March 31, 2017 will be a sad day at the Lake. Our Debbie has decided to retire. After 22 1/2 years, (since Sept. 1994) Debbie is the one person who held the ship together in some rough water at times during that period. She was our unsung hero. She always has a smile for you and is willing to do whatever we asked of her. In many ways she has helped the Lake Santee community become what it is today, a great place to live. But it is now time for her to lay down her pencil, turn off her computer, go home and enjoy a well deserved retirement.

P.S. I understand that Debbie has agreed to come back and continue to do additional training on those once a year jobs.

Say Hello to Michelle Deaton. She is the new girl in the office. Debbie has been training her since January. Michelle comes to us from the Health Industry, where she was an office administrator for an assisted living facility. Early reports are, she is very good, quick to learn and very efficient. She and her husband Steve bought a home here at the Lake two years ago and plans to make this their full time residence. If you have not met her yet, stop by the office, say hello and welcome her to the Lake.

Thomas Docks, Inc.

Dear HOA and Property Owners,

It is with great pleasure that Thomas Docks, Inc. has been selected by the HOA board to perform the dredging work at Lake Santee. The estimated project time is 45-60 days depending on weather. We ask ALL boaters to remain clear of the dredging area. The process we will be performing is with a Hydraulic machine. We will be placing temporary block concrete anchors in the dredge area. The concrete anchors will be connected together with cables. This anchor system will allow the hydraulic dredger to pull itself in a straight line direction while dredging. It will also help in the increments moved per pass. The dredged material removed will be pumped into Geo-tubes which will be placed at selected lake access areas. Once the tube is at full capacity and the sediment turns into a solid the bag will be removed and the site restored.

WE ask ALL boaters to limit navigation in the dredging area to daylight hours only. The pipeline and machine will remain in the middle of the dredging area during the night. Failure to do so could result in damage to the engine lower units and/or engine props.

During the process of dredging and the moving of material we ask that ONLY members of the board and/or authorized personnel access the staging areas. Under NO circumstances shall anyone not directly associated with Thomas Docks, Inc. or it's affiliate's access or board ANY equipment used by Thomas Docks. Inc.

Best Regards,
Scott Thomas

The By-Laws state in Article IV, Section 4 and Article IX, Section 2 that the Association will have a monthly official publication

.Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial. The first official publication, which became known as The Smoke Signals, was

published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

ELECTION OF OFFICERS FOR 2017

Frank Erdosy was elected President of the R.W.W.D. for 2017 at the January meeting. Here he presents out going President Scott Gibbs with a plaque thanking him for his years of service in this position. Scott will continue to be a member of the Board. The balance of the new Board is listed in the right hand column.

JANUARY MEETING HIGHLIGHTS

Under Old Business: The Board approved the Special Agreement for Emergency Auxiliary Water Supply with Napoleon Water. Basically what this means is ,that should there be a disastrous event that would take away our water supply, we would support each other by furnishing water as a backup to the affected company.

Under New Business: The Board created a new Leak Detection Policy. Our customers will NOT see any difference in the month to month procedure that you are currently used to. Basically we are going to read your meter twice a month in an attempt to detect possible leaks earlier.

Meetings are held the Third Thursday of each month in the Community Room at 3:30 P.M.

All meetings are open meetings and everyone is welcome to attend.

Lake Santee Regional Waste & Water District
Meeting Minutes

Meeting of January 19, 2017

3:30 PM

Lake Santee Community Room

1. Roll Call

Scott Gibbs called the meeting to order and requested a roll call. Members present were Scott Gibbs, Frank Erdosy, Clair Fredrickson, Greg Montgomery, Paul Gosnell and Kathy Tarzwell. Also in attendance were Brad Jones, Utility Administrator, Brandon Litmer, Utility Superintendent and Scott Wyatt, Attorney. Absent Jim Hornig. Scott presented the slate of officers for 2017. They are Frank Erdosy, President, Clair Fredrickson, Vice President, Kathy Tarzwell, Secretary, and Greg Montgomery, Treasurer. A motion was made by Clair and seconded by Kathy to accept the new officers. Motion carried.

Scott then turned the meeting over to new President Frank Erdosy.

Frank then presented a plaque to Scott for his work the past years as President.

2. Consent Items

- a. Minutes from December 15, 2016
- b. Financial Reports
- c. Register of Claims for sewer operating
- d. Register of Claims for water operating

A motion was made by Clair and seconded by Greg to accept the consent items as presented. Motion carried.

3. Operator's Report

- a. Sewer Status Report – Brandon reported that the RAS (Return Activated Sludge) pump needed to be rebuilt. This pump keeps the sewage circulating in the holding tank. A VFD level sensor failed this week. It was the original one put in when the plant was built. We are going to replace it with a radar system and display screen, which are more efficient. Randy Phares will install the system next week. The cost of this system will be \$1928.00
- b. Water Status Report – Brandon reported that the Water Plant is running on a normal basis. He is going to use an analyzer test to see where the THM level is which helps keep the HAA5 in balance. Brandon is going to backwash the carbon next week. It may need to be replaced. In case it does Kathy made a motion to let Brandon spend up to \$15,000.00 for new carbon if needed. Clair seconded the motion. Motion carried. The water meters need to be tested, as it has been 11 years since they were last tested. The meters should be tested every 10 years. Brandon will need a meter tester and some new meters since our supply of meters is low because of new houses being built and some that needed replacing. A meter tester runs around \$1000.00 and meters are around \$500.00 each. A motion was made by Greg and seconded by Clair to let Brandon purchase a new tester at \$1000.00 and 12 new R900I meters at \$500.00 each. Motion carried.
- c. Upcoming Conferences/Training Classes – none at this time.

4. Administrator's Report

- a. Status Report – Brad reported there were 10 credit card transactions, 154 ACHs, 7 valve turns and 6 shut offs with 2 still off.

- b. Write-Offs / Adjustments – There are 2 write offs. Lot 1685 for \$91.80 and lot 1653 for \$106.80. Both of these are tax sales. No lien was placed on them because the amount was around \$100.00. There is no chance on any recovery. Clair made a motion to write off both of these amounts and Greg seconded. Motion carried. There were 3 tax liens put on for unpaid bills. Lots 577, 1179, and 1085. All three were for the same amount of \$152.80.
 - c. Correspondence – The contract is up for Buckeye Power Sales for our generator maintenance. It is \$900.00 a year for this service. Kathy made a motion to renew with Buckeye Power Sales and Greg seconded. Motion carried. Brad and Brandon will be sending out updates to all the board members every Monday about the maintenance and other business they take care of.
5. Attorney's Report – Scott Wyatt joined the meeting this month instead of Anne. He will make sure everything is read correctly with the reading of the Napoleon contract.
6. Committee Reports
- a. Board Member Guide Committee – In June we will have our meeting in the Water Plant and then take a tour of all RWWD properties. We will meet at 1 PM that day.
 - b. Internal Controls Standards Oversight Committee – Clair and Kathy were reappointed to serve as the Internal Controls Standards Oversight Committee for 2017.
7. Old Business
- a. Napoleon Water – All the board members read the contract prior to the meeting so a motion was made by Scott and seconded by Greg to suspend the rules and read by title only. Motion carried. Scott made a motion to accept the Special Agreement for Emergency Auxiliary Water Supply and Kathy seconded it. Motion carried. Construction will start in the spring or when weather permits. Brandon will get with Gene and set up some dates.
8. New Business
- a. Leak Detection Policy – Kathy read aloud the policy, which will be published in the Smoke Signals. Our software does not have to be modified for this policy, just some training for Barb. After some discussion a motion was made by Kathy to accept the Leak Detection Policy. The motion was seconded by Clair. Motion carried.
 - b. Public Relations – Paul Gosnell has agreed to do this. He will publish articles in the Smoke Signals each month.
 - c. Ordinances – Clair is examining the Ordinances, Policies, and Resolutions to see which are obsolete. Scott Wyatt said the obsolete ones can be maintained in an electronic capacity. He is going to check to see what the retention time for keeping the items. The obsolete policies and resolutions will have to be rescinded after Clair goes thru them.

9. Adjourn

Respectfully Submitted by
Kathy Tarzwell, Secretary

These minutes are subject to approval by the LSRWWD Board at the 2/16/2017 meeting.

- Have you ever misplaced your Water/Sewer bill or simply forgotten to pay it?
- Have you had to pay late charges for your Water/Sewer bill?
- Are you tired of paying postage to mail your payment each month?
- Have you been away when your bill was due?

Did you know that you can eliminate these headaches by paying your Water/Sewer bill with ACH?

What is ACH?

The Automated Clearing House (ACH) is an electronic network that allows banks and other financial institutions to quickly and easily clear electronic payments. The network is governed by operating rules and guidelines developed by the National Automated Clearing House Association.

Is ACH Secure?

ACH transactions occur electronically and automatically, which dramatically reduces the number of individuals who have access to personal or financial information. Since ACH transactions are electronic they cannot be misplaced, lost in the mail or stolen.

How do I sign-up?

Signing up is easy – there are 2 ways. Go to the Lake Santee website (lake-santee.com), select Regional Waste & Water District, and then click on Governing Documents and Forms. Complete the Authorization Agreement for Direct Payments form and send the completed form to the RWWD Office.

OR, stop by the office and fill out the form there.

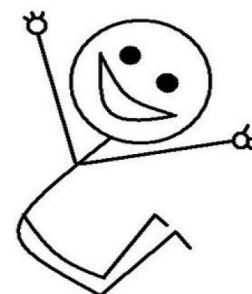

Recurring payments only need to be authorized once, prior to the first transaction. No further authorization is required to continue making payments to an account through the ACH.

Will I still receive a bill?

Yes, you will still receive a bill so you will know how much your Water/Sewer bill is each month. If you have any questions about your monthly bill, please contact the RWWD Office.

Who do I call if I have questions?

Contact the RWWD Office at (812) 527-2943.

SAFETY IN AND AROUND YOUR HOME

BURNS

- **Preventing Scalds and Burns in the Kitchen**
 - Teach children that hot things burn.
 - Place objects so they cannot be pulled down or knocked over.
 - Turn pot handles away from the stove's edge.
 - Keep appliance cords coiled and away from counter edges.
 - Keep hot foods and liquids away from table and counter edges.
 - Use dry oven mitts or potholders. Hot cookware or tableware can heat moisture in a pot holder or hot pad, resulting in a scald burn.
 - If you have young children in the home, cook on the stove's back burners.
 - When children are old enough, teach them to cook safely.
- **Hot Tap Water and Scald Burns**
 - Set your water heater to 120 degrees Fahrenheit (49 degrees Celsius).
 - For bathing and showering, the temperature of the water should not exceed 100 degrees Fahrenheit (38 degrees Celsius).
 - If you do not install anti-scald devices on tub faucets and shower heads, adjust the thermostat setting on your water heater to 120 degrees Fahrenheit (49 degrees Celsius). The lower temperature lowers the risk of scalds and burns.
 - Adjust the temperature of the water heater and wait a full day to allow the temperature in the tank to adjust. Retest and readjust as needed.
 - If children are in the home, do not leave the bathroom while the tub is filling.
 - Before placing a child in the bath or getting into the tub yourself, test the water.
 - Fill the tub or sink by running cool water first and then adding hot water. Turn the hot water off first. Mix the water thoroughly and check the temperature by moving your hand through the water. The water should feel warm, to the touch.
 - When bathing a young child, seat the child facing away from the faucets so the child cannot reach the faucet. Turn the faucet to the "COLD" position.
 - Consider installing anti-scald devices on tub faucets and shower heads to prevent scalds. These devices reduce the water flow to a trickle as the water temperature nears 120 degrees Fahrenheit (49).
- **Treatment of Burns**
 - Treat a burn right away by putting it in cool water. Cool the burn for 3 to 5 minutes. Cover with a clean, dry cloth. Do not apply creams, ointments, sprays, or other home remedies.
 - Remove all clothing, diapers, jewelry, and metal from the burned area. These can hide underlying burns and retain heat, thereby increasing skin damage.
 - Go to your local emergency room, call 9-1-1, or see your doctor if the burn is:
 - On the face, hands, feet, major joints, or genital area and/or bigger than the injured person's palm
 - White, tight, dry (leathery), or painless
 - Caused by chemicals or electricity
 - Causing difficulty breathing
 - See your doctor as soon as possible if the burn:
 - Does not heal in 2 to 3 days
 - Becomes foul smelling
 - Develops thick drainage, redness, or swelling

SCHOLASTIC JACKETS

Scholastic jackets for top 6 juniors will be handed out on Feb. 24th at half time at the Varsity game. The jackets are provided by Saint Paul, Greensburg Community Kiwanis Clubs and North Decatur High School.

KIWANIS and YOUTH

Kiwanis serves children and youth using two approaches. One attempts to improve the quality of life directly through activities promoting health, education, etc. The other tries to encourage leadership and service among youth. In pursuit of the latter goal, Kiwanis sponsors about 7,000 youth service clubs with nearly 320,000 youth members.

CLUBS!

Our club proudly sponsors Builders, Key and Aktion (Adult) Clubs. Boy Scouts Troop 574 and Cub Scouts.

Inspirational Moment

"What's a sun dial in the shade?"

Benjamin Franklin

As Kiwanians, we must keep our organization in the sunshine of service and fellowship. Only then, like a sun dial in the sun, can Kiwanis fulfill its purpose and be a benefit to ourselves and others.

Indiana Kiwanis and Riley Hospital Partnership

Indiana Kiwanis and Riley Hospital have been partners for over 90 years.

Fire Damage Restoration

We are the team you call after the fire department leaves. The fire is out, but what will you do about the damage, including smoke damage? Adderley Restoration carefully evaluates the site and determines an action plan.

Water Damage Restoration

When water invades your home or business, we respond fast. Whether you have a small leak or a total flood, time is key. We act fast, by first extracting the water from the site. If necessary, carpets and pads are removed, as well as any other elements effected by the moisture.

Structural Damage Board-up

An important step when damage occurs is to secure the site. With our 24 hour availability, we can have a team on your site ready to board up windows, doors and other structural openings. This way we can minimize the possibility to theft, personal injury or lawsuits.

Mold Remediation

We are trained to identify, eliminate and prevent mold and mold growth after restoration. Even when mold is not visible, it can be found behind paneling; inside walls and cabinets; and below flooring; and even in the duct work.

Trauma Clean-up

Exposure to biological chemical contaminants can bring serious health consequences. You must be sure to properly remove any substances that could contribute to dangerous environments.

Annual Bryant's Bar and Grille Golf Cart Runs

Everyone is welcome to join in the fun! Often there is a spare seat or two on a golf cart if you want to go, but don't have a cart. However, the best way to join in the fun is to make friends with someone who has a golf cart and ask them to ride along! The golf cart runs start in October and this year they will be the third Saturday of each month. The idea is to have fun without having to be fancy. The host provides plates, flatware and a main dish; often hot dogs. Each group brings a dish to share and leaves

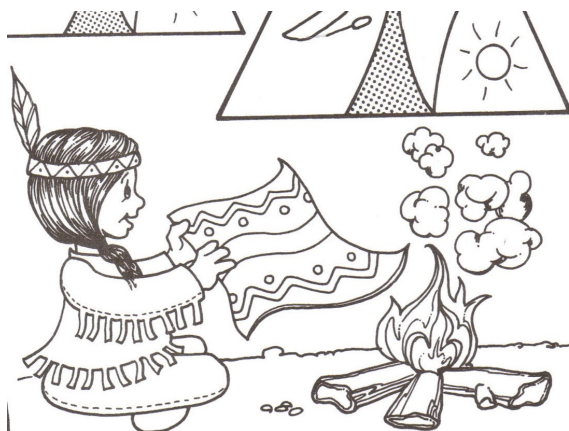

it at the host's house before we start. Stops can be along any road on Santee grounds, even a plain lot that you own, or at Bryant's Bar and Grill. A drink (either alcoholic or non-alcoholic) is provided at each stop, however snacks are not expected. Carts follow in a single file with no passing. (Slower carts may wish to be toward the back.) A restroom break is at the East Beach. We all end up back at the host's house to eat. This is a great way to meet new people and socialize. Plan to join the fun! Host locations are subject to change so check at Bryant's Bar and Grille for updates.

Dates for 2017 are:

May 20th at 3:00pm
June 17th at 3:00pm
July 15th at 3:00pm
August 19th at 3:00pm

September 16th at 3:00pm
October 21st at 2:00pm (note time change)

Let's Play Euchre

Anyone interested in starting a Euchre Club please sign up in the office by April 30, 2017. We will start play May 11th and continue on the second Thursday of the month through September. You must sign up early because there has to be 4 per table with a maximum of 4 tables.

ATTENTION ALL MEMBERS AND ADVERTISERS

We are pleased to announce a new article that will be appearing in the Smoke Signals each month. Brad Spears, Chief of the Clarksburg Volunteer Fire Department, is going to furnish a monthly newsletter covering safety in and around the home. This months letter is on PAGE #47.

We also would like to call your attention to the new advertising form on page 68. It has two new ad spaces, but the same low rates still apply.

Scouting Alert!! Martins, Redwings and Osprey, Oh My!

March is the month to look for signs of spring in migrating birds returning to their summer nesting sites. A very popular spring scout is the Purple Martin. Slightly smaller than a robin, this purple-headed black swallow has a notched tail. They are known for their consumption of flying insects, notably mosquitoes, which makes them welcome in populated areas. Naturally they nest in tree cavities but nowadays in our area they nest almost exclusively in man-made houses. Purple Martins are very willing to accept a variety housing styles and materials. You can grow your own birdhouse gourds, build a wooden apartment house, purchase a ready-made martin house or hang plastic gourds that look like natural ones. Gourds that swing freely are found to be less attractive to House Sparrows and European Starlings which want to occupy Martin houses and will destroy their nests and kill their young. Each compartment should be at least 6"x6"x12" in order to have enough room for a full clutch of 7 eggs. You must be able to open the compartments to clean them out especially in the spring when the exotic invaders want to take over. Good Martin house property managers will clean out the invaders' nests as frequently as they occur. Delbert Conely has 2 martin houses that he cleans in the spring unless he takes them down in the fall and cleans and stores them for the winter. Sometimes blocking the holes until the Martin scouts arrive to claim them will help. A Purple Martin house must be mounted on a pole at least 10 feet high. Mounting them in trees is not a good idea because they are vulnerable to tree climbing varmints. For cleaning purposes they must have the capacity to be raised and lowered either telescopically or by a winch. Of course there is always the use of a ladder if that works for you. It is important to locate the colony in an open area free of trees and wires. Purple Martins like to have a view, be close to humans and near water. And once they've established residence and raised a family they will return to the same nesting site year after year. Attracting Purple Martins to your habitat can be a little tricky but with numerous Martin housing additions already in place at Lake Santee, your chances are pretty good. Then you can sit back and watch

their aerobic acrobatics and family antics while feeding them mosquitoes that would otherwise be feeding on you!

Another early arrival is the Redwing Blackbird. Males return before females and defend a territory for their mate. Also slightly smaller than a robin, they are notable for the bright red and yellow shoulder pads on display during mating season. They nest in marsh lands in tall reeds and cattails. You may hear them before you see them!

(Information from Stan Tekiela “Birds of Indiana” and www.birdwatching.com)

This will be the 7th spring that we await the first reports of Ospreys returning with the hope of a pair choosing to nest on one of the ready-made platforms. They are known to nest on light standards and power line towers. Perhaps this year a pair will choose to build at Lake Santee.

Yellow alert! Drab American Goldfinches have wintered over and will be putting on their courting plumage. Small and bright yellow – you won’t be able to miss them!

After presentation, the bills were approved for payment on a motion by Carol Goodwin, seconded by Polly Ann Fox.

MEMBER INTRODUCTIONS AND COMMENTS

Members were asked to introduce themselves and were given the opportunity to express comments.

No comments from members during the introductions.

CORRESPONDENCE

A letter was received from Bill Maxwell for the Clarksburg Christian Church. They would like to use the Community Room on June 10th 11am-1pm for the Clarksburg Christian Church free luncheon and kids activities. There will be two bounce houses, a DJ, and kids games. A motion was made by Mike Cutrufelli to approve the free luncheon and activities. The motion was seconded by Dave Martin, motion passed.

COMMITTEE REPORTS

Rules & Regulations – Angel Hocker

Nothing to report at this time.

Recreation – Carol Goodwin

Please note a day change for the Easter Egg Hunt on the recreation schedule. The new date will be **April 15th**.

The Bass Club swap meet has a new date of **March 11th**.

The bands have been booked for the summer months.

- May – The Smiley's
- June – Captain Dan Mobley
- July – Spirit of Roth
- August – Rusty Bladen.

Carol asked for a motion to sell five corn hole sets with bags since they were not utilized as hoped last summer. The lake will be keeping one set. The motion was seconded by Angel Hocker, motion passed.

Lakes & Beaches – David Martin

Dave presented a letter from Thomas Docks who will be doing the dredging. The full letter will be printed in the Smoke Signals; however, here are some of the main points from the letter.

- Estimated project time is 45-60 days.

- ALL boaters are to remain clear of the dredging area and please limit navigation in the dredging area to daylight hours only.
- Temporary block concrete anchors will be placed in the dredging area. The anchors will be connected together with cables.
- Under no circumstances shall anyone access or board any equipment used by Thomas Docks.

Dave also mentioned that in the dredging area they would stay back 40-50 feet from docks and shorelines. The vinyl sample for under the umbrellas is scheduled to be dropped off over the weekend. A member asked when the closing of the gate on the dam would be and Brad stated no later than March 1st.

Membership – Vicki Wilson

Vicki presented the following new members:

- Michael & Diane Titus Lot 603 & ½ of 602

Community Room Committee – Vicki Wilson

Vicki reported the regular monthly meetings were held in the community room.

Vicki requested a motion to approve a Chili Cook-off presented by the Clarksburg Volunteer Fire Department on Saturday, March 18th from 5-8pm. Categories will be Best Recipe, Best Presentation, and Best Name. Set-up will be from 2:30-4:45. Motion seconded by Carol Goodwin, motion passed.

Building Committee – Steve Gauck

The following building permits were issued:

- John & Lisa Clark, Lot 1420, 1422 House
- Doug & Lisa Butt, Lot 748, 749, 750 House & Culvert

Clean Up – Steve Gauck

The clean up committee did not meet in January as typically the weather isn't good enough to allow for clean up. Five homes remain on the watch list.

Roads & Maintenance – Polly Fox

Mailbox clusters have been completed at Huron Trail, Ontario Trail, Dru Cove, Mohave Trail, Cayuse Trail, Wasco Trail, and Molala Trail. Mailbox clusters to be completed next will be Itawamba Trail and Oneida Trail.

Security – Mike Cutrufelli

Mike started by thanking the security team for their hard work. He thanked Dean for helping cover Jim's shifts while he is out. The boat has been ordered and once it comes in each member of the security team will be trained on proper use.

OLD BUSINESS

Long Range Planning Committee Update

Polly Ann Fox provided a quick update on the Long Range Planning Committee as they recently held their first meeting. The committee is made up of 10 members and will hold a meeting monthly. They hope to provide a strategic plan for the next 3-5 years with a plan for implementation, how to fund, and measure the results. There will be an open meeting on May 7th for all members to attend. The committee hopes to have a plan ready to present to the board by September.

Pollinator Habitat

Steve Gauck gave a quick update on the Pollinator Habitat. He will be watching as the weather starts too warm up to see when the best time to spray to kill the grass in the areas where the planting will take place. Ron verified with Steve that we would have Banks Lawn Care do the spraying. Volunteers will be needed when it is time to plant.

NEW BUSINESS

No new business at this time.

MANAGER'S REPORT

Brad reported that the 2017 invoices have been printed and the envelopes stuffed. They will be mailed on February 15th. The due date is March 1st, however, they are not past due until after April 1st. After April 1st a 10% penalty will be charged.

In January \$3,845.68 was collected in bad debt. Brad will be working with the attorney on the possibility of foreclosing on a few properties.

There being no further business, Mike Cutrufelli moved to adjourn, seconded by Carol Goodwin, motion carried. The next regular meeting will be held on March 8th at 7:30 PM in the Community Room.

Respectfully submitted,

Stephanie Peetz, Secretary

All L.S.P.O.A. board meetings are the second Wednesday of each month at 7:30 P.M., in the Community Room. It is an open meeting for all of our members .

March 2017 Lake Santee Security Safety Signals

"Well, we are well on our way to starting a new season at the Lake. The weather will be changing and many joggers and walkers, dog-walkers and bicycles will be out and on the roads, so please drive carefully.

Keep an eye out for all of the extra activity!

*I would like everyone to remember to get your tags for your boats and your other watercraft equipment. Remember that they must have **ALL** the proper markings **BEFORE** being placed on or launched into the Lake. Please keep in mind when water skiing that you control your watercraft's wake as well as the music level produced by your boat. Enjoy yourself, but respect others and their property. Remember to get your motorized equipment inspected by our security team. All residence that have UTVs or other types of powered equipment, please stay on the roads, and keep the speed down. The 25 miles per hour speed limit is the maximum not the required or minimum speed. Let's all drive SAFETLY. If everyone would also please place the new Lake sticker on your vehicle windshield, it will make spotting authorized vehicles easier for Security.*

A couple of new things will be happening with Security this spring and summer.

***First**, we will only have Gate greeters on special weekends. The dates will be published next month in the Smoke Signal and on the web page. **Second**, we will be hiring adults to patrol the beaches and enforce the Lake regulations; they will be able to issue citations and fines as required. So please read your regulations on boating, swimming, fishing, and the parking of your boat at the beach. Remember the beach is for all and we must all follow the beach rules. If you have any questions, please contact the office.*

Please enjoy the upcoming spring and summer events."

KNOX-BOX® Residential

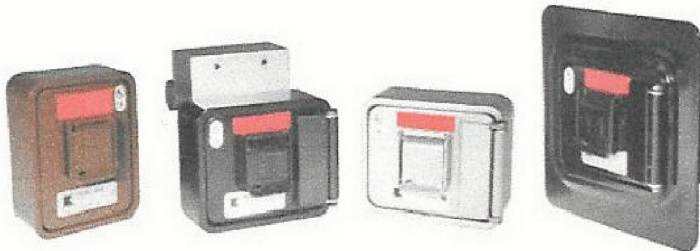

When a medical emergency strikes, help is only a call away. However, for those who live by themselves or who have special mobility issues, what happens when they can't get to the door to let first responders in?

The Knox-Box® Residential Program is ideal for individuals:

- With a history of medical problems
- Recuperating from a hospital stay
- Living alone
- Using an electronic calling/medical alert service
- Seasonal Residents

The Knox-Box® Residential Program enhances the Fire Department's response times. A residential Knox-Box not only allows responders to enter a home unassisted, it also prevents forced entry damage and added stress to the patient.

Be Prepared for an Emergency

Help your local emergency responders' help you by installing a 1650 Residential Knox-Box to reduce the likelihood of forced entry damage and improve the responders' response times. When minutes count, don't leave an emergency responder locked out.

Residents provide an entrance key and optional medical alert card to the responding department and they are both secured in the Knox-Box.

Little Free Libraries

What is a Little Free Library?

A Little Free Library is a “take a book, return a book.” It is a free book exchange. This allows for people to share their favorite book with their community.

What is Little Free Libraries mission?

Little Free Libraries have two missions. The first mission is to promote literacy and the love of reading by building free book exchanges worldwide. The second mission is to build a sense of community as we share skills, creativity, and wisdom across generations.

Who and How?

Greensburg Community Public Library and Greensburg FFA. The Library received a small project grant from the Decatur County Community Foundation to place libraries around Decatur County. The Greensburg FFA works on securing locations, building, and helping the Library in any way.

Locations Expectations?

A location expectation is to care for their Little Free Library, so it becomes and continues a long life as a vital, engaging resource of the neighborhood and community. The location should welcome participation and create a friendly place around the library. Locations just need to inform the Greensburg Library about any issues.
