Lake Santee's Smoke Signals

The By-Laws of the LSPOA state in Article IV, Section 4 and Article IX, Section 2 that the Association will have an official monthly publication

.Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial.

The first official publication, which became known as The Smoke Signals, was

published on March 28, 1969. It was published by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

ATTENTION BOATERS

As the LSPOA membership continues to grow, so too do the number of boats on the water creating a potentially unsafe situation.

Recognizing that many existing and new members are not fully aware of the Boating Rules at Lake Santee, each lot owner shall be required to complete a Boating Exam in order to receive 2018 Boat Stickers.

The 12-question Multiple Choice Exam will be included in the Annual Dues and Membership Packet you will receive in the mail in mid-February.

Please complete the Boating Exam and submit to the LSPOA Office with your LSPOA Membership paperwork.

Please resort to Sections 4 and 5 of the Lake Santee Rules and Regulations when completing your exam.

Fire Safety Checklist for Homeowners and Renters

If there is a fire, you may have less than 3 minutes to get out of your home. Talk about what you should do to be safe. Make sure everyone in your home knows what to do if there is a fire.

Put a check in front of each statement that is true for your home.

Smoke Alarms

- Smoke alarms are on every level of the home.
- Smoke alarms are inside and outside sleeping areas.
- Smoke alarms are tested each month.
- Smoke alarm batteries are changed as needed.
- Smoke alarms are less than 10 years old.

Test your alarm regularly.
Your smoke alarm is working if it makes a noise when you press the “test” button.

Cooking Safety

- The cooking area has no items that can burn.
- People stay in the kitchen when they are frying, grilling, boiling, or broiling food.
- Pot handles are always turned toward the back of the stove.

Escape Plan

- There is a fire escape plan that shows 2 ways out of every room.
- Everyone knows where the safe meeting place is outside the home.
- Everyone living in the house practices the escape plan 2 times a year.

Carbon Monoxide Alarms

- Carbon monoxide alarms are located on each level of the home.
- Carbon monoxide alarms are less than 7 years old.

Electrical and Appliance Safety

- All electrical cords are in good condition and not broken or cut.
- People clean the dryer of lint after every use.
- All plug outlets are safe and do not feel warm when you touch them. (If they are warm, call the landlord or an electrician.)

Candle Safety

- Candles are in sturdy fire-proof containers that won't be tipped over.
- Adults blow out all candles when leaving the room or going to bed.
- Candles are kept out of reach from children and pets.

Children are sometimes curious about fire.

If you have children in your home, lock up any items that can start a fire (matches, lighters, cigarettes, etc.) and make sure children cannot reach candles.

WINTER FUN ON THE LAKE

The cold frigid weather that we had here at the Lake after Christmas and the first week in January provided an opportunity to do some things we don't often get the chance to do. The sub-zero temperatures put about a 10 inch layer of ice over the Lake that supported several different activities. The following pictures were taken the weekend of Jan. 6 and 7

Gary Hash enjoyed some ice fishing. Caught 12 nice Bluegills

Polly Fox and her family enjoyed some ice skating

Brad, Jenni, Kennedy, Brenner and Shelby Hanna all went for a Sunday afternoon walk on the ice

Brenner then went for a bike ride

Mark Weckop snow skiing on the Lake

AVENUE OF FLAGS SUBSCRIPTION

2018

The Greensburg Breakfast Optimist Club would like to have your support of the Avenue of Flags Program at Lake Santee. We have just completed our 7th year for this program and the community support has been very positive and much appreciated. There currently are 54 American Flags flown at the entrance of Lake Santee during our national holidays along with over 460 more throughout Decatur County.

The income from this program, along with the funds we raise from our Fair booth, help finance and conduct over 34 programs within Decatur County, most of which are focused on youth. Everything from scholarships, Headstart Christmas Parties, Respect for Law Camp, Reality Store, Essay Contest, Oratorical Contest, Special Olympics, Cheer Fund, Big Brothers/Big Sisters, Outstanding Student of the Month Awards and many more activities each year. We also recognize Lawman of the Year, Fireman of the Year, support the Bread of Life, Meals on Wheels, Arts and Cultural Council, Public Library, Historical Society, YMCA, and various other school and community activities in Decatur County.

A subscription for a flag to be flown during the Holidays of 2018 in your name is \$30, or you can pay \$100 for four years, 2018, 2019, 2020 and 2021.

Mail the completed form below with a check made out to Greensburg Breakfast Optimist Club to Ed Fox and Rick Johnson. We hope you will support the Optimist and this beautiful display of flags at the entrance of Lake Santee during our National Holidays.

All meetings are open meetings and everyone is welcome to attend.

Lake Santee Regional Waste & Water District
Meeting Minutes

Meeting of December 21, 2017

3:30 PM

Lake Santee Community Room

1. Call to Order / Roll Call

President Frank Erdosy called the meeting to order and requested a roll call.

Members present were Frank Erdosy, Clair Fredrickson, Scott Gibbs, Kathy Tarzwell, Jim Hornig, and Greg Montgomery. Absent was Paul Gosnell. Also in attendance were Brad Jones, Utility Administrator, and Brandon Litmer, Utility Superintendent.

2. Consent Items

- a. Minutes of November 16, 2017 Meeting
- b. Financial Report
- c. Register of Claims – Water
- d. Register of Claims – Sewer

A motion was made by Kathy and seconded by Clair to accept the consent items. Motion carried.

3. Superintendent's Report

- a. Sewer Status Report – Brandon reported that everything is operating well at the sewer plant and all tests are normal. The cold temperatures have not become an issue, yet.
- b. Water Status Report – The water plant is operating on a normal basis with no problems and all tests in the normal range. The test results of the quarterly DBP samples have been received and look very good. The HAA5 came back in the low 30s and the THHM in the mid-40s, both well within the required limits and keeping the 4 quarter averages well below the required limits. The existing granular activated carbon should be good until April. Brandon will take the next round of quarterly test samples in mid-February.

4. Administrator's Report

- a. Status Report – Brad reported there were 24 credit card transactions, 176 ACHs, 9 valve turns, and 8 shut offs with all back on. A tax settlement check for 9 different liens was received from Decatur County.
- b. Write-Offs / Adjustments – none this month
- c. Miscellaneous
 - i. Cincinnati Insurance performed an on-site audit and has issued us a partial refund on our premium based on how well/safe the premises are kept.
 - ii. The required public notices for next year's meetings have been published.
 - iii. Brad submitted the annual Federal Government Agencies form.
 - iv. Currently, the District charges a customer a flat \$3.00 fee to allow the customer to pay their bill utilizing a credit card. The credit card companies are charging the District 2.8% plus additional fees depending on the credit card company. Brad has done some analysis and recommends increasing the credit card fee charged to customers. Frank will discuss with Anne (the District's attorney) to review the process related to this change.
 - v. JUS software support contract is up for renewal for 2018. Renewal of the contract is being tabled until the issue related to the customer billing errors (see 7c below) that occurred for approximately 17 customers is resolved.

Lake Santee Regional Waste & Water District
Meeting Minutes

Meeting of December 21, 2017

3:30 PM

Lake Santee Community Room

5. Attorney's Report – None this month.
6. Old Business
 - a. Outdated Ordinances – Clair will continue to work with Anne on cleaning up the outdated Ordinances. Anne plans to be at the January meeting with a report.
 - b. Jesse sewer license test – IDEM has approved Jesse's application to take the test. The test will be scheduled for January.
 - c. Napoleon Water cross connect – Gene from Napoleon Water is awaiting the easement paperwork from the last land owner. Brandon has also been unable to contact that land owner in person to help move this process along. Frank will have Anne contact Napoleon Water.
 - d. Insurance Bond for office staff – Brad reported that no further information has been received from SBOA on whether individual bonds are required for the office staff or if the current cumulative bond that District maintains is sufficient.
 - e. Tower security – Brandon will begin the installation of the security measures that were previously approved...once the ground dries out or freezes to prevent ruts.
 - f. Management Agreement with POA – Frank distributed the completed Management Agreement to the Board and explained the differences in the costs from last year's Agreement, including raises for the employees and the differential amounts. After several discussions about the various line item costs in the Agreement, a motion was made by Jim and seconded by Clair to approve the 2018 Management Agreement as presented. Motion carried.
7. New Business
 - a. Bonds Payment Account – Kathy reported that payments to our bond holder will now be drafted directly out of our Money Market account.
 - b. Put reminder in Smoke Signals about Rate Ordinance 10-15-2015 – complete, this will be included in the January Smoke Signals.
 - c. Customer billing errors – The software (Jayhawk) that is used to read the water meters and create the customer invoices has been miscalculating water usage for approximately 17 specific customers. The software was reading only 6 digits on the meter and should have been reading 7 digits, thus underreporting the actual water usage. The software has been corrected and is now functioning properly. Anne will attend next month's meeting to discuss the next step.
 - d. Ron Day – Lake Treatment – POA President Ron Day sent to a letter to the District asking to discuss the possibility of sharing the costs related to the lake treatment / algae control. These costs are not considered in the current customer rate structure, but could be considered in a future rate study. Frank tabled the topic for this meeting and this will be discussed in more detail in the future. Ron also mentioned that he is starting to work with IDEM/COE on erosion control measures for the banks of the creek feeding the lake, which abuts some District property.
 - e. List of Customers owing funds – Name, Address, Amount, Reason – Frank asked Brad to prepare a list of customers who have outstanding balances with the District and bring to the January meeting.

Friends of Wildlife at Lake Santee

Everyone Welcome!

Our aim is to encourage the members of the Lake Santee community to appreciate and protect our natural setting.

Friends of Wildlife meets the first Wednesday of the month at 7:00 p.m. in the community room.
Email charm.seright@gmail.com for more information.

Eagle Watch at Lake Santee

While there are Eagle Watch programs at state parks and recreation areas around the state, it is far easier to get an eyeful right here at Lake Santee. Just get out your binoculars and head to the Lake Santee Marina to get a good view from the boat ramp (dress warmly), or perch at a table at The Dockside Bar and Grill (view in comfort.) Don't have binoculars? Borrow the ones at The Dockside provided by Friends of Wildlife for your viewing pleasure.

Here are a few Bald Eagle facts to inform your watching:

Bald Eagles were seriously endangered in the 1970s but when DDT was banned they began a gradual comeback. The eagle nest near Lake Santee was documented in 2009 by the DNR, likely an offspring of the eagle population at Brookville Reservoir. There are now 300 nesting areas in Indiana.

Adults are marked by white heads and tails and a large yellow beak and legs. Perching birds measure 28-37" and have a wing spread of 6.5-7'. The female is larger than the male.

Juvenile eagles are dark brown with white spots or speckles over the body and wings. Juveniles take 5 years to achieve adulthood and the white head and tail markings. .

Eagles are raptors and primarily live on fish. They will steal fish from Ospreys. They also hunt small prey and will eat carrion.

There is no such thing as a screaming eagle. They make a "weak, harsh chattering" noise and that's it.

Love is in the air in February when Bald Eagles begin their mating season. Their midair mating ritual, called cartwheeling, involves the male and female locking talons and tumbling until they break apart. Now that would be something to see!*

Friends of Wildlife at Lake Santee meet the first Wednesday of the month for lunch at the Dockside followed by a meeting at 1:00. Everyone is welcome!.

A Little Free Library is a “take a book, return a book.” It is a free book exchange. This allows for people to share their favorite book with their community.

What is Little Free Libraries mission?

Little Free Libraries have two missions. The first mission is to promote literacy and the love of reading by building free book exchanges worldwide. The second mission is to build a sense of community as we share skills, creativity, and wisdom across generations.

Who and How?

Greensburg Community Public Library and Greensburg FFA. The Library received a small project grant from the Decatur County Community Foundation to place libraries around Decatur County. The Greensburg FFA works on securing locations, building, and helping the Library in any way.

Locations Expectations?

A location expectation is to care for their Little Free Library, so it becomes and continues a long life as a vital, engaging resource of the neighborhood and community. The location should welcome participation and create a friendly place around the library. Locations just need to inform the Greensburg Library about any issues.

Winter Nursery Trade Shows

In January, Jackson's Nursery exhibited at two nursery trade shows (MGIX in Columbus, OH and Indiana Green Expo in Indianapolis) with the goal of selling large quantities of nursery stock to other landscape contractors and nurseries.

In 2017, Jackson's Nursery shipped several semi-loads of evergreen hedge materials to Indianapolis, Chicago, Michigan, Kentucky, Ohio, and New York.
