Lake Santee's Smoke Signals

The By-Laws state in Article IV, Section 4 and Article IX, Section 2 that the Association will have a monthly official publication

.Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as The Smoke Signals, was published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

Lake Santee Property Owners Association, Inc.

**Saturday, September 10th
7PM - 10PM
Lake Santee Amphitheater**

Please join us for a wonderful evening featuring Max Jeffrey & The Explosions performing in the amphitheater at Lake Santee.

With 10 years experience in the blues scene, Max Jeffrey has supported some of the biggest local and international touring acts in and around the midwest. In 2012, Max decided to step out into the spotlight himself and form the blues/rock trio: Max Jeffrey and the Explosions with Indianapolis natives, Mitch Millhoff and Glen Hopkins. Together their powerful trio delivers a talented and fun filled performance that will leave you wanting more.

You may want to bring chairs and a cooler.
Bring your friends too!

Back-to-school safety tips from your electric cooperative.

Share these tips with your students for a safer school year.

Elementary/Middle School Students

- Don't play near or around power lines or poles.
- Stay clear of pad-mount transformers (those big green boxes).
- Don't place objects, such as pens or pencils, in outlets.

High School Students

- If you drive to school, obey all traffic laws and practice safety when driving in areas where utility crews are working.

College Students

- Don't overload electrical outlets. Most dorms are not equipped to handle today's use of electronic gadgets.
- Keep all electrical appliances and cords away from bedding, curtains and other flammable materials.
- Extension cords are only for temporary use and can become overloaded. Use power strips with an over-current protector that shuts off power automatically if too much current is being drawn.

LAKE SANTEE KIWANIS CLUB 2015-2016

Serving the children in our community

Yesterday - Today - Tomorrow

President: Todd Blasdel
Secretary: Davies Batterton

Vice Pres: Mike Howard
Treasurer: Linda Howard

“Kiwanis International is a global organization of volunteers dedicated to changing the world one child and one community at a time.”

MARK YOUR CALENDARS

Sept. 1– Mayasari Grill

Please plan to attend.

Upcoming events will be discussed: pork chop dinner, pancake breakfast, service project, etc.

Kiwanis One Day

Kiwanis members serve their communities all year long. But the excitement for service really builds in October each year when Kiwanis members come together for Kiwanis One Day—a day of community service that is felt around the world.

The entire Kiwanis family—[Kiwanis Kids](#), [Builders Club](#), [Key Club](#), [CKI](#), [Aktion Club](#) and Kiwanis clubs—joins forces for this large-scale service project. Projects fill a specific need in each community and have included everything from [building playgrounds](#) to volunteering at a shelter to stocking shelves at a food pantry.

2016

Wilbur Tressler	269-355-9725

CONGRATULATIONS TO Kiley Stier, our book scholarship winner. Todd Blasdel, club president presenting Kiley a check at Mayasari Grill.

Inspirational **Moment**

Each of us can look back upon someone who made a great difference in our lives, someone whose wisdom or simple acts of caring made an impression upon us. In all likelihood it was someone who sought no recognition for their deed other than the joy of knowing that, by their hand, another's life had been made better.

Stephen M. Wolf

CALENDER

October 1: 2016–17 Kiwanis year begins.

October 22: Kiwanis One Day

Sanctioned
2016 Team Bass Tournament Schedule

Sunday September 26 7:00AM
End of Summer Event

Entry fee \$30.00 per boat
Optional Big Bass Pot \$10.00 per boat
Plus Mandatory \$2.00 Bass Restock
Enhancement Fee per boat

All tournaments will be six (6) hours in length

Any questions contact **Chip Ayers** at (812) 593-8915
hayers@isp.in.gov

On Sunday, July 17th, nineteen teams gathered at Lake Santee for the 6:00 AM takeoff of the fourth tournament of the 2016 season. With a front just having passed through less than 24 hours earlier, fishing was predictably tougher than it had been in the days leading up to the day's event. Lake Santee residents Chuck Sieg and Paul Bruns brought a five bass limit to the scales which weighed in a very respectable 15.58 pounds to take first place, ahead of Phil and Dustin Miller whose efforts resulted in a 13.36 lb. limit and allowed them to finish in a solid second place. Third place was captured by Jon Ohlmansiek and Rick Holt with four quality Lake Santee bass which totaled 11.64 lbs. Craig Duncan and Kyle Hohenburger only had one keeper bass for the day, but it was definitely the right size, as their fish took the Big Bass award with a 5.34 lunker. Congratulations to all our teams on a tougher than normal day at good old Lake Santee!

A special thanks go out to Jerry Sebo and all the great folks at Don Meyer Ford in Greensburg, IN for sponsoring this tournament's beautiful plaques from Kramer Kreations. Thank you, Jerry!

Our numbers of anglers participating in the bass tournaments continue to grow each month as more and more folks realize how much fun can be had trying to catch five little green fish. To date, approximately sixty fisher-men and women have taken part in the various tournaments. Help us ensure the phenomenal fishing at Lake Santee continues for years to come and follow our anglers example. Please practice **CATCH (PHOTOGRAPH) AND RELEASE** on all of Lake Santee's bass. With everyone's cooperation, our Lake Santee's fishery will continue to produce great memories for years to come!

Until Next time,

God Bless,

Chip & Lisa Ayers

WANTED BULLHEAD CATFISH

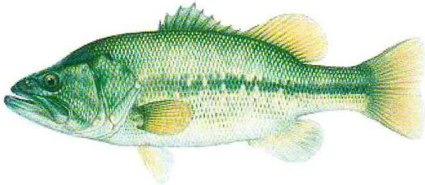

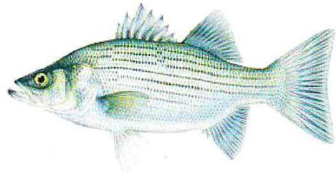

Lake Santee is experiencing an unwanted increase in its number of bullhead catfish. Unlike Channel Catfish, Bullheads are an undesirable fish whose size remains small, and can quickly overpopulate. Bullheads are bottom feeders that stir up bottom sediments, which can increase turbidity, and add to our water clarity issues. Channel Catfish can be easily distinguished from Bullheads by their deeply forked tail. Anglers, please remove all Bullhead Catfish that you catch. Thank you, Lake and Beaches Committee.

Channel Catfish

Lake Santee

David Martin, Lake and Beaches Director, would like to remind you of the fishing regulations.

<p>Largemouth Bass</p>  <p>No fish less than 21 inches shall be removed from the lake. Daily bag limit is set at 1 fish per day</p>	<p>Hybrid Striped Bass</p>  <p>No fish less than 21 inches shall be removed from the lake. Daily bag limit is set at 1 fish per day</p>
<p>Redear Sunfish</p>  <p>No length restrictions. Daily bag limit is set at 15 fish per day</p>	<p>Crappie</p>  <p>No length restrictions. Daily bag limit is set at 25 fish per day</p>

ANGLERS—PLEASE CUT AND KEEP FOR READY REFERENCE

Zebra Mussel (*Dreissena polymorpha*)

See the video on our website:

<http://lake-santee.com/boating-and-fishing/zebra-mussels/>

Zebra mussels (*Dreissena polymorpha*) are prolific invaders that cost the U.S. billions of dollars each year. These small mussels from Eurasia can clog water intakes and damage equipment by attaching to boat motors and hard surfaces. They can damage ecosystems by harming fisheries, smothering native mussels and crayfish, and littering beaches with their sharp shells.

In the late 1980s, zebra mussels spread from Europe to the Great Lakes in contaminated ballast water discharged from foreign ships. From there, they expanded to the Mississippi River, its tributaries, and to inland lakes. Zebra mussels spread primarily by attaching to boat hulls, aquatic plants, nets, fishing equipment, or in water. Adult zebra mussels can survive out of water for days under certain conditions. Your actions are vital to prevent their spread.

General Characteristics

- Zebra mussels look like small clams with a yellowish or brownish “D”-shaped shell, usually with dark and light-colored stripes (hence the name “zebra”)
- They can be up to two inches long, but most are under one inch. Zebra mussels usually grow in clusters containing numerous individuals and are generally found in shallow (6-30 feet), algae-rich water
- Zebra mussels are the only freshwater mollusc that can firmly attach itself to solid objects – submerged rocks, dock pilings, boat hulls, water intake pipes, etc.
- On smooth surfaces, young zebra mussels feel like fine sandpaper.
- Juveniles are about the size of peppercorns.

What You Can Do

- **Learn** to recognize zebra mussels.
- **Inspect** and **remove** aquatic plants, animals, and mud from boat, motor, and trailer.
- **Drain** water from boat, motor, livewell, bilge, and bait containers.
- **Dispose** of unwanted live bait and worms in the trash.
- **Rinse** boat and equipment with high-pressure and/or hot water (104° F), especially if moored for over a day, **OR**
- **Dry** everything for at least 5 days.
- **Never** introduce fish, plants, crayfish, snails or clams from one body of water to another.
- **Report** new sightings - note exact location; place specimens in a sealed plastic bag or store in rubbing (isopropyl) alcohol.

Know the rules!

Unauthorized introduction of zebra mussels, fish, or plants into the wild is illegal. Protect your property and our waters.

Annual Bay Shore Golf Cart Runs

Everyone is welcome to join in the fun! Often there is a spare seat or two on a golf cart if you want to go, but don't have a cart. However, the best way to join in the fun is to make friends with someone who has a golf cart and ask to ride

cart runs start through October will be the each month. fun without The host flatware and a

along! The golf in May and go and this year they third Saturday of The idea is to have having to be fancy. provides plates, main dish; often

hot dogs. Each group brings a dish to share and leaves it at the host's house before we start. Stops can be along any road on Santee grounds, even a plain lot that you own, or at the Bay Shore,. A drink (either alcoholic or non-alcoholic) is provided at each stop, however snacks are not expected. Carts follow in a single file with no passing. (Slower carts may wish to be toward the back.) A restroom break is at the East Beach. We all end up back at the host's house to eat. This is a great way to meet new people and socialize. Plan to join the fun!

THIS MONTHS GOLF CART RUN WILL BE SATURDAY SEPTEMBER 17th.

It will be hosted by Tony and Leanne Lake

Longer Walks in the Park

When Darlene Sullivan's knee pain interfered with the simple joys of living, she knew it was time to do something. Not only did she have trouble going up and down stairs, but her severe arthritis left her unable to keep up with her grandkids. In 2014, she scheduled an appointment with Orthopaedic Surgeon Nick Mirkopoulos, MD who recommended total knee replacements on both knees. That July, Darlene, 56, had surgery on her right knee.

"Dr. Mirkopoulos was incredible," said the Greensburg resident. "Before surgery, he wanted me to lose weight and gain strength in my legs so he gave me a pep talk. He was straight forward with me but kind and compassionate at the same time. He wants what's best for his patients. After my first surgery, my knee felt so much better I couldn't wait to get the other one done."

After getting her second knee replaced this past March, Darlene is well on her way to a full recovery. And for Darlene, her new knees allow for more shopping trips, longer walks in the park and more quality time with her grandkids.

Adderley Restoration Company LLC.

GENERAL CONTRACTOR

LAKE SANTEE RESIDENT

Fire Damage Restoration

We are the team you call after the fire department leaves. The fire is out, but what will you do about the damage, including smoke damage? Adderley Restoration carefully evaluates the site and determines an action plan.

Water Damage Restoration

When water invades your home or business, we respond fast. Whether you have a small leak or a total flood, time is key. We act fast, by first extracting the water from the site. If necessary, carpets and pads are removed, as well as any other elements effected by the moisture.

Structural Damage Board-up

An important step when damage occurs is to secure the site. With our 24 hour availability, we can have a team on your site ready to board up windows, doors and other structural openings. This way we can minimize the possibility to theft, personal injury or lawsuits.

Mold Remediation

We are trained to identify, eliminate and prevent mold and mold growth after restoration. Even when mold is not visible, it can be found behind paneling; inside walls and cabinets; and below flooring; and even in the duct work.

Trauma Clean-up

Exposure to biological chemical contaminants can bring serious health consequences. You must be sure to properly remove any substances that could contribute to dangerous environments.

Lake Santee
AVENUE OF FLAGS

Sponsored by
Greensburg Breakfast Optimist Club

For 2016

Consider adding YOUR name to the following list of persons. They through the Greensburg Breakfast Optimist Club have subscribed for a flag to be displayed on the six national holidays of the year at the entrance of Lake Santee.

Jim & Lisa Acton	Doug & Charity Banks (2)	Joan Banks
Gerald & Mary Ann Barnett	Jim & Lorraine Beck	Jim & Joy Boyd
Bob & Diane Dawson	Randy & Leslie Emerson	Ed & Mary Fox
Claire & Nancy Fredrickson	Phyllis Rentchler & Evelyn Grant	Scott & Shanon Gibbs
Bob & Bonnie Gilaspy	Paul & Sharon Gosnell	Becky Hurst
Bob & Karen Jackman	Neil & Kathy Jackman	Rick & Mary Johnson
Lake Santee Boosters	Lake Santee Womens Club (4)	Maury & Marsha Lay
Steve & Brenda Lucas	Bill & Brenda McVay	Phyllis Nordland
Bill & Marilyn Pearsey	Darrell & Rhonda Peetz	Jack & Lisa Phipps
Bob & Carol Reger	Jack Reynolds	Tom & Jerri Russell
Larry & Donna Sandman	Alan & Susan Schramm	Linda Schroeder
Peter & Beth Schubert	Don & Donna Smith	Harlan & Charlene Smith
Norma Smith	Skip & Jonie Spetter	Gary & Kathy Tarzwell
Tim & Lori Tennell	Dick & Judy Veach	Mike & Judy Anne Walker
Katie Weed	Ron & Vicki Wilson	Betty Zillick

The six holidays are: Memorial Day weekend, Flag Day, July 4th weekend, Labor Day weekend, September 11th, and Veteran's Day. The flags are posted a dawn and taken down at sunset by volunteers at the Lake. Each of the flags has been flown over the nation's Capital. The Optimist Club is responsible for replacement of any flag soiled , damaged or stolen.

A subscription for a flag can be purchased by completing the form below and attaching a check: \$30 for one year; \$100 for four years.

Mail or deliver the completed form and a check made out to the Greensburg Breakfast Optimist Club to Ed Fox or Rick Johnson. For more info, call Ed 812-593-0171 or Rick 317-850-4471.

Friends of Wildlife at Lake Santee

Everyone Welcome!

Our aim is to encourage the members of the Lake Santee community
to appreciate and protect our natural setting.

Friends of Wildlife meets the first Wednesday of the month at 7:00 p.m. in the community room.
Email charm.seright@gmail.com for more information.

September is prime time to enjoy the “flying flowers” that
decorate late summer gardens.

A quick guide to identifying our common backyard butterflies

- 1) Monarch (To 4”) – Because of its endangered status, the Monarch Butterfly has received a lot of press and a nationwide movement to try to reverse its flight toward extinction. The orange wings with black veins are familiar to school children and adult fans alike. Eggs are laid on milkweed plants which are the sole source of food for the hatching caterpillars. The chrysalis is a beautiful green pendant with a thin gold band around the barrel. This popular butterfly has conservation groups working to preserve its wintering habitats in California and the mountains of central Mexico.
- 2) (Eastern) Tiger Swallowtail (To 6”) – Easily recognized for its distinctive yellow wings with black stripes, the Tiger Swallow tail is a common sight in our area this year with some relatively large adults being spotted. It is called swallowtail because the long “tails” on their hindwings are similar to the insect eating birds named swallows. The caterpillars feed on a variety of trees such as willows, cottonwoods, wild cherries and yellow poplars. The adults feed on flower nectar of native plants such as Joe Pye Weed, Purple Cone Flower and asters. Tiger Swallowtails enjoy a secure conservation status.
- 3) (Eastern) Black Swallowtail (To 3.5”) – Another swallowtail which is very common in our gardens is the Black Swallowtail. The mostly black wings are edged in double rows of yellow spots with an orange eye spot on the inside edge of the hindwing. Host plants for the caterpillars are parsley, dill, fennel and wild carrot also known as Queen Anne’s Lace. Red clover, milkweed, and thistles are favorite sources of nectar for adults among many other flowering natives. Black Swallowtails also have secure conservation status.
- 4) Red Admiral (To 2.5”) – This smaller butterfly, so abundant last year, is making itself scarce this year. A red-orange bar across the black forewing gives it its name. There are white spots on the tips. The same red-orange borders the bottom edge of the hindwing. Caterpillars feed on plants of the nettle family. Adults prefer tree sap, fermenting fruit, and bird droppings but will visit common milkweed, red clover, asters and alfalfa flowers for nectar. Red admirals have secure status.
- 5) Great Spangled Fritillary (To 3”) – This butterfly lays eggs which hatch in the fall. Caterpillars overwinter and emerge in the spring to feed on violets. Mostly golden with black spots, adults take nectar from black-eyed Susans, thistles and other flowers. The zinnias at the Nature Habitat are attracting many Great Spangled Fritillaries.

Information from Peterson Eastern Butterfly Field Guide, National Audubon Society Pocket Guide and Wikipedia.

Why Trees Are Vital to Us, to the Earth, to our Future

From the Arbor Tree Foundation 2016 Tree Survey

“Trees clean the air and protect our water supplies. They help slow climate change by absorbing carbon dioxide. They cool our neighborhoods and shelter our homes so we use less energy. They add value to our homes...and to our lives. Forests provide habitat for millions of species that are integral parts of the ecosystems of our planet. Our Earth’s rain forests are nature’s treasure troves of medicines...many of which are yet to be discovered to help mankind. (And as seen above, trees provide food and shelter for butterflies!) Trees, in short, are priceless.”

Don’t miss this event.

The Butterfly News Network

Presented by Chris Fox

September 7th at 6:30 in the community room

*Please join us to learn about the beautiful Monarchs,
their struggle to survive and what we can do to help
them in our own backyards.*

Homemade pie will be served!

LAKE SANTEE PROPERTY OWNERS ASSOCIATION, INC.
BOARD MEETING MINUTES
August 10, 2016

The Lake Santee Property Owners Association Board of Directors met on August 10, 2016 in the Community Room. President Richard Veach presided and called the meeting to order at 7:30 PM. Other Directors present were Polly Ann Fox, Angel Hocker, Vicki Wilson, David Martin, Jim Massingale, Ron Day and Mike Cutrufelli. Employees present were Brad Jones, Cathy Hankins (1482), Jim Hornig (668) and Joe Jarman (92). Members present were Scott and Shannon Gibbs (352), Stephanie Peetz (640), Ronda Peetz (941), Bob Reger (122), Charles and Terri Suiters (1416), Susan Burress (814), Scott and Bev Spurlin (603), Rick Veach (1386), Judy Veach (1384), Jen Koerting (793), David Monteith (558), Pete Harrington (250), Debbie Evans (1510), John and Charm Seright (121), Pam Kachur (577), Paul Jennings (545), Charles Winzenread (1092), Keriann S. Martin (164), Greg and Leslie Yazel (1318) and Nancy and Clair Fredrickson (348).

President Veach called for a review of the minutes of the July 13, 2016 meeting. The minutes were approved on a motion by Mike, seconded by David.

Angel Hocker gave a brief review of the Treasurer's report. The Treasurer's report was approved subject to audit.

Angel then presented the following bills to the Board for approval:

Alerding CPA Group	\$ 3,390.00	Floyd Myers	\$ 130.00
Apparelmaster	\$ 176.30	Murphy Insurance Agency	\$ 6,077.00
Banks Lawn Care	\$ 50.00	LSPOA Petty Cash	\$ 193.93
Becker Electric Supply	\$ 175.60	RBSK	\$ 128.40
Best Way Disposal	\$ 828.36	Stone's Farm Service	\$ 42.44
Colonial Life	\$ 239.25	Summitt Microsystems	\$ 100.00
Frontier	\$ 247.84	Chad Templeton	\$ 1,700.00
Gillman Home Center	\$ 13.89	Texas Refinery Corp.	\$ 367.01
Carol Goodwin	\$ 99.53	The Office Shop	\$ 43.27
Hoeing Supply	\$ 454.16	Tim Lecher Farm Service	\$ 116.28
JA Larr & Company	\$ 1,864.47	Tops Home Center	\$ 131.47
Steve Jeffris	\$ 500.00	VerizonWireless	\$ 122.67
Brad Jones	\$ 219.68	Watkins Cleaning Services	\$ 700.00
Key of D Booking Agency	\$ 500.00	Premier Companies	\$ 1,990.20
Lake Santee RWWD	\$ 479.81	Dan Mobley	\$ 500.00
Bernard Meyer	\$ 3,823.16	TOTAL	\$ 25,404.72

After presentation, the bills were approved for payment on a motion by Mike, seconded by Jim.

MEMBER INTRODUCTIONS AND COMMENTS

The board was met with a full house of members and attenders. Members were asked to introduce themselves and were given the opportunity to express comments.

Nature Habitat

Charm Seright, representative of Friends of Wildlife, explained that the Habitat Gardens are in place and are a beautiful place to go sit on a bench, watch black swallowtails (among many others), and enjoy nature to relax. Dick asked Charm to explain where the Habitat is located for members who may not know. Charm explained the location, and that the habitat is about 8.83 acres of scenic plants and animals. Charm also informed the residents that on Sept 7 at 6:30 pm, the Friends of Wildlife group will be hosting a presentation by Chris Fox called Butterflies and Dessert. [Not to be taken as Butterflies for Dessert- Dick =) ha, ha.] Chris will be presenting a power point on the Monarch Butterfly that evening in the Community Room.

Sea Shack/Stacy House

Jennifer Koerting then explained that she has been a resident of Lake Santee for 8 years now and that she is attending the meeting as a show of support for Stacy House and the Sea Shack. Jennifer stated that in her time here at the lake she has watched many restaurants come and go and believes that most just cannot survive the winter months. She went on to explain that they chose the lake because of the phenomenal community and that Stacy House, being the first person she met here, was a contributing factor. Jennifer stated that she is passionate about supporting the Sea Shack, Stacy and the survival of the business and suggested that the board increase dues \$5 to give back to the business. Jennifer also presented a petition signed by numerous lake members and residents in support of the Sea Shack to remain open.

Scott Monteith then began speaking on behalf of the Sea Shack and Stacy House. Scott explained that he is a nine-year resident who comes from Indy. He and his family enjoy eating at the Sea Shack when they get here and believe that the restaurant provides the lake with a valuable service and amenity. Scott explained that whether people enjoy the type of food the Sea Shack offers, the service that is provided, or Stacy herself, the restaurant provides the lake with a valuable resource and amenity. Many other lakes do not have a beautiful restaurant on the beach that members and the community can enjoy. Scott stated he thinks the lake should raise dues \$10-20 for the benefit of the Sea Shack, give free rent and utilities etc. to ensure its survival. Scott believes Stacy is vested, committed, devoted, and passionate about the lake and the business.

Dick stated that the Board appreciates the comments of these supporters and members, and then took a moment to clarify some misconceptions. Dick began by stating that the Board also thinks that Stacy is a great person. Dick started by explaining that currently the LSPOA is under contract with the current proprietor. Dick stated he read on Facebook that the Lake Board needs to take a hands-off approach with the restaurant. Dick then explained that the Board does just that. He went on to say that on August 1, the contract with the proprietor of the Sea Shack came due. The Board had approved the renewal of the contract with this proprietor during the previous meeting. Sixteen days prior to the renewal, the proprietor decided that he was not going to chose to renew the contract with the Association due to lack of time he has to put into the business. At this time, the proprietor began talks with Stacy House about possibly turning over much of the business to her, and allowing her to make a go of things, with the possibility of taking over the contract with the Lake. The proprietor therefore asked for a ninety-day extension of the contract, which the Lake granted. The Board will then look at entering into a new contract with a new proprietor, whomever that may be. Dick also explained that all monies the Association takes in as rent on the business is put back into the business in the form of upkeep, updates, equipment, etc. as well as service on the building and the contents. The rent on the Sea Shack is by no means a moneymaker for the Association. The LSPOA charges a minimal fee as rent so that we can purchase items such as bar stools, furniture, and a new HVAC system. Dick then went on to explain that tonight in our old business portion the board needs to vote to extend the contract with the current proprietor for the 90 day period, through November 1. Dick validated that the winter months are tough on the business the restaurant receives. Dick spoke in great detail and hoped that he was able to clear up any misconceptions that are out there about the Board and the restaurant. The Board truly appreciates the thoughts and ideas presented by the members and acts in the best interest of the entire association.

CORRESPONDENCE

Brad stated that he received two letters from members, Gordon and Susan Burgess as well as Pam Kachur, in support of the Sea Shack and its survival and asking that the Board work with Stacy to keep the restaurant open.

Dick also stated that the Lake's Attorney had received a letter from attorney, Chris Stephen, on behalf of the Stengers concerning the opening of the North Entrance. The letter is requesting information from the LSPOA and Dick wanted the record to show this.

COMMITTEE REPORTS

Rules & Regulations – Polly Ann Fox

Nothing at this time.

Recreation – Carol Goodwin

Dick took over for Carol in her absence. On the 13th there will be a scavenger hunt and lunch for kids as well as the Lake Santee Women's Club Auction beginning at 6:00pm. The 14th is the LSPOA Annual Meeting and election of officers, please join. The 20th will be the Golf Cart Run and the 27th at 7:00pm the *Indiana Boys* will be performing in the amphitheater.

Lakes & Beaches – David Martin

David stated that all of the green umbrellas have been successfully refurbished and the yellow is next. The Board was not happy with the netting in the bottom to control birds nesting and he is looking into a vinyl lining to complete this job.

David also discussed the dam face as well as dredging. David has received an estimate from Thomas Docks on both. The dredging would be done differently than in the past using bags that allow the water to drain out and then the ability to get rid of the dry sludge easily. The same company would be able to place new stone on the dam face from the water, keeping heavy trucks and equipment off of the dam itself. The company would also be available to complete dredging for private owners during this time. A member interjected his knowledge of this method of dredging and agreed that this is a better avenue for the Lake to go. David then made a motion to approve Thomas Docks as the vendor of choice for the 2017 dredging portion of this project. The motion was seconded by Ron, and the motion carried. See the Smoke Signal for information on hiring Thomas Docks for private dredging.

Membership – Vicki Wilson

Vicki presented the following new members:

- Stephen & Catherine Gray Lot 911
- Terry & Amy Gwinnup Lot 953

Community Room Committee – Vicki Wilson

Vicki stated the community room was host to all regular monthly meetings.

Building Committee – Jim Massingale

The following building permits were issued in July 2016:

- | | |
|----------------------------------|---------------------------|
| • Jason Philpot, Lot 993 | Unattached garage |
| • Donald Story, Lot 387 | Culvert |
| • Tom Berish, Lot 556 | Dock |
| • Tim & Sheryl Butcher, Lot 1534 | 4' chain link fence |
| • Guy & Sue O'Gara, Lot 1353 | Extend current boat docks |

Clean Up – Jim Massingale

Jim stated that the committee sent out four first letters, two third letters, four second letters, and four "Thank you" letters.

Roads & Maintenance – Ron Day

Ron stated that the dust control has not been put down due to frequent rain and rain forecasts. Ron explained that due to the time of year, he is not sure if any will be used this season. He also informed Vinyl Solutions completed the railing around the deck of the Sea Shack finishing the job that the Booster Club had begun. Ron explained that a drain was installed across the entrance to the east beach bath house to handle run off.

Ron also stated that he is looking into the mailbox "cluster" issue and has a proposal. The clusters are a bit of an eye-sore. Ron has been in contact with the 16 owners that are part of a cluster close to him about a pilot project on these clusters. Ron would like to have maintenance supply material and labor to replace these boxes with all the same look, and consistent placement to try to create a uniform look. Ron asked for approval to complete this project that would cost less than \$100 for the association, and the member responsible for the box itself. The project was approved on a motion by Polly, and seconded by Angel.

Security – Mike Cutrufelli

Mike began by thanking the security crew for all of their time and work. He also explained that the team has the security truck back and it has been fixed. The truck had a bad engine that has been replaced with a GM remanufactured engine with a 3 year 100,000 mile warranty. (The Board applauded Mike for his short report).

OLD BUSINESS

Dick asked for a motion to approve the modification to the contract with the current proprietor of the Sea Shack for the extension through November 1. The motion by Ron and seconded by Mike carried.

NEW BUSINESS

Brad explained that he has received a bid for propane from Premier for 1.599. This is down from 1.749. This price includes numerous discounts and regardless of increase in costs, our price will never be higher than 1.599 but if the cost is lower we will get the lower price. Dick asked for a motion to approve going with Premier for the said price, motion made by Polly, seconded by Jim. Motion carried. The new price will begin now through May 31, 2017.

MANAGER'S REPORT

Brad asked for approval to write-off delinquent fees only in the total amount of \$726.76 on settlements. The actual dues were paid and the Lake will only be writing-off delinquent fees charged. The motion by Polly, seconded by Jim carried.

Brad stated that the Association has sold three more lots and is down to only having six still for sale.

Brad received an email that the "Free Little Library" from the FFA and the Public Library is ready to go and will be installed close to the bicycle rack where it will be under the camera's supervision on Friday morning.

Brad is also still working on getting tax assessments brought down. The county had added all land around the beach area with the restaurant, which they have now separated. Brad has also appealed 10 other parcels of unusable land around the power lines.

Anthem sent a refund from July 2012 in the amount of \$120.45 but said the check was never cashed. Brad has submitted a claim to reissue this check.

As always, check out the website and Facebook page for updates.

There being no further business, Mike moved to adjourn, seconded by Ron, motion carried. The next regular meeting will be held on September 14, 2016 at 7:30 PM in the Community Room.

Respectfully submitted,

Angel Hocker, Secretary

Safety Signals

Security Safety Tip of the Month!

"Hello all! Fire Safety and Personal Safety is a concern to all. We all can help make sure that our residence and property are safer. Our local Fire Department supports the use of "Knox-Box" for the residents of Lake Santee. **This is the only approved system supported by Clarksburg Fire Department.** Included with this tip is information and an order form. Please go to the website listed below to read more about Knox-Box. AND, more information is available at the Lake Office.

Take the time to research this and help keep us all safer.

Let's make Lake Santee the best place in Indiana to live!"

Mike

KNOX-BOX® Residential

When a medical emergency strikes, help is only a call away. However, for those who live by themselves or who have special mobility issues, what happens when they can't get to the door to let first responders in?

The Knox-Box® Residential Program is ideal for individuals:

- With a history of medical problems
- Recuperating from a hospital stay
- Living alone
- Using an electronic calling/medical alert service
- Seasonal Residents

The Knox-Box® Residential Program enhances the Fire Department's response times. A residential Knox-Box not only allows responders to enter a home unassisted, it also prevents forced entry damage and added stress to the patient.

Be Prepared for an Emergency

Help your local emergency responders' help you by installing a 1650 Residential Knox-Box to reduce the likelihood of forced entry damage and improve the responders' response times. When minutes count, don't leave an emergency responder locked out.

Residents provide an entrance key and optional medical alert card to the responding department and they are both secured in the Knox-Box.

SCHOOL BUS SAFETY

WHEN ?
ALWAYS !

WHERE ?
LAKE SANTEE !

Please remember to NEVER move your vehicle or attempt to drive around a school bus if the school bus has it's red lights flashing with it's STOP ARM extended. The Lake Security vehicle will also have it's warning lights flashing.

Always make sure that construction vehicles are NOT BLOCKING the road from 6:30 am to 8:00 am and 3:00 pm to 4:30 pm.

It is our duty and the law to keep our children safe.

Meetings are held the Third Thursday of each month in the Community Room at 3:30 P.M.

All meetings are open meetings and everyone is welcome to attend.

Lake Santee Regional Waste & Water District
Meeting Minutes
Meeting of July 21, 2016
3:30 PM
Lake Santee Community Room

1. Roll Call

Scott Gibbs called the meeting to order and requested a roll call. Members present were Scott Gibbs, Frank Erdosy, Clair Fredrickson and Kathy Tarzwell. Also in attendance were Brad Jones, Utility Administrator, Brandon Litmer, Utility Superintendent, and Anne Poindexter, the District's attorney.

2. Consent Items

- a. Minutes from June 16, 2016
- b. Financial Reports
- c. Register of Claims for sewer operating
- d. Register of Claims for water operating

A motion was made by Kathy and seconded by Clair to accept the consent items with corrections to the Registers of Claims. Motion carried.

3. Operator's Report

- a. Sewer Status Report – Brandon reported that the Sewer Plant is operating on a normal basis with no problems. All tests are in the normal range. Brandon stated that July 4th weekend went well. Pump calls are normal for this time of year.
- b. Water Status Report – Brandon reported that the Water Plant is operating well with tests looking good with the exception of the HAA5 results. A Public Notice will be placed in the August Smoke Signals along with a Newsletter providing additional information about this issue. IDEM has been contacted to provide guidance on how to proceed. Also, Water Solutions brought in additional testing equipment which can provide immediate test results to help track down the root cause of this issue; samples taken have shown that the HAA5 levels are high leaving the plant. It has been recommended that the clear well (the finished water holding tank under the Water Plant) be inspected and, if needed, cleaned. Dixon Engineering will be contracted to perform this work. After that, more samples will be taken before and after each step to make sure all levels of HAA5 are in the normal range. IDEM has been helping us to get this matter resolved. While IDEM was here they did a yearly sanitary survey and everything is looking good.
- c. Upcoming Conferences/Training Classes – none this month.

4. Administrator's Report

- a. Status Report – Brad reported there were 20 credit card transactions, 143 ACHs, 1 valve turn and 7 shut offs. All are back on.
- b. Write-Offs / Adjustments – None this month.
- c. Correspondence
 - i. Brad had Murphy Insurance re-bid our liability insurance to multiple companies. They did receive a quote lower than our current policy cost. Our current insurer, Cincinnati Insurance, has agreed to match the price of the lower quote. Cincinnati Insurance also recently conducted a site audit with no problems indicated.
 - ii. We received a tax lien refund from the County on lot 1608. We received this refund twice. Brad will work with the county to correct.
- d. Miscellaneous Agency Reporting – None this month.

5. Attorney's Report – None this month.

6. Committee Reports

- a. Board Member Guide Committee – Board Training Topic – Frank has done some research on FDIC Insurance and our current bank accounts and will report below on his findings. So, Scott handed out some general information on FDIC insurance and how it works, what it covers, what it doesn't cover, etc.

7. Old Business

- a. Napoleon Water – Brandon reported that Gene (from Napoleon Water) is still working on the valving arrangement and cost estimates.
- b. ACH program education – The District set up a table during the July 4th festivities to provide educational information on the ACH program. Frank is still putting info into the Smoke Signals on the ACH program to educate customers. Frank will get forms for sign up to put into the new member packets that the POA hands out.
- c. Internal Controls Standards Update – A couple of typographical errors were noted and corrected in the current version of the Standard. Clair and Kathy were appointed to be the Oversight Committee as required by the Standard. Frank made a motion to accept the updated 7/19/16 version, Kathy seconded. Motion passed. All board members have viewed the Internal Controls training video.
- d. Reserve Accounts Update – Frank has the new reserve accounts and the ongoing monthly transfers all set up. These transfers will be reviewed annually. He noted that the ditch witch and the gator will need to be replaced in a few years.
- e. Property west of Lot 452 – Add to District Boundary – We received the formal letter from the property owner asking for water and sewer service be provided to the property just west lot 452. This property is not currently included in the District's service area. It was decided that Brandon would generate the costs to install these 2 services to this property and then Brad will get with the property owner to discuss these costs. If the property owner would still like to pursue the District providing these services after he has learned of the initial installation costs, then the District will move forward with his request. We want to be sure the property owner understands the process and the initial costs to run service that far from our mains, because once the District acquires the property into our service area, the property owner will be required to hook up to the District services.

8. New Business

- a. FDIC Insurance / Banking Options – Frank recently met with Jason at Mainsource Bank to review the District's accounts, specifically related to FDIC Insurance coverage. Frank explained many aspects of the FDIC Insurance and how the District's accounts are setup. Jason confirmed to Frank that all of our accounts are covered and fully insured up to \$1.75MM. Frank also noted that recent changes to Chapter 15 from the State Board of Accounts have reduced the maximum term of Certificates of Deposits that Special Districts can invest in to 24 months.
- b. Differential Guidelines – Prior to this year's Management Agreement with the POA, the District will be developing guidelines to help determine the differential payment amounts. The goal is to objectively and fairly evaluate the amounts paid. Scott asked the board members to be thinking about the guidelines that we want in place for discussion at next month's meeting. Frank will start an evaluation of the current practice, working with the Annual Salary Survey provided by the Indian Rural Water Association.

9. Adjourn

Respectfully Submitted by
Kathy Tarzwell, Secretary

These minutes are subject to approval by the LSRWWD Board at the 8/18/2016 meeting.

- Have you ever misplaced your Water/Sewer bill or simply forgotten to pay it?
- Have you had to pay late charges for your Water/Sewer bill?
- Are you tired of paying postage to mail your payment each month?
- Have you been away when your bill was due?

Did you know that you can eliminate these headaches by paying your Water/Sewer bill with ACH?

What is ACH?

The Automated Clearing House (ACH) is an electronic network that allows banks and other financial institutions to quickly and easily clear electronic payments. The network is governed by operating rules and guidelines developed by the National Automated Clearing House Association.

Is ACH Secure?

ACH transactions occur electronically and automatically, which dramatically reduces the number of individuals who have access to personal or financial information. Since ACH transactions are electronic they cannot be misplaced, lost in the mail or stolen.

How do I sign-up?

Signing up is easy – there are 2 ways. Go to the Lake Santee website (lake-santee.com), select Regional Waste & Water District, and then click on Governing Documents and Forms. Complete the Authorization Agreement for Direct Payments form and send the completed form to the RWWD Office.

OR, stop by the office and fill out the form there.

Recurring payments only need to be authorized once, prior to the first transaction. No further authorization is required to continue making payments to an account through the ACH.

Will I still receive a bill?

Yes, you will still receive a bill so you will know how much your Water/Sewer bill is each month. If you have any questions about your monthly bill, please contact the RWWD Office.

Who do I call if I have questions?

Contact the RWWD Office at (812) 527-2943.

Little Free Libraries

What is a Little Free Library?

A Little Free Library is a “take a book, return a book.” It is a free book exchange. This allows for people to share their favorite book with their community.

What is Little Free Libraries mission?

Little Free Libraries have two missions. The first mission is to promote literacy and the love of reading by building free book exchanges worldwide. The second mission is to build a sense of community as we share skills, creativity, and wisdom across generations.

Who and How?

Greensburg Community Public Library and Greensburg FFA. The Library received a small project grant from the Decatur County Community Foundation to place libraries around Decatur County. The Greensburg FFA works on securing locations, building, and helping the Library in any way.

Locations Expectations?

A location expectation is to care for their Little Free Library, so it becomes and continues a long life as a vital, engaging resource of the neighborhood and community. The location should welcome participation and create a friendly place around the library. Locations just need to inform the Greensburg Library about any issues.
