Sea Shack. The group would be set up giving out waters

etc. The request needs approval from the Board to enter a private subdivision. The request was granted on a motion from Polly and seconded by Carol.

Nominating Committee

Dick presented the slate for approval for the nominating committee for the upcoming annual Board meeting and vote for Board of Directors. The committee nominees are: Robert Cupp, Robert Jackman, Debbie Evans, Rosemary Kinnett, and Ed Fox. There will be three open board positions with the option of a few members to run again. The nominating committee was approved and accepted on a motion by Mike, seconded by Carol.

MANAGER'S REPORT

Brad informed the audience that on March 22 there was a main sewer line rupture. The maintenance crew worked until 12:30 am, (a 14 hour day), to keep this controlled and get the situation fixed. Brad gave kudos to our crew for their hard work and dedication.

There was no contamination from the rupture. Nice job gentlemen!

Brad stated that dues were supposed to be turned into the office by March 1st and were late after April 1st. The lake has around 87% of property owners paid to date. This is excellent! Only 79 property owners still unpaid at present time.

Brad stated that the new property tax deeds have been drafted, recorded and filed and a letter requesting the common property exemption was filed with the Assessor's Office prior to the April 1st deadline.

The lake was able to sell another property, lot 1426, to the property owner next door. Heavy trash is scheduled for May 7 - 15 and the summer trash / recycle center hours begin May 16.

The Lake will receive its first treatment for algae on April 27 by Aquatic Control.

Mowing dates are set for May 16, July 1, and August 16.

Watch the website and Facebook pages for pictures and up-to-date information.

There being no further business, Mike moved to adjourn, seconded by Ron, motion carried. The next regular meeting will be held on May 11, 2016 at 7:30 PM in the Community Room.

Respectfully submitted,

Angel Hocker, Secretary

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.
SECURITY REPORT
March 2016

During the month of March 2016 security officers worked 341 hours, were on call 403 hours and patrolled 1,925 miles. During the month officers handled the following:

Assisted EMS- 1
Golf Cart Inspection- 40

Helped with Easter Egg Hunt- 1
Property Owner Disturbance- 1
Soliciting- 1
Dog Call- 1
Pump Call- 2
Removed Sign- 1
Followed up on Resident Report of Stolen Property- 1
School Bus Patrol

**OUR SPEED LIMIT IS
25 MPH ON ALL ROADS**

Security Officers,
Joe Jarman, Jim Hornig, Cathy Hankins, Dean Clift

From the
Director of Security 2015-2016
Mike Cutrufelli

*Remember -
We are here
for you!*

2016 Lake Santee Security Safety Signals

Security Safety Tip of the Month!

"Spring is here!

Many of us will be working around our own properties while others will have contractors with vehicles and equipment parked on or near our roads. Keep your eyes open for obstacles and people AND PETS!

Contractors: Please remember NOT to park on and block the roads. Make sure school buses and emergency vehicles can pass safely!

All residents please come out for all the great Lake activities planned for this season.

***Meet new people.
Make new friends.***

Have a safe and fun Spring! Questions or concerns, contact the office."

Mike

SCHOOL BUS SAFETY

WHEN ?
ALWAYS !

WHERE ?
LAKE SANTEE !

Please remember to NEVER move your vehicle or attempt to drive around a school bus if the school bus has it's red lights flashing with it's STOP ARM extended. The Lake Security vehicle will also have it's warning lights flashing.

It is our duty and the law to keep our children safe.

Meetings are held the Third Thursday of each month in the Community Room at 3:30 P.M.

All meetings are open meetings and everyone is welcome to attend.

**Lake Santee Regional Waste & Water District
Meeting Minutes**

Meeting of March 17, 2016

3:30 PM

Lake Santee Community Room

1. Roll Call

Scott Gibbs called the meeting to order and requested a roll call. Members present were Scott Gibbs, Jim Hornig, Paul Gosnell, Greg Montgomery, Frank Erdosy, and Kathy Tarzwell. Also in attendance were Brad Jones, Utility Administrator and Brandon Litmer, Utility Superintendent. Not present was Clair Fredrickson.

2. Consent Items

- a. Minutes from February 18, 2016
- b. Financial Reports
- c. Register of Claims for sewer operating
- d. Register of Claims for water operating

A motion was made by Frank and seconded by Kathy to accept the consent items. Motion carried.

3. Operator's Report

- a. Sewer Status Report – Brandon reported that the Sewer Plant is operating on a normal basis with no problems and all tests normal. Some ground water is infiltrating into the system from the heavy rains, but has not been an issue.
- b. Water Status Report – Brandon reported that the Water Plant is operating well and all tests continue to be really good since the carbon replacement. The HAA5 test was under the limit, but the 4-quarter average will be above the limit because of the previous high test readings – this is a carryover from the carbon issues from last summer.
 - i. EVOQUA – supplied the bad carbon – The District's attorney has sent a letter to Evoqua related to the bad carbon they supplied. As previously reported in the last three months' minutes, as a result of the water by-passing the carbon tanks during this issue, the November HAA5 test results were above the limit, similar to the May tests. IDEM was notified of the test results and they indicated they would be sending us a notice to distribute to our customers – when this notice is received, it will immediately be sent out to all customers – this notice has not yet been received. All test results have been and continue to be in compliance since the carbon was replaced in December, including the HAA5 test results noted above.
 - ii. Water tower inspection / cleaning – The tower will be inspected and cleaned on March 22nd. Pressure in the system will be maintained by running the pumps. After the tower is refilled, Brandon will perform some tests, confirm that the results pass, and the tower will be put back into operation.
 - iii. Flushing of distribution system – Once the tower inspection and cleaning is complete, the entire distribution system will be flushed. This will take 5-6 days, depending on weather.
- c. Upcoming Conferences / Training Classes – Brandon will attend IDEM's Net-DMR class in March.

4. Administrator's Report

- a. Status Report – Brad reported there were 24 credit card transactions, 139 ACHs, 4 valve turns and 1 shut off.
- b. Write-Offs – There was 1 write off lot 1616 for \$2.74. A motion was made by Greg and seconded by Jim to write this off. Motion carried. A request was received for relief on the water bill for lot 737 for a water leak. This request will be discussed further at the next meeting after further information is received.
- c. Correspondence – A letter was received from lot 364 with several questions related to the District. The lot owner, Mr. Amos, attended the meeting and his questions were discussed and answered. Thanks goes to Mr. Amos for his interest in the utility and his interesting questions.
- d. SBOA Update – Brad finished the report to SBOA on the Gateway system and submitted our information similar to the past. Have not heard anything back yet from the SBOA whether we provided too much information again.
- e. Miscellaneous Agency Reporting – none this month.

5. Attorney's Report – We have to have the internal control standards in place by June 30th. Brad will ask Ann if anyone else has completed this system of checks and balances.

6. Committee Reports

- a. Board Member Guide Committee – Board Training Topic – Scott distributed maps of the local area to discuss potential expansion to neighboring communities of the District's utilities. With the lack of density nearby, there doesn't appear to be any great opportunities to expand right now.
- b. Volunteers / topics for training – need volunteers.

7. Old Business

- a. Napoleon Water – Brandon received some preliminary plans from Gene. He marked them up and returned to Gene for revision.

8. New Business

- a. ACH – Frank is heading up an effort to continue educating our customers about the benefits of ACH and has put together another information page to be placed in the Smoke Signals again this month.
- b. Management Agreement Updated Information – The amounts related to differential payments that were previously agreed to in December were reviewed and confirmed to remain as stated in the Management Agreement.

9. Adjourn

Respectfully Submitted by
Kathy Tarzwell, Secretary

These minutes are subject to approval by the LSRWWD Board at the 4/21/16 meeting.

**Did you know that you can pay
your Water/Sewer bill with ACH? HOW?**

**Get the form from the RWWD website OR stop by
the office and fill out the form. Have questions?
Call the RWWD Office at 812-527-2943.**

- Have you ever misplaced your Water/Sewer bill or simply forgotten to pay it?
- Have you had to pay late charges for your Water/Sewer bill?
- Are you tired of paying postage to mail your payment each month?
- Have you been away when your bill was due?

Did you know that you can eliminate these headaches by paying your Water/Sewer bill with ACH?

What is ACH?

The Automated Clearing House (ACH) is an electronic network that allows banks and other financial institutions to quickly and easily clear electronic payments. The network is governed by operating rules and guidelines developed by the National Automated Clearing House Association.

Is ACH Secure?

ACH transactions occur electronically and automatically, which dramatically reduces the number of individuals who have access to personal or financial information. Since ACH transactions are electronic they cannot be misplaced, lost in the mail or stolen.

How do I sign-up?

Signing up is easy – there are 2 ways. Go to the Lake Santee website (lake-santee.com), select Regional Waste & Water District, and then click on Governing Documents and Forms. Complete the Authorization Agreement for Direct Payments form and send the completed form to the RWWD Office.

OR, stop by the office and fill out the form there.

Recurring payments only need to be authorized once, prior to the first transaction. No further authorization is required to continue making payments to an account through the ACH.

Will I still receive a bill?

Yes, you will still receive a bill so you will know how much your Water/Sewer bill is each month. If you have any questions about your monthly bill, please contact the RWWD Office.

Who do I call if I have questions?

Contact the RWWD Office at (812) 527-2943.

Lake

Santee

Meets the 4th. Wednesday of each month [except December] in the Community Room

Time 11:30 A.M. Lunch : Check with Mary Fox for location 812-662-0753

Join us and enjoy a good book discussion and lots of conversation remembering when.

Due to the fact that most of the book club is away for 2-4 months in the winter there will be no meeting or book selection in January and February of each year. If you have any questions about selections or our meeting schedule please contact me at 812- 662-0753 or mlfox366@gmail.com Thanks , Mary

Little Free Libraries

What is a Little Free Library?

A Little Free Library is a “take a book, return a book.” It is a free book exchange. This allows for people to share their favorite book with their community.

What is Little Free Libraries mission?

Little Free Libraries have two missions. The first mission is to promote literacy and the love of reading by building free book exchanges worldwide. The second mission is to build a sense of community as we share skills, creativity, and wisdom across generations.

Who and How?

Greensburg Community Public Library and Greensburg FFA. The Library received a small project grant from the Decatur County Community Foundation to place libraries around Decatur County. The Greensburg FFA works on securing locations, building, and helping the Library in any way.

Locations Expectations?

A location expectation is to care for their Little Free Library, so it becomes and continues a long life as a vital, engaging resource of the neighborhood and community. The location should welcome participation and create a friendly place around the library. Locations just need to inform the Greensburg Library about any issues.
