Closed Sunday - Evenings by appointment.

School's Out for the Summer - Watch Out for Children at Play!

The Independence Day Celebration & Fireworks will be held on
Saturday, July 2nd

Summer Mowing – Notice to All Property Owners

Lots must be mowed no later than July 1 & Aug 16. Lots not mowed by the owner will be mowed by the Association's contractor & the owner will be billed for the service.

Garage / Yard Sales

A property owner must give notice to the Lake Office at least seven (7) days in advance of the sale, it can't last more than two (2) consecutive days & only one (1) sale in a twelve (12) month period. Signs are limited to no larger than 2 foot square & two addition signs may be dropped off at the Lake Office for posting on the bulletin board outside the Security Office at the entrances.

We have 10 lots currently for sale:

<u>Lot #</u>	<u>Locate #</u>	<u>Road Name</u>	<u>Price</u>
482	27	NW Choctaw Trail	\$ 1,700.00

Check out the web page at <http://lake-santee.com> & the Facebook page at <http://www.facebook.com/pages/Lake-Santee/136790756386827> for up-to-date information on what is happening at the lake.

Lake Santee's Smoke Signals

The By-Laws state in Article IV, Section 4 and Article IX, Section 2 that the Association will have a monthly official publication. Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as The Smoke Signals, was published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

Mosquito Bite Prevention (United States)

Not all mosquitoes are the same. Different mosquitoes spread different viruses and bite at different times of the day.

Type of Mosquito	Viruses spread	Biting habits
 <p><i>Aedes aegypti</i>, <i>Aedes albopictus</i></p>	<p>Chikungunya, Dengue, Zika</p>	<p>Primarily daytime, but can also bite at night</p>
 <p><i>Culex</i> species</p>	<p>West Nile</p>	<p>Evening to morning</p>

Protect yourself and your family from mosquito bites

Use insect repellent

Use an Environmental Protection Agency (EPA)-registered insect repellent with one of the following active ingredients. When used as directed, EPA-registered insect repellents are proven safe and effective, even for pregnant and breastfeeding women.

Active ingredient	Some brand name examples*
Higher percentages of active ingredient provide longer protection	
DEET	Off!, Cutter, Sawyer, Ultrathon
Picaridin , also known as KBR 3023 , Bayrepel , and icaridin	Cutter Advanced, Skin So Soft Bug Guard Plus, Autan (outside the United States)
Oil of lemon eucalyptus (OLE) or para-menthane-diol (PMD)	Repel
IR3535	Skin So Soft Bug Guard Plus Expedition, SkinSmart

* Insect repellent brand names are provided for your information only. The Centers for Disease Control and Prevention and the U.S. Department of Health and Human Services cannot recommend or endorse any name brand products.

Protect yourself and your family from mosquito bites *(continued)*

- ◆ Always follow the product label instructions.
- ◆ Reapply insect repellent every few hours, depending on which product and strength you choose.
 - » Do not spray repellent on the skin under clothing.
 - » If you are also using sunscreen, apply sunscreen first and insect repellent second.

Natural insect repellents (repellents not registered with EPA)

- ◆ The effectiveness of non-EPA registered insect repellents, including some natural repellents, is not known.
- ◆ To protect yourself against diseases like chikungunya, dengue, and Zika, CDC and EPA recommend using an EPA-registered insect repellent.
- ◆ When used as directed, EPA-registered insect repellents are proven safe and effective.
- ◆ For more information: www2.epa.gov/insect-repellents

If you have a baby or child

- ◆ Always follow instructions when applying insect repellent to children.
- ◆ Do not use insect repellent on babies younger than 2 months of age.
- ◆ Dress your child in clothing that covers arms and legs, or
 - ◆ Cover crib, stroller, and baby carrier with mosquito netting.
 - ◆ Do not apply insect repellent onto a child's hands, eyes, mouth, and cut or irritated skin.
 - » Adults: Spray insect repellent onto your hands and then apply to a child's face.
- ◆ Do not use products containing oil of lemon eucalyptus (OLE) or para-menthane-diol (PMD) on children under 3 years of age.

Treat clothing and gear

- ◆ Treat items such as boots, pants, socks, and tents with permethrin or purchase permethrin-treated clothing and gear.
 - » Permethrin-treated clothing will protect you after multiple washings. See product information to find out how long the protection will last.
 - » If treating items yourself, follow the product instructions.
 - » Do not use permethrin products directly on skin.

Mosquito-proof your home

- ◆ Use screens on windows and doors. Repair holes in screens to keep mosquitoes outside.
- ◆ Use air conditioning when available.
- ◆ Keep mosquitoes from laying eggs in and near standing water.
 - » Once a week, empty and scrub, turn over, cover, or throw out items that hold water, such as tires, buckets, planters, toys, pools, birdbaths, flowerpots, or trash containers. Check inside and outside your home.

LAKE SANTEE BASS TOURNAMENT APRIL 2016

Spring has sprung and here is a recap of the first Lake Santee bass tournament for 2016 held Sunday, April 24th. Twenty-one teams turned out to take part in the event on a beautiful day, the largest number of participants since before the devastating fish kill in 2004. As most members can tell, the participation numbers continue to grow because of the fabulous fishery that our Lake Santee nurtures. The average size of a bass weighed in this event was over 3 pounds each and my goodness, are they healthy bass! Of the day's twenty-one teams, fifteen chose the option to also take part in the USA Bassin' portion of the event. When everything was said and done over \$1600 in cash was presented to our top placing teams. Not a bad way to spend the day, chasing a little green fish!...

The brother team of Phil and Dustin Miller took first place with five beautiful bass that weighed 15.11 lbs. The father/son duo of Jon and Doug Ohlmansiek managed to hold onto second place with three bass which totaled 10.12 pounds. Chuck Sieg and Paul Bruns caught three keeper bass which weighed 9.90 pounds for a solid third place finish. Their catch also included the tournament's Big Bass, a 5.12 lb. lunker.

Our winners and Big Bass champ also took home beautiful plaques graciously donated by the fine folks at Klosterkemper Tax Service in Greensburg. (Thank you Mary Hamer!!) Along those lines, if you are in need of any type of awards, take a minute to check out Kramer Kreations, also in Greensburg, they do fantastic work.

Our next event will be May 15th from 6:30 AM until 12:30 PM.

For those of you who wish to sample some of Lake Santee's phenomenal bass fishing, please remember a few important things. Lake rules state that the minimum size limit for largemouth bass to be kept is 21 inches. In these days of digital photography and with the convenience of cell phone cameras, it is not necessary for anyone to kill a trophy bass just to prove one's angling prowess; PLEASE PRACTICE CATCH (PHOTOGRAPH) AND RELEASE on Lake Santee's bass! Also, help us continue the fine tradition of fishing in our world and remember to take a child fishing!

Our next event will be May 15th from 6:30 AM until 12:30 PM.

We hope to see everyone there!

God Bless,

Lisa & Chip Ayers

Nancy's Pictures - [Shortcut.lnk](https://www.shortcut.lnk.com/)

WANTED BULLHEAD CATFISH

Lake Santee is experiencing an unwanted increase in its number of bullhead catfish. Unlike Channel Catfish, Bullheads are an undesirable fish whose size remains small, and can quickly overpopulate. Bullheads are bottom feeders that stir up bottom sediments, which can increase turbidity, and add to our water clarity issues. Channel Catfish can be easily distinguished from Bullheads by their deeply forked tail. Anglers, please remove all Bullhead Catfish that you catch. Thank you, Lake and Beaches Committee.

Channel Catfish

Lake Santee

David Martin, Lake and Beaches Director, would like to remind you of the fishing regulations.

<p>Largemouth Bass</p>  <p>No fish less than 21 inches shall be removed from the lake. Daily bag limit is set at 1 fish per day</p>	<p>Hybrid Striped Bass</p>  <p>No fish less than 21 inches shall be removed from the lake. Daily bag limit is set at 1 fish per day</p>
<p>Redear Sunfish</p>  <p>No length restrictions. Daily bag limit is set at 15 fish per day</p>	<p>Crappie</p>  <p>No length restrictions. Daily bag limit is set at 25 fish per day</p>

ANGLERS—PLEASE CUT AND KEEP FOR READY REFERENCE

Zebra Mussel (*Dreissena polymorpha*)

See the video on our website:

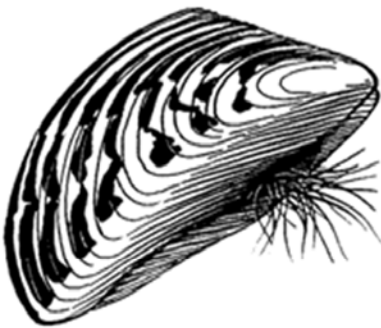

<http://lake-santee.com/boating-and-fishing/zebra-mussels/>

Zebra mussels (*Dreissena polymorpha*) are prolific invaders that cost the U.S. billions of dollars each year. These small mussels from Eurasia can clog water intakes and damage equipment by attaching to boat motors and hard surfaces. They can damage ecosystems by harming fisheries, smothering native mussels and crayfish, and littering beaches with their sharp shells.

In the late 1980s, zebra mussels spread from Europe to the Great Lakes in contaminated ballast water discharged from foreign ships. From there, they expanded to the Mississippi River, its tributaries, and to inland lakes. Zebra mussels spread primarily by attaching to boat hulls, aquatic plants, nets, fishing equipment, or in water. Adult zebra mussels can survive out of water for days under certain conditions. Your actions are vital to prevent their spread.

General Characteristics

- Zebra mussels look like small clams with a yellowish or brownish “D”-shaped shell, usually with dark and light-colored stripes (hence the name “zebra”)
- They can be up to two inches long, but most are under one inch. Zebra mussels usually grow in clusters containing numerous individuals and are generally found in shallow (6-30 feet), algae-rich water
- Zebra mussels are the only freshwater mollusc that can firmly attach itself to solid objects – submerged rocks, dock pilings, boat hulls, water intake pipes, etc.
- On smooth surfaces, young zebra mussels feel like fine sandpaper.
- Juveniles are about the size of peppercorns.

What You Can Do

- **Learn** to recognize zebra mussels.
- **Inspect** and **remove** aquatic plants, animals, and mud from boat, motor, and trailer.
- **Drain** water from boat, motor, livewell, bilge, and bait containers.
- **Dispose** of unwanted live bait and worms in the trash.
- **Rinse** boat and equipment with high-pressure and/or hot water (104° F), especially if moored for over a day, **OR**
- **Dry** everything for at least 5 days.
- **Never** introduce fish, plants, crayfish, snails or clams from one body of water to another.
- **Report** new sightings - note exact location; place specimens in a sealed plastic bag or store in rubbing (isopropyl) alcohol.

Know the rules!

Unauthorized introduction of zebra mussels, fish, or plants into the wild is illegal. Protect your property and our waters.

Home Again. Independent Again.

At our campuses, our goal is to get you back to maximum independence and back home as soon as possible. We accomplish this through our *Home Again* rehabilitation program, where our expert therapists work hand-in-hand with your doctor to create a therapy program just for you. Using innovative therapy approaches such as our *Home Again Personal Wellness Plans* we not only provide therapy services, we also offer diagnosis-specific education for patients including information on symptom management, medication, rehabilitation plans, follow-up appointments, a care plan map and so much more. *For more information or to pre-register for a therapy stay, please call or stop by your local campus today!*

online at mmhealth.org.*

Incredible friends. Incredible fish stories.

When Larry Snyder, 72, found out he had prostate cancer, he knew exactly where he wanted to go for treatment. Having fought prostate cancer themselves, his brother, Jack, and good friend, Lowell, both gave Larry the same advice ... "Go to Margaret Mary for your cancer care."

"When my doctor suggested I drive to Indianapolis for treatment, I asked if I could go to Batesville instead," said Larry. "The guys told me I would be impressed with the care here, and they were right. Dr. (Frank) Peyton and the staff are 100 percent professional, and the girls always know what to say to put me at ease. It was also convenient. Most days I could get my treatment and be back home in an hour."

Thanks to the care provided at Margaret Mary's Cancer Center, these three survivors are doing well and enjoying life. And for them, this equates to more morning cups of coffee together and more fish stories.

"Picture It" at Lake Santee

Pictures will be judged in the categories of:

Scenery-Nature-Family Fun and Pets

We have decided to make a change in the due date of the pictures. the new date is December 31st. The rest of the rules still apply. They should be 4 x 6 in size , identify them with your name , lot number and phone number. Please remember they are to be taken on Lake Santee property. Then turned into the office or E-Mail them to me at smokesignals@frontier.com to enter the contest.

The BEST of the BEST will then be used on the following years cover of our annual Directory as well as in the Smoke Signals during the year.

YOU ALWAYS WANT TO KEEP YOUR CAMERA CLOSE BY

ANOTHER BEAUTIFUL SUNSET BY DAVID FRY

ROAD MAINTENANCE AT THE LAKE

WELL IT IS FINALLY HAPPENING. THE PAVING OF THE GRAVEL ROADS.

The Board contracted with King's Asphalt [See their ad on page 111] to do this paving. They are using a different formula than the Asphalt Material that is normally used. They take used asphalt, chop it into very fine granules and then heat it in the application process. A heavier roller than what is normally used then compresses it to the surface and gives it a smooth surface. While the road can be driven on immediately, it will cure out with time and become a harder material. For those of us who live on a gravel road we say a great big THANK YOU to the Board.

On the previous page Terry King [In the red shirt] oversees the work as well as participating.

LAKE SANTEE KIWANIS CLUB 2015-2016

Serving the children in our community

Yesterday - Today - Tomorrow

President: Todd Blasdel

Vice Pres: Mike Howard

Secretary: Davies Batterton

Treasurer: Linda Howard

“Kiwaniis International is a global organization of volunteers dedicated to changing the world one child and one community at a time.”

MARK YOUR CALENDARS

Our club meets the 1st & 3rd Thursdays of the month @ 6:15 p.m.

(To be announced)

KIWANIANS

There are many changes coming for our club so be watching your e-mails. We are changing with the times and you will want to be in on it!

ANNUAL BBQ

Due to several reasons our club has decided to discontinue hosting the annual July 4th BBQ! Never fear another group has decided to take it over. We thank you for the many years of your support!

Inspirational Moment

“Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you'll know when you find it.”
Steve Jobs

KEY CLUB

The North Decatur Key Club went to the Riley Hospital for Children and the Ronald McDonald

House on May 4th. Pop tabs were turned in and the kids got to learn how important they are. Afterwards went to Panda Express for a delicious lunch.

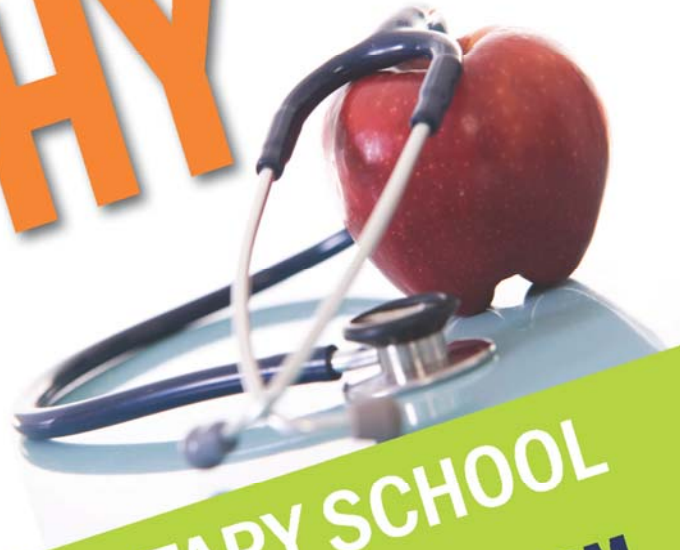

Mrs. Ping and Linda Howard were the chaperones.

Adderley Restoration Company LLC.

GENERAL CONTRACTOR

LAKE SANTEE RESIDENT

Fire Damage Restoration

We are the team you call after the fire department leaves. The fire is out, but what will you do about the damage, including smoke damage? Adderley Restoration carefully evaluates the site and determines an action plan.

Water Damage Restoration

When water invades your home or business, we respond fast. Whether you have a small leak or a total flood, time is key. We act fast, by first extracting the water from the site. If necessary, carpets and pads are removed, as well as any other elements effected by the moisture.

Structural Damage Board-up

An important step when damage occurs is to secure the site. With our 24 hour availability, we can have a team on your site ready to board up windows, doors and other structural openings. This way we can minimize the possibility to theft, personal injury or lawsuits.

Mold Remediation

We are trained to identify, eliminate and prevent mold and mold growth after restoration. Even when mold is not visible, it can be found behind paneling; inside walls and cabinets; and below flooring; and even in the duct work.

Trauma Clean-up

Exposure to biological chemical contaminants can bring serious health consequences. You must be sure to properly remove any substances that could contribute to dangerous environments.

**Greensburg Breakfast
Optimist Club**

**AVENUE
OF
FLAGS**

**Your Invitation to
Participate in Patriotism**

The **Greensburg Breakfast Optimist Club** is offering the **AVENUE OF FLAGS** program to our Lake Santee neighborhood again this year. They are offering a subscription to celebrate six (6) national holidays with the entrance to be lined with American Flags for \$30 per year. They also offer a four year program for \$100.00. The **Greensburg Breakfast Optimist Club** will place a 3 foot by 5 foot American Flag, previously flown over the nations' Capitol, on a 10 foot pole at your designated location within Decatur County on these six national holidays: **Memorial Day, Flag Day, July 4, Labor Day, September 11 and Veteran's Day**. All proceeds of the **Avenue of Flags** are used for Optimist and community programs which support local youth programs. If you participated in this display last year , then we urge you to renew your subscription . If you have not helped with this display before , please consider it.

Please join our project of filling our two islands at the entrance with flags to honor all of the men and women who have served in the Armed Forces. It is indeed an impressive sight.

For more information contact **Ed Fox 812-593-0171** or **Rick Johnson 317-850-4471**

LOL Ladies of Lake Santee

- LOL and guests had a fun Saturday afternoon of custom designed “just for our lake” wine glass painting. Sixteen aspiring artists attended!

Ladies of Lake Santee meet every second Sunday of the month at the Martin’s home, 164 SW Santee Drive at 12pm. Everyone is invited to attend.

Future fun activities planned for Lake Santee include:

July 3rd Bringing Back the Best of the Past

Decorated Boat Parade at 2pm with a pitch in afterward at the Hull’s Hut.

July 16th Yoga Class Land or Lake at 164 SW Santee, 9:30am to 10:30am. Bring a mat or paddleboard.

August, Fine Arts, more details to follow.

BULLETIN BOARD

The Booster Club would like to thank Mary Lou Buckley for her donation this past month. Mary Lou, we understand that you are enjoying your family out west, but we sure do miss you around here.

We also had a cash donation left in our box at the office. Who ever our anonymous donor is, we thank you.

SYMPATHY

We would like to extend our sympathy to Karen and Mark Ricketts on the death of Karen's mother. Malva Sue [Brown] Henderson passed away April 22, 2016.

LAKE SANTEE WOMEN'S CLUB

May 9, 2016

It is green
and beautiful
at
Lake Santee!

Secretary's Report:

The Lake Santee Women's Club met for a delicious lunch at the Sea Shack and retired to the Community Room for the meeting and program. The meeting was opened by our President, Terri Suiters, for the 19 members and invited guests. Vice-president Kathy Tarzwell presented her report. Mary Johnson, Treasurer, gave her report followed by the Secretary's report by Fae Cutrufelli.

Committee reports followed. Sharon Kobeske discussed the Scholarship Committee issues. Kathy reported on the successful Butter Braids sale and invited us to sample products from an additional vendor. She also discussed the Vile of Life as a safety option for emergency situations in the home. Mary then discussed the Auction Committee plans with a call for ALL members to help procure items from local businesses for the auction. Fae Cutrufelli volunteered to plan the care of Abba's Garden as part of the Flower Committee.

Mary volunteered to co-ordinate the Club's support for the Tree City Rolling Tour on June 25th with help from Judy Veach.

Terri announced that we will travel to Stream Cliff Herb Farm for lunch on May 18th.

Meeting was adjourned.

Next meeting will be June 13 with a Baby Shower! All club members are asked to bring baby gifts that will be donated to the Pregnancy Care Center in Greensburg.

The program for the meeting was a Swap Party with friends that members invited to share the fun!

Respectfully submitted,

Friends of Wildlife at Lake Santee

Everyone Welcome!

Our aim is to encourage the members of the Lake Santee community
to appreciate and protect our natural setting.

Friends of Wildlife meets the first Wednesday of the month at 7:00 p.m. in the community room.
Email charm.seright@gmail.com for more information.

Birding 101 - The Third in a series for Lake Santee Birders

A Special Visitor and Birds that eat Bugs

A very prominent visitor to add to your Bird Identification Notebook this spring is the (1) Rose-Breasted Grosbeak. More commonly seen in northern Indiana, unusual numbers of them have been visiting local feeders and staying around for a longer time. Their migration from Mexico, Central and South America ends as far as north central Canada for breeding. A little smaller than a Robin, this flashy black and white bird with a red triangular bib might be confused with a woodpecker (Smoke Signals March 2016) except for its thick beak (hence the name grosbeak) and compact body. Besides seed they also eat insects and fruit. The female is a brown bird, not to be confused with a sparrow or female finch because it is larger and has a distinctive eyebrow mark. There are also Blue Grosbeaks (larger than an Indigo Bunting) and Evening Grosbeaks (larger than a Goldfinch) that are even more uncommon in this area. If you spot one, report it to a birder right away!! An insect eater popular among birders is the (2) Purple Martin. About the size of a Robin, it is the largest swallow in North America. Its purple head, back and belly give it its name and the forked tail makes it easy to spot in flight doing its aerial acrobatics while snapping up insects. In Indiana it nests almost exclusively in man-made apartment complexes, sometimes within 100 feet of human dwellings. They like to gather in social groups and return to the same nesting site each year. Another great insect control agent is the (3) Tree Swallow (Smoke Signals April 2016.) It returns earlier in the spring than other swallows. Their dark blue upper parts contrast sharply with white under parts and really flash in the sun as they dive for insects over water and land. Only about half the size of a Robin at 5-6", males and females are similar. If you have nesting boxes in your habitat they may be raising families in your own back yard. (4) Barn Swallows are mosquito eaters too, although they also eat beetles, wasps and flies. They are about 7" in size and show steel blue back and wings with a chestnut colored breast and belly. These swallows are in constant motion and so very hard to photograph.

This is the third article in the series. Next month will feature Red Birds in the Neighborhood.

The Nature Habitat Monarch and Butterfly Gardens

The raised bed gardens at The Nature Habitat have plants! Some are still seedlings that need sunshine, rain and time to mature, but that is what we expect in spring and summer at Lake Santee, right? By summer and fall there should be an ample supply of host plants and nectar plants to attract Monarchs and other butterflies. There's a bench for your viewing pleasure so come and visit and make yourself comfortable.

RED-HEADED WOODPECKER

COMMON MILKWEED

SIBERIAN IRIS

PINE SISKIN {MEMBER FINCH FAMILY}

Betty's Backyard Birds

Grosbeaks, Grosbeaks, Grosbeaks! I have had as many as 16 Rose-breasted Grosbeaks at one time and they are such a beautiful sight! The Grosbeaks are sticking around longer than they usually do. Then I had Pine Siskins come along and when the Grosbeaks were not feeding the Pine Siskins were at the feeders. I had as many as 16 Pine Siskins at one time. I hope everyone else is having as much watching the different kinds of birds that are at their feeders as I am. Happy Birding!

UPCOMING EVENTS FOR YOUR CALENDAR: TAKE NOTE!

So much to do, so much to learn

Our **June 1st** meeting will be our annual cook out pitch-in at Jackson's Nursery in the butterfly garden. If you'd like to join us, call Charm at 812-663-5465.

June 4th is a first Saturday at UTOPIA Wildlife Rehabilitators just west of Greensburg. From 1-4 p.m. Kathy Hershey and the volunteer staff will be available for tours and demonstrations. There are many new orphaned and injured animals being cared for so you will have a grand visit. It's free!

July 2nd Friends of Wildlife will have a tent at the parking lot celebration with a kid's activity and wildlife information available and nesting boxes and feeders for sale. Stop by and share your backyard and travel wildlife stories. We love hearing from you!

"Spring being a tough act to follow,
God created June."

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.
BOARD MEETING MINUTES
May 11, 2016

The Lake Santee Property Owners Association Board of Directors met on May 11, 2016 in the Community Room. President Richard Veach presided and called the meeting to order at 7:30 PM. Other Directors present were Polly Ann Fox, Angel Hocker, Vicki Wilson, David Martin, Jim Massingale, Carol Goodwin, Ron Day and Mike Cutrufelli. Employees present were Brad Jones and Jim Hornig (668). Members present were Kathy Tarzwell (806), Buddy and Terri Suiters (1416), Wade Amos (364), Scott Gibbs (352), Clair and Nancy Fredrickson (348), Ronda Peetz (941), Chris and Debbie Ehrhard (915), Debbie Evans (1510), and Maurie Goodwin (894).

President Veach called for a review of the minutes of the April 13, 2016 meeting. The minutes were approved on a motion by Carol, seconded by Polly.

Angel Hocker gave a brief review of the Treasurer's report. The Treasurer's report was approved subject to audit.

Angel then presented the following bills to the Board for approval:

Apparelmaster	\$ 173.52	Kings Asphalt	\$ 55,018.50
Becker Electric Supply	\$ 188.98	Lake Santee RWWD	\$ 404.26
Best Way Disposal	\$ 578.06	Murphy Insurance Agency	\$ 6,077.00
Cardinal Pest Control	\$ 45.00	New Point Stone Co.	\$ 10,319.59
Cardmember Service	\$ 4,322.92	Premier Companies	\$ 747.67
Clear Creek Fisheries	\$ 12,010.00	Rock Valley Stone	\$ 616.32
Colonial Life	\$ 159.50	Summitt Microsystems	\$ 50.00
Decatur Co. Treasurer	\$ 1,914.18	The Office Shop	\$ 43.02
Frontier	\$ 281.06	Tops Home Center	\$ 126.46
Hoeing Supply	\$ 26.48	Verizon Wireless	\$ 122.64
International Pipe	\$ 25,000.00		
Brad Jones	\$ 209.96	TOTAL	\$ 118,435.12

Dick explained that a portion of the Treasurer's Report is in bad debt of \$630.00 (under line 605 on budget statements), and asked for a motion to write it off. A settlement had been made on a bad debt and \$1,800 was collected in the settlement. The write off was approved on a motion by Carol, seconded by Ron.

After presentation, the bills were approved for payment on a motion by Carol, seconded by Mike.

MEMBER INTRODUCTIONS AND COMMENTS

Members were asked to introduce themselves and were given the opportunity to express comments.

Buddy Suiters gave the only member comment and stated that the North entrance looks very nice.

CORRESPONDENCE

Brad stated that he received some correspondence from Ryan King who is wanting to place a slider dock attachment on a rented dock area. This would be attached to a seawall and would be so that he could get his boat up out of the water. After some discussion the Board agreed not to allow this based on Rule 4.18 that states rented docks will have no lifts or fixtures attached.

Another member asked about multiple slip rentals, and specifically how many slips a member can rent. Dick stated that there was no set limit, but there were set processes. The Board discussed the issue and is leaning towards limiting the number of slips rented per member. After more discussion, the Board decided they will amend the policy to state a limit of two per member.

COMMITTEE REPORTS

Rules & Regulations – Polly Ann Fox

Nothing at this time

Recreation – Carol Goodwin

Carol started by saying she still is searching for someone to run or help with the corn hole tournaments. No one has yet stepped up, and Carol does not know how to do this.

Carol explained that she has planned some children's activities for the same day as the Clarksburg Christian Church event.

Carol was sad to say that she has had to cancel several events due to rain and cold weather. Dan Mobley traveled from Florida to play here at the Lake. This event has been rescheduled for August 6 along with rescheduling a few other events to follow suit. Matrix is scheduled for this upcoming Saturday, and yet again the weather looks bad. After some discussion, the Board decided to cancel this event due to weather.

Carol also announced that on July 3, the Ladies of the Lake (LOL) will be hosting a boat parade and will be providing food for the youth fishing tournament. This event needed board approval.

The event was approved on a motion from David, seconded by Mike.

The rest of the recreation schedule will be posted in the Smoke Signal.

Lakes & Beaches – David Martin

David discussed information concerning the refinishing of the main beach umbrellas. David received a bid from KFAB for the price of refurbishing for the amount of \$1,400 plus another \$300 for netting to go under the umbrellas that would keep the birds from nesting under the umbrellas. Audience members asked how long the netting would last. There was some discussion, but no one had a solid answer. Nancy Fredrickson asked if the umbrellas were still under warranty and stated she thought there maybe be some left. The Office has been unable to find any records on the umbrellas. The Board decided to have KFAB go ahead and complete work on one umbrella and get firm pricing on the refurbishing. Dick stated that the umbrellas are an icon of the lake and we want to keep them up and looking nice.

Membership – Vicki Wilson

Vicki presented the following new members:

- Tim & Julie Ryan Lot 1379, 1380
- Ann Moss Lots 1003, 1004, 1005
- Chris & Holly Roberts Lot 1061
- Phillip & Denise Hadley Lot 646
- Eric & Emily Bosch Lots 973, 974, 975
- William & Jennifer Basey Lots 1401, 1402
- Brodey & Kristina Willis Lot 1427
- Mark & Pam Heisler Lot 927
- Mark & Kayleigh Gordon Lot 617
- Gina Fehrenbach Lot 118

Community Room Committee – Vicki Wilson

Nothing at this time.

Building Committee – Jim Massingale

The following building permits were issued in April:

- Donald Rabe, Lot 893 Boat Dock
- Tom & Kathy Hill, Lot 798 Vinyl Siding
- Wade & Stephanie Amos, Lot 364 Utility Shed
- Tim & Julia Ryan, Lot 1379, 1380 Replace dock & rip rap
- Clarence & Kay Story, Lot 268-270 Steel fence, 40.4" tall
- Katie Weed, Lot 825 Replace Roof, asphalt shingles
- Chris Salmon, Lot 37, 38 Picket fence w/wire mesh and close in porch on garage

Clean Up – Jim Massingale

No report at this time. Jim did state that there are numerous brush piles around the lake and that when the rain stops, he hopes members get rid of those piles.

Roads & Maintenance – Ron Day

Ron stated that the North entrance looks good. He informed the audience that the electricity is installed, the message board is delivered and will be installed soon. Cameras are installed and working at both entrances. Millings are complete now as well. Ron explained that this time when they put millings down, they chopped them up to a finer grade, heated them, and rolled them with a heavier roller. This helped them to pack down better. Speed bumps will be installed soon on Tass Trail. Maintenance laid rip rap along the ditch on the east side of the North entrance to try to support the sides of the road. Millings will also be used on a few more roads this yet this month. Pueblo Trail /Santee Drive down to Niagara, and Itawamba will be resurfaced with millings using the same process as the North entrance. During the summer months, maintenance will also be working on the gravel roads, and getting some areas fixed with geo tech and gravel.

Security – Mike Cutrufelli

Mike thanked security for all of their work. Mike again asked residents to watch for the school bus as the year comes to a close and follow speed limit signs. Full report in the Smoke Signal. Mike stated that Brad is working on ordering two smartphones for use by our security. These phones will allow them a quicker response time in emergencies.

Mike also advised residents to not purchase a Knox Box from Amazon but to make sure boxes bought are true Knox Box products.

Dick explained that the discussion about the Knox Box came about because we had an older resident that needed emergency services and they were not able to get into the house. The Knox Box allows emergency personnel to have a key to access the house in case of emergency without damage to any door etc.

Dick also wanted to say that one of the security guards stopped a resident and gave them a speeding ticket. He said that there is a rumor or perception that the Board does not support security giving out tickets, and he wanted to make sure that members understand this is completely false. Dick stated that it is a privilege to live here and the #1 concern is safety of residents, both on roads and the water. He asked members to call in speeders. Dick stated that security patrolled 300 hours and gave 2 warnings and one ticket. Jim Hornig stated that if residents are going to call in a speeder, to try to know who it is. By the time security gets there, the speeder is gone. Dick again thanked security for the ticket and stated he would love to see them give more.

Jim Hornig also stated that the Lake is going to great lengths to make our roads nice, and residents need to take care of them. He said as soon as the new millings were laid, someone was doing donuts and trying to tear them up. If residents see this, call it in.

OLD BUSINESS

Dick discussed the Women's Club ideas presented at the last meeting and the Board's thoughts on the suggestions. Dick reminded the attendees that the Women's Club had thrown out some suggestions of projects that they would be happy to help fund.

The first suggestion was to help pay for the umbrella reconstruction by purchasing the netting to be used underneath each umbrella. This netting would help keep birds from building nests in the umbrellas and would help keep the beach clean. The Board loves this idea and would like to thank the Women's Club for the financial assistance on this project.

The second suggestion was to place ceiling fans on the underside of the deck, just outside the Community Room. Dick explained that there are a couple of problems with this. First, the area is not high or tall enough and the fans would create a hazard with people hitting their heads, and that electricity would have to be run, and fans would have to be mounted, which in turn means putting holes in the covering. The Board feels this is not something we want to do.

The last suggestion was in creating a dog park. Dick explained that the liability would be too high on something like this. If someone or someone's dog was to be injured by another dog, it could turn out bad for the Lake. The Board is not interested in doing this at this time.

NEW BUSINESS

Clarksburg Christian Church luncheon will be held June 11th in the Community Room. Carol stated they are requesting approval from the Board to have a bounce house and other activities. Carol would like recreation to support this event by including children's activities and make it a community event. All of the extras for the event (bounce house, etc.) were approved on a motion by Carol, and seconded by Mike. Brad stated that the lake has been given the certificate of insurance for the bounce house, etc.

The Booster Club has previously offered to purchase and donate another dock to be placed at the main beach area. This dock would not be for rent but would be a public access dock. This came about because there is not enough docking space for people to use during the fishing tournaments or just busy weekends. Maintenance has moved one dock to the main beach area, and the Booster Club has donated a second for the other side. Again, these are not reserved areas, but are for public use. The Board accepted this gift on a motion by Carol, and seconded by Mike. The Board has agreed to take care of the upkeep on the dock, and thanks the Booster Club for their generous gift. Dick stated the tournaments are growing events and have large numbers of participants.

MANAGER'S REPORT

Brad stated that the Lake sold three more lots this past month.

Brad also announced that there have been 20 young people and one adult apply for summer gate guard and beach attendant positions. This is good since we are going to post guards at both the Main Entrance and the North Entrance, as well as the Main Beach area.

Brad reminded residents that on May 21st Margaret Mary Health Foundation is hosting the *Vélo in the Ville* fundraiser and that there will be participants biking to the Lake. These bikers will not be going around the subdivision but will be coming into the Lake and stopping at the Main Beach area for the restroom and refreshments. Brad has received the certificate of insurance for this event.

Brad encourages residents to continue to check the Facebook page and the website for announcements, pictures, and community happenings.

Before the meeting closed, Dick announced that there is a resident in need of some help to get her pontoon boat launched. Mrs. Schroeder needs someone with a trailer who would be willing to put her boat in the water for her. Call the Lake office.

There was also a reminder about the Clarksburg Community Volunteer Fire Department Breakfast on May 28 from 8-11 am at the Lake Santee Station #2.

There being no further business, Mike moved to adjourn, seconded by Ron, motion carried. The next regular meeting will be held on June 8, 2016 at 7:30 PM in the Community Room.

Respectfully submitted,

Angel Hocker, Secretary

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.
SECURITY REPORT
April 2016

During the month of April 2016 security officers worked 330 hours, were on call 390 hours and patrolled 1,953 miles. During the month officers handled the following:

Assisted EMS- 3
Golf Cart Inspection- 16
Unlock Vehicle- 1
Soliciting- 1
Dog Call- 3
Speeding Warning- 2
Tree Down- 1
School Bus Patrol

**OUR SPEED LIMIT IS
25 MPH ON ALL ROADS**

Security Officers,
Joe Jarman, Jim Hornig, Cathy Hankins, Dean Clift

From the
Director of Security 2015-2016
Mike Cutrufelli

*Remember -
We are here
for you!*

2016 Lake Santee Security Safety Signals

Security Safety Tip of the Month!

"Have you been on our newly paved roads and seen our newly designed north entrance. Great Job! Our maintenance team with the support of others accomplished these tasks. The north entrance has a new security building along with a high resolution security camera for our safety.

Now, let's all do are part to control road damage. Slow down and be safe. Security is patrolling all of the Lake's roads day and night. The speed limit is 25 miles per hour. The slower you drive, the less DUST will come off the roads.

Again, be aware of joggers, walkers and carts.

Let's make the Lake the best place in Indiana to live for everyone!"

Mike

NOTICE TO ALL LAKE SANTEE

PLEASE STAY SAFE:

- The maximum speed limit on all Lake roads is 25 mph.
- Follow all safety precautions around children and school buses.
- Keep walkers, joggers, and cyclists safe.
- Drive golf carts responsibly.
- Properly attach all Lake Santee stickers to cars, carts, and water craft.
- Watch out for maintenance crews, construction crews, security personnel, and emergency responders.

KEEP LAKE SANTEE CLEAN!

Meetings are held the Third Thursday of each month in the Community Room at 3:30 P.M.

All meetings are open meetings and everyone is welcome to attend.

Lake Santee Regional Waste & Water District
Meeting Minutes
Meeting of April 21, 2016
3:30 PM
Lake Santee Community Room

1. Roll Call

Scott Gibbs called the meeting to order and requested a roll call. Members present were Scott Gibbs, Jim Hornig, Paul Gosnell, Greg Montgomery, Frank Erdosy, Clair Fredrickson and Kathy Tarzwell. Also in attendance were Brad Jones, Utility Administrator, Brandon Litmer, Utility Superintendent, and Anne Poindexter, the District's attorney.

2. Consent Items

- a. Minutes from March 17, 2016
- b. Financial Reports
- c. Register of Claims for sewer operating
- d. Register of Claims for water operating

A motion was made by Kathy and seconded by Greg to accept the consent items. Motion carried.

3. Operator's Report

- a. Sewer Status Report – Brandon reported that the Sewer Plant is operating on a normal basis with no problems and all tests normal. Pump calls have been low and Brandon will order more pumps for the new homes being built.
- b. Water Status Report – Brandon reported that the Water Plant is operating well with all the tests in a normal range. The membranes are operating well also.
 - i. EVOQUA – supplied the bad carbon – We still have not heard anything from Evoqua. Ann stated we need to notify them to pick up the bad carbon.
 - ii. IDEM notification letter – The notification letter from IDEM for the November 2015 HAA5 test results was finally received. This public notice, along with some additional information to answer the anticipated questions, will be put in the Smoke Signals and on the website. Brandon has already coordinated with the Smoke Signals to get this included.
 - iii. Water tower inspection/cleaning – The tower was cleaned and inspected on 3/22/16. The tank was not too dirty and looked good inside according to Dixon. Dixon will forward a full report. Records indicate the “wet” portion of the water tank was last painted in 1993 and the “dry” portion in 2006. Dixon will include recommendations on future painting in their report.
 - iv. Flushing of the distribution system – The entire system was flushed, completing on 4/12/16.
- c. Upcoming Conferences / Training Classes – There is an “Efficient Utility Management and Utility Self-Assessment” training course in Connersville on 5/4/16. Brad and Frank will plan to attend that training.

4. Administrator's Report

- a. Status Report – Brad reported there were 14 credit card transactions, 139 ACHs, 9 valve turns and 1 shut off.
- b. Write-Offs – There was one write off for lot 1665 for \$37.57, a bank-owned property that has now been sold. A motion was made by Frank and seconded by Kathy to write this off amount. Motion carried

Adjustments – Lot 285 requested an invoice adjustment of \$401.23 and lot 1238

R.W.W.D. minutes continued

requested an invoice adjustment of \$409.16; both for frozen/broken pipes. A motion was made by Frank and seconded by Kathy to make the adjustments. Motion carried. Lot 75 requested an invoice adjustment for a running toilet, and after discussion, this will be tabled for next month to further review the Ordinance related to this issue.

- c. Correspondence – A letter from the US Census Bureau was received and Brad responded on-line. We received a letter from the State of Indiana stating we no longer have to file a resource report per HB347. We received a letter from LSPOA offering to split the cost of a Greensburg paper subscription for use in District business. Greg made a motion that we pay half of the bill and it was seconded by Jim. Motion carried.
 - d. Miscellaneous Agency Reporting – none this month.
5. Attorney's Report – Anne's letterhead will be changing, as CKP is dividing up. Anne has not received any response from Evoqua – she and Brad will follow up next week.
6. Committee Reports
- a. Board Member Guide Committee – Board Training Topic – none this month.
 - b. Volunteers / topics for training – Kathy will conduct the training in May; Greg is scheduled for June.
7. Old Business
- a. Napoleon Water – Brandon met with Gene from Napoleon to further discuss the emergency cross-connection. The current plan is for the new pit to be pretty near our water main. Each utility would pay for the cost of the new pipe from their main to the new pit with the cost of the pit being split equally. This should make our cost around \$10,000; this is still preliminary.
 - b. ACH program education – Frank would like to continue putting informational newsletters in the Smoke Signals to educate customers about the ease of the ACH payment option. Anne will look into whether the District can do some type of drawing or prize to incent customers to sign up.
8. New Business
- a. Internal Controls Standards – Brad has reviewed the requirements and has drafted an outline. He will have something for review at the May meeting. A resolution adopting these Standards will be required.
9. Adjourn

Respectfully Submitted by
Kathy Tarzwell, Secretary

These minutes are subject to approval by the LSRWWD Board at the 5/19/16 meeting.

*Have you ever forgotten to pay your bill because you were too busy?
Use ACH to pay your WATER / SEWER BILL – Automatically.*

*Avoid the late fees – Avoid the headaches – Keep it simple – Pay your bill with ACH
You have other IMPORTANT MATTERS that demand your full attention*

*Don't have ACH or want to learn more? Sign up either on-line or at the office.
Sign up now before you get busy with summer activities!*

- Have you ever misplaced your Water/Sewer bill or simply forgotten to pay it?
- Have you had to pay late charges for your Water/Sewer bill?
- Are you tired of paying postage to mail your payment each month?
- Have you been away when your bill was due?

Did you know that you can eliminate these headaches by paying your Water/Sewer bill with ACH?

What is ACH?

The Automated Clearing House (ACH) is an electronic network that allows banks and other financial institutions to quickly and easily clear electronic payments. The network is governed by operating rules and guidelines developed by the National Automated Clearing House Association.

Is ACH Secure?

ACH transactions occur electronically and automatically, which dramatically reduces the number of individuals who have access to personal or financial information. Since ACH transactions are electronic they cannot be misplaced, lost in the mail or stolen.

How do I sign-up?

Signing up is easy – there are 2 ways. Go to the Lake Santee website (lake-santee.com), select Regional Waste & Water District, and then click on Governing Documents and Forms. Complete the Authorization Agreement for Direct Payments form and send the completed form to the RWWD Office.

OR, stop by the office and fill out the form there.

Recurring payments only need to be authorized once, prior to the first transaction. No further authorization is required to continue making payments to an account through the ACH.

Will I still receive a bill?

Yes, you will still receive a bill so you will know how much your Water/Sewer bill is each month. If you have any questions about your monthly bill, please contact the RWWD Office.

Who do I call if I have questions?

Contact the RWWD Office at (812) 527-2943.

Lake

Santee

Meets the 4th. Wednesday of each month [except December] in the Community Room

Time 11:30 A.M. Lunch : Check with Mary Fox for location 812-662-0753

Join us and enjoy a good book discussion and lots of conversation remembering when.

Due to the fact that most of the book club is away for 2-4 months in the winter there will be no meeting or book selection in January and February of each year. If you have any questions about selections or our meeting schedule please contact me at 812- 662-0753 or mlfox366@gmail.com Thanks , Mary

Little Free Libraries

What is a Little Free Library?

A Little Free Library is a “take a book, return a book.” It is a free book exchange. This allows for people to share their favorite book with their community.

What is Little Free Libraries mission?

Little Free Libraries have two missions. The first mission is to promote literacy and the love of reading by building free book exchanges worldwide. The second mission is to build a sense of community as we share skills, creativity, and wisdom across generations.

Who and How?

Greensburg Community Public Library and Greensburg FFA. The Library received a small project grant from the Decatur County Community Foundation to place libraries around Decatur County. The Greensburg FFA works on securing locations, building, and helping the Library in any way.

Locations Expectations?

A location expectation is to care for their Little Free Library, so it becomes and continues a long life as a vital, engaging resource of the neighborhood and community. The location should welcome participation and create a friendly place around the library. Locations just need to inform the Greensburg Library about any issues.
