RECYCLE & GIVE BACK IN DECATUR COUNTY

This year, we are proud to be able to partner with local non-profits to give back to our community. At each of our Electronic Recycling events we will be accepting all donations. A representative from each non-profit participating event, will be present to tell you about their organization and accept any and all donations. We don't want you to feel pressured to donate, so please recycle your electronics even if you cannot donate!

By recycling in Decatur County, help give back to your community!

All Events will take place at the Decatur County Fairgrounds.

Greensburg/Decatur County Animal Shelter focuses on domestic animal rescue and adoptions. We work very hard to provide a loving and caring environment for our animals while they are with us.

The Decatur County Ecumenical Agape Center, Inc. demonstrates Christ's love by providing assistance to those in need, while encouraging self-sufficiency, through Christian support.

Greensburg Fraternal
Order of Police

Lodge # 104

The Greensburg FOP is dedicated to the service of the community. The lodge conducts fundraisers through the year and provides donations to other organizations, scholarship opportunities, and shop with a cop.

Dock Talk (aka notes from the manager)

Fish Habitats

I am working with the Bass Club to find cost effective solutions to sustaining our Bass population.

One solution is to place some artificial structures in the lake to allow the fry (small bass) a safe place to live and grow.

If you are interested in helping us with this project, please let the office know. We will need safe places (under docks and along shorelines) for artificial structure and natural vegetation.

For more info on the project, check out this months *LakeLife*.

Thanks in advance!

YOUR ANNUAL DUES & ASSESSMENTS WILL BE MAILED MID-FEBRUARY. PLEASE FILL OUT THE APPROPRIATE SHEETS AND RETURN WITH ALL THE INFORMATION REQUESTED.

IN YOUR ANNUAL BILLING PACKET, YOU WILL NOTICE AN OPTION TO CONTRIBUTE ADDITIONAL FUNDS TO AREAS YOU ARE PASSIONATE ABOUT. YOU ARE NOT REQUIRED TO DO THIS, BUT IF YOU CHOOSE TO CONTRIBUTE MORE, YOU NOW HAVE THAT OPTION.

Friendly Reminders

The roads may be slick or snow covered. Drive with caution, especially in the early hours when children are waiting for buses.

Be very cautious of the ice on the lake. If you don't know the thickness, stay off the ice!

We will be treating the roads as needed throughout the winter. Please report concerns to security or the on-call maintenance.

WHILE THE LAKE IS DOWN, YOU MAY SEE LARGE NUMBERS OF GIZZARD SHAD DIE. PLEASE DO NOT BE ALARMED, THIS IS A NATURAL OCCURRENCE AND IT IS GOOD FOR THE LAKE.

RWWD Reminders

Make sure any outside hoses are shut off and drained of water. Water left in the pipe will freeze and can cause cracks in the pipes. These cracks

Lake Santee's Smoke Signals

The By-Laws of the LSPOA state in Article IV, Section 4 and Article IX, Section 2 that the Association will have an official monthly publication

.Our first Lake Manager, the late Tony Miller, gleaned from his travels to other lakes that the organization of a Booster Club to handle this publication would be beneficial.

The first official publication, which became known as The Smoke Signals, was first

published on March 28, 1969. It was produced by a group of VOLUNTEERS and continues as such to this day.

Funds for this monthly publication are received from donations from LAKE SANTEE MEMBERS and our ADVERTISERS. If you would like to VOLUNTEER or CONTRIBUTE, contact: Paul or Nancy

*Christmas 2018 was
bright and special!*

This month the full moon peaked at 6:11 a.m. EST on December 25. This will be the first time a full moon has graced the skies on Christmas Day in 34 years, and it won't happen again until 2034. This picture was taken at 10:15 p.m., so it has already started to wane.

Easter Egg Hunt - Help Needed!

There are a lot kids that like to participate in the Easter egg hunt, which means **a lot** of Easter eggs to fill! Donations of candy as well as money will be gratefully accepted in the office through Thursday, April 18th.

On Friday, April 19th at 10 am we will be filling the Easter eggs in the Community Room. Helpers are welcome!

We will need that special “guest of honor” to hop in on Saturday for the kids. If you are interested in playing this special role please contact the office as soon as possible, we will supply the costume and the kids will supply the smiles.

It is our great community that makes these events so wonderful. Thank you, in advance, for your help making the Easter Egg Hunt a success!

Der Perlen Strasse
Pearl St. Pub

Our hours are:
Monday-Friday 11 a.m.-9 p.m.
Saturday 11:30a.m.-9 p.m.

Der Perlen Strasse Pub was established in 2006. After a complete renovation it was opened for business in July as a pub style restaurant with a family friendly atmosphere and features a full bar with old world charm dating back to the 1800's. It is located in the beautiful small town of Oldenburg.

The Pub is located along side a beautiful brick paved road. The pub creates menu items based on generations of family style cooking. Among our menu items we offer fresh cut tenderloins and ground chuck burger from our local Village Store. We offer a full menu from homemade soups to desserts, including weekend specials that feature local favorites such as white fish and ribeye sandwiches with delicious sides. Come enjoy a cold Dunkle on tap and experience the charm of Pearl St. for yourself.

There's no place like home!

Don't Let Your World Go Up in Smoke.

Here are some important ways to keep your home safe from fire. Make these a top priority.

In the Kitchen

Cooking is the number one cause of home fires. Take these steps today to prevent a cooking fire in your home:

- Stay in the kitchen when you are frying, grilling, broiling, or boiling food.
- If you leave the kitchen, turn the burner off.
- Keep things that can burn away from your cooking area.
- Turn pot handles toward the back of the stove so they won't get bumped.

Safe Home Heating

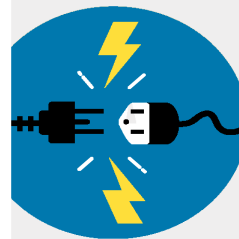

Heating is the second leading cause of home fires. You can prevent a heating fire with these simple steps:

- Keep anything that can burn at least three feet away from fireplaces, wood stoves, portable heaters, and radiators.
- When you leave a room or go to bed, turn heaters off or unplug them.
- Have your furnace, chimney, and chimney connector inspected by a professional each winter. Make repairs before cool weather sets in.

Electrical Sense

Follow these safety tips to prevent an electrical fire:

- Plug only one heat-producing appliance into the electrical outlet. Never use an extension cord. Examples of heat-producing appliances are: microwave, coffee maker, and portable heater.
- Extension cords are for temporary use only.
- If you have an electrical cord that is frayed or broken, don't use it.

Plug portable heaters directly into the outlet.

Don't use an extension cord. Make sure your heater has an automatic shut-off switch that turns it off if it tips over.

Home Protection

Fire prevention is important, but also make sure you and your home are protected.

- Put working smoke alarms on every level of your home and inside and outside sleeping areas.
- Test your alarms each month.
- Create and practice your home fire escape plan at least twice a year.

A Monthly Insight into the Current Lake Topics & Issues

LakeLife

February 2019 A Special Fishue! Get it?!

Current topics >>>

Ice Safety (again!!)

There are plenty of ice centered activities to do at Lake Santee in the winter. Follow these tips to stay safe on the ice!!

- Drill a hole near shore to ensure it is thick enough.
 - **1" STAY OFF!**
 - **4" Needed for fishing and Skating**
 - **5" for snowmobiles**
 - **8" for small vehicles**
 - **10" for medium vehicles**
- Fishing holes must be 12" or less in diameter
- Always wear appropriate clothing. A life vest is great for keeping you warm and safe if you fall through.
- Don't go out alone.
- **If you don't know, DON'T GO!**

Fish are the Life of the Lake

What OUR fish population tells us about the health of our lake

The fish population in a lake says a lot for the health of the lake. It is important to understand what we can do to help our fish and our lake as a whole.

Our lake is a very important part of our community. The health of it impacts our property values, our entertainment, and our drinking water. We must do whatever we can to protect it. One thing that often is taken for granted is our fish population. We don't always think of the maintenance it takes to sustain our lake as a fishery.

Did you know the types of fish in our lake are the leading clarity of our water? That's right, if we have a lot of Gizzard Shad and Carp, our water will appear murky and dirty. These fish often stir up the clay soil causing it to be suspended in the water and cloudy.

On the other hand, Bass and Hybrid Striped bass are natural predators to many fish, including Gizzard Shad. If our bass population is healthy, they are able to keep pest fish in-check, and help

keep our water clear.

So how can we keep our bass healthy? Well that involves many factors. The first is reproduction!

We need our current fish population to reproduce and replenish. This starts by

providing our fish with a safe place to nest. This means providing shelter and respect. If you see a large bass sitting near the shore in the spring, respect him! He is likely protecting his nest.

That's right, HE! The male bass are in charge of finding and protecting the nest. Once the female lays the eggs, she is free to leave and find another mate.

Once baby bass, or Fry, hatch, they swim together in a school, called a brood swarm. They seek areas of shelter to protect against predators. In order to protect them, they need structures. That's where you come in, read on to find out how you can

Did you know the types of fish in our lake impact the clarity of our water?

Lake Update>>>

Show a little LOVE for the Fish this February

Fish need our love too! Help us create some magic in the water to help our fish reproduce!

The Plan

Lake Santee will begin building artificial structures to place throughout the lake. The structures will be made with recycled materials and placed in locations as approved by the lake manager.

The structures will help provide shelter for our bass population. Our goal is to continue this project for the next three years (at least) to determine if it is an effective way to sustain our population. If the method works, we could reduce cost of stocking fish and save the association thousands of dollars per year.

How You Can Help

We need materials to build the structures, volunteers to help build the structures, and locations to place the structures. If you are willing to participate in any of these ways, please contact me in the office.

My email is Lake.mgr@etczone.com.

We will be looking for locations under docks and away from watersport activity. Please be aware, if you volunteer your spot, we may check on it periodically and you should anticipate excited anglers in your area!

Materials Needed

Concrete (bags and blocks), Weights/Anchors, field tile, PVC piping, pallets, scrap vinyl siding, buckets, and many more!

If you have an idea for something, please share it with me! I would love all the help I can get!

BreakBag Food Program A Huge Success

Our Lake Manager, Brittany Green, initiated and led a food drive program for some of the less fortunate children at North Decatur High School. She collected donations of food and money to buy food and organized the program to pass out the food at the Christmas BREAK assuring that they would have something to eat while they were away from school and the free lunch program. Below are some other students helping to pack the BreakBags here at the Lake. P.G.

Old age is coming at a really bad time.

When I was a child I thought "Nap Time" was a punishment.
Now, as a grownup, it feels like a small vacation.

The biggest lie I tell myself is..."I don't need to write that down,
I'll remember it."

The six holidays are: Memorial Day weekend, Flag Day, July 4th weekend, Labor Day weekend, September 11th, and Veteran's Day. The flags are posted a dawn and taken down at sunset by volunteers at the Lake. Each of the flags has been flown over the nation's Capital. The Optimist Club is responsible for replacement of any flag soiled, damaged or stolen.

A subscription for a flag can be purchased by completing the form below and attaching a check: \$30 for one year; \$100 for four years.

Mail or deliver the completed form and a check made out to the Greensburg Breakfast Optimist Club to Ed Fox or Rick Johnson. For more info, call Ed 812-593-0171 or Rick 317-850-4471.

Lake Santee Regional Waste & Water District

Meeting Minutes

Meeting of December 20, 2018

3:30 PM

Lake Santee Community Room

1. Call to Order / Roll Call

President Paul Gosnell called the meeting to order and requested a roll call. Members present were Paul Gosnell, Clair Fredrickson, Scott Gibbs, Kathy Tarzwell, Jim Hornig, Frank Erdosy and Larry Kiernan. Members participating electronically were zero. Also in attendance were Utility Administrator Brittany Green, Utility Superintendent Brandon Litmer, and the District's attorney Anne Poindexter.

Guest introduction and short comments (two minutes max)

Guests included Vicki Wilson, Claude Livesay, and Dick Veach.

- No new comments at this time.

2. Consent Items

- a. Minutes of November 20, 2018 Meeting
- b. Financial Report
- c. Register of Claims – Water
- d. Register of Claims – Sewer

A motion was made by Kathy and seconded by Clair to accept the consent items as presented. Motion carried.

3. Superintendent Report

a. Sewer Status Report

- i. Brandon reported that everything is operating well, and all tests are normal.
- ii. Brandon presented a list of 39 old pumps, that are beyond repair, to be declared as surplus and scrapped. A motion was made by Frank and seconded by Larry to declare these 39 pumps as surplus. Motion carried.

b. Water Status Report

- i. The water plant is operating on a normal basis with no problems and all tests in the normal range.
- ii. The quarterly disinfection by-products (DBP) test results were returned. Both the HAA5 and TTHM 4 quarter averages remain below the maximum contaminant levels and the plant is in compliance. Based on the trending of the test results, Brandon anticipates needing to change the carbon in early 2019.
- iii. Brandon received the test results back on the old carbon sitting in the parking lot. Approval has been granted to dispose of the carbon in the landfill and was hauled off today.
- iv. The solids in the drying bed have also been tested and approved to be disposed of in the landfill. This will be scheduled when the weather is dryer.

4. Administrator Report

a. Status report

- i. 12 shuts offs, all back on.
- ii. The office is continuing to review the retired accounts.
- iii. Continuing to check the leak report twice per month and contacting all customers who show up on this report.

- b. Write-offs / adjustments – None this month.
 - c. Miscellaneous
 - i. SBOA Audit Report
 - 1. The SBOA Audit report was received. Brittany handed out several pages / summaries from the audit report and explained the important items. The SBOA now farms out these audits. The company that performed our audit stated that of the 270 audits they performed, the RWWD was in the top 10 when measured by fewest errors and most responsive.
 - 2. There were 2 audits performed; one for fiscal year 2017 and one that covered the fiscal years from 2010 through 2016; they audited 8 years, in total. All of the audits findings / suggestions were addressed by tweaks to our processes in the office, with only 1 finding requiring Board action.
 - 3. This 1 finding involved having formal written approval by the Board for the internal money transfers that occur to fund the various set aside accounts. We thought all the transfers had been approved during Board meetings, but just to be safe, we initiated a new motion today covering ALL the transfers (so next time, the auditors can find this approval in just one location). Brittany read aloud the list of transfers, including the amounts, the accounts involved, and the frequency of the transfers. A motion was made by Jim and seconded by Frank to approve ALL the money transfers as detailed in the list that was read aloud by Brittany. Brittany will attach that list to the filed meeting minutes. Motion carried.
5. Treasurer Report
- a. Update
 - i. Kathy renewed more CDs that were coming due. These were renewed at 3.00% for a 36-month term. The bank made a mistake and did not finalize the CDs that were renewed in September at 2.42%. So, Kathy had the bank renew these at the 3.00%, also.
6. Attorney's Report – see below.
7. Old Business
- a. Wet Lands Project – The POA has asked Scott to chair their Sediment Committee and he has agreed to do so.
 - b. Napoleon Water Update
 - i. No new information.
 - c. Water Availability Billing
 - i. After another long discussion about availability fees, it was agreed by all to keep the current billing procedure in place, as is, with the added note to ensure the procedure is being applied consistently over all accounts.

Lake Santee Regional Waste & Water District
Meeting Minutes

Meeting of December 20, 2018

3:30 PM

Lake Santee Community Room

- ii. When it is time for the next rate study to be conducted by the accounting firm, we will ask the accountants to analyze multiple scenarios, including the possibility of dropping availability fees altogether. A decision on any changes to availability fees can be considered at that time. The next rate study will likely occur within the next couple of years.
- d. Board Member Appointments / Replacements
 - i. Clair and Jim attended the County Commissioners meeting on 12/3/18 and Claud Livesay and Dick Veach were appointed by the Decatur County Commissioners to fill the positions left vacant by Clair and Scott.
 - ii. Paul thanked Clair and Scott for their service. Of special note, Clair has served on the RWWD Board for nearly 17 years; his knowledge of the Board and of the history of the utility will be greatly missed.
- e. Management Agreement with POA
 - i. Paul has been working with POA Board President Doug Lecher and Brittany on updating the 2019 Management Agreement between the POA and the RWWD. The agreed to document was attached to the Board Packets and Paul discussed the changes from last year's Agreement, including a change to the allocation of Brittany's time.
 - ii. Several questions about the changes were asked and answered to the satisfaction of the Board.
 - iii. The total cost to the RWWD for the new 2019 Management Agreement with the POA will be \$209,518, an increase from 2018 of \$12,175 (about 6.2%).
 - iv. A motion was made by Jim and seconded by Kathy to approve the 2019 Management Agreement as presented. Motion carried.
- 8. New Business
 - a. Publish public notices for next year's meetings
 - i. Brittany and Paul will work together to publish next year's meetings.
- 9. Trustee Reports and Comments – none this month
- 10. Adjourn

Respectfully Submitted by
Scott Gibbs, Secretary

These minutes are subject to approval by the LSRWWD Board at the 1/17/2019 meeting.

LAKE SANTEE RESIDENT

Fire Damage Restoration

We are the team you call after the fire department leaves. The fire is out, but what will you do about the damage, including smoke damage? Adderley Restoration carefully evaluates the site and determines an action plan.

Water Damage Restoration

When water invades your home or business, we respond fast. Whether you have a small leak or a total flood, time is key. We act fast, by first extracting the water from the site. If necessary, carpets and pads are removed, as well as any other elements effected by the moisture.

Structural Damage Board-up

An important step when damage occurs is to secure the site. With our 24 hour availability, we can have a team on your site ready to board up windows, doors and other structural openings. This way we can minimize the possibility to theft, personal injury or lawsuits.

Mold Remediation

We are trained to identify, eliminate and prevent mold and mold growth after restoration. Even when mold is not visible, it can be found behind paneling; inside walls and cabinets; and below flooring; and even in the duct work.

Trauma Clean-up

Exposure to biological chemical contaminants can bring serious health consequences. You must be sure to properly remove any substances that could contribute to dangerous environments.

Everyone Welcome!

Our aim is to encourage the members of the Lake Santee community to appreciate and protect our natural setting.

February **LOVES** Red

Winter beauty at Lake Santee is highlighted by **red** species in bird and plant life. The bright **red** of the male cardinal is a welcome diversion at our feeders accompanied by the buff brown female with **red** highlights on her wings and tail. According to the National Audubon Society “Bird feeding may have helped the spread of this songster, which was once restricted to more southerly states, but now is found year-round almost nationwide. Some scientists theorize that the warming climate also may have contributed to the cardinal’s range expansion.” Cardinals feed on seeds, insects, and fruit and will come to feeders. They will live in a variety of climates and terrain as long as there is some dense low cover. *

Cardinal quiz: Do you know our state bird?

- 1) T F The *Cardinalis cardinalis* is the state bird of Indiana and 6 other states.
- 2) T F The name Cardinal comes from Cardinal Richelieu who first identified the species.
- 3) T F The male Cardinal will feed the female during courtship.
- 4) T F The female builds a nest in a tree cavity and returns to the same site every year.
- 5) T F The male is the only crested red bird.

*Information from NAS; Kaufman, Field Guide; Tekiela, Birds of Indiana; Peterson, Field Guides.

Winterberry Holly, **Red** Osier Dogwood, High Bush Cranberry and **Red** Chokeberry are native plants that highlight the landscape and offer food and shelter to wildlife during the winter.

After presentation, the bills were approved for payment on a motion by Polly Fox seconded by Carol Goodwin

MEMBER INTRODUCTIONS AND COMMENTS

Members were asked to introduce themselves and were given the opportunity to express comments.

- A member commented that they appreciated the reminder of the motorized cart rules in the minutes of the last Board Meeting published in the *Smoke Signals* and would like to see a reminder of the boating rules before Spring.
 - Brittany Green noted that the dues packets were being put together and reminded everyone that those would contain a copy of the boating rules.
- Mike Cutrufelli reminded everyone of the upcoming CERT meeting. Contact Mike for additional information if you are interested.

CORRESPONDENCE

Brittany reported that she had not received any correspondence.

COMMITTEE REPORTS

Rules & Regulations – Carol Goodwin

Carol presented the second reading the updates to rule 13.7 – Placing of Christmas trees, tires or other material in Lake Santee without authorization from Lake Management is prohibited. Authorized structures and locations of the structures will be approved by the Lake Manager. **Note that the text in red represent the changes to the rule.**

The rule was approved on a motion made by Carol Goodwin, seconded by Polly Fox. With no changes being requested to the rule, Carol Goodwin made a motion to waive the third reading of the rule and move forward with the implementation. This motion was seconded by Angel Hocker, motion carried.

Recreation – Shannon Gibbs

Shannon presented the following schedule of activities to the Board.

- Easter Egg Hunt on April 20th
- Music in the Amphitheater on May 25th
- Music in the Amphitheater on June 8th
- Independence Day Celebration on July 6th
- Youth Fishing Tournament on July 7th
- Belairs Show Band in the Amphitheater on August 3rd
- Music in the Amphitheater on August 31st
- Trick or Treat / Truck or Treat on October 26th
- Holiday Lighting Contest on December 7th
- Breakfast with Santa on December 14th
- Euchre & Bridge – Every other Thursday starting April 4th through October

Shannon made a motion for approval to move forward with the activities on the presented schedule. Carol Goodwin seconded the motion, motion carried.

Shannon also mentioned other activities that were not sponsored by the POA but were continuing or being planned again:

- Trivia with Bill at Dockside – this is continuing every other Thursday at 7:00 pm and will be on the opposite week as Euchre & Bridge
- The fitness classes that are sponsored by the Women's Club – Gentle Body Stretching & Enhance Fitness – will be extended through May
- Bryants Golf Cart Runs will return in May and will be held on the 3rd Saturday of each month this year, running through October.

Lakes & Beaches – Randy Ostendorf

Randy stated that we are still trying to lower the lake. The lake was down 3 feet but with the rain is now down about 1 ½ feet. We will continue to try to lower it and see if the weather cooperates.

The GPR (ground penetrating radar) inspection was completed this week. We expected the report back from the vendor, Blood Hound, very quickly. Once we have the results, we will continue to work with DNR for guidance on how to proceed. President Lecher noted that we are proceeding with this testing out of an overabundance of caution and that we are optimistic that it will not yield negative results.

Randy reminded everyone with the passing of rule 13.7 that we continue to ask for support in our efforts to create a better fishery. We have had several interested members and we are appreciative of your interest. A plan will be completed soon so we can begin building and placing structures as soon as possible. If you are interested in participating, please call or email Brittany.

Membership – Angel Hocker

Angel presented the following new members:

- Lot 1279 David & Janice Pickett
- Lot 503-504 Jennifer Asher & Charles Sellers
- Lot 1106-1107 Mark & Carol Hirt

Community Room Committee – Angel Hocker

Normal activities happened during the month of December.

Building Committee – Steve Gauck

In Steve's absence, Brittany reported that the following building permits were issued in December:

- Lot 208 William & Karen Sturm Dock

Brittany also reported that this was our 80th building permit of 2018!

Clean Up – Steve Gauck

In Steve's absence, Brittany stated that fines are continuing on four properties. She also stated that they are working to get the cleanup crew together this month for a tour of the community.

Roads & Maintenance – Polly Ann Fox

Last month the maintenance staff installed one new mailbox cluster so we are getting closer to finishing up the mailbox cluster project. They also installed soffits under two beach umbrellas; pressure washed and stained seven picnic tables for the deck at the restaurant; graded stone roads; cleaned stone off of Santee Drive with the grader blade; added millings to Itawamba and Pueblo Trail; added stone to the drive at the Recycle Center; and replaced four sewer pumps.

Security – Bill Ryle

In Bill's absence, Brittany reminded everyone to please continue to watch out for your neighbors while many are away. She also reported that we had some additional lighting installed by REMC, which will not only provided better visibility but will help give us better visual on our camera. REMC did not charge us to install the lights.

Brittany also reported that the security truck is down. President Lecher added that this truck has had several repair issues over the time we've owned it. Polly Fox made a motion that we replace the security truck for a cost up to \$14,000. Carol Goodwin seconded the motion, motion carried.

OLD BUSINESS

There was not any old business to discuss.

NEW BUSINESS

RWWD Management Agreement

President Lecher briefly explained that the RWWD does not have their own employees and office space so an agreement has been established so the employees can perform work for both entities and so that resources can be shared across both entities. This agreement is renewed each year.

For the upcoming renewal, President Lecher reported that for sewer operations, the RWWD agreed to compensate the POA an annual management fee of one hundred and six thousand nine hundred four dollars (\$106,904.19). For the water operations he reported that the RWWD agreed to compensate the POA an annual management fee of one hundred two thousand two hundred fourteen dollars (\$102,614.05).

Carol Goodwin moved and Angel Hocker seconded that we accept the management agreement, motion carried.

Budget

President Lecher thanked the Board and especially Brittany for their work during the budget preparation sessions. Brittany did a great job of the pulling data together! The Board was focused on holding or reducing costs wherever possible during this round of budgeting. We did feel it was necessary to budget for additional set aside funds for roads and dredging to prepare for future needs. In order to accommodate those needs, the budget requires a small increase. For 2019 – 2020 Dues will be \$25 and Assessments will be \$645. This is an increase of \$10 over last year.

There was a motion by Carol Goodwin to accept the budget as presented. This was seconded by Polly Fox, motion carried.

MANAGER'S REPORT

Brittany stated that if anyone is interested in helping out in any way, please let the office know.

Brittany noted that the office has been getting an increased number of phone calls about the marina. Unfortunately the office does not have any additional information about the marina so they really cannot provide any information. If you have questions, it is best to call Greg directly.

There being no further business, Randy Ostendorf moved to adjourn, seconded by Angel Hocker, motion carried. The next regular meeting will be held on February 13, 2019 at 7:30 PM in the Community Room.

Respectfully submitted,

Shannon Gibbs, Acting Secretary

DECATUR COUNTY INDIANA

February 2019

Well, the year has started and we are meeting in at the E.O.C. on February 20th. We will be meeting the new staff and start setting up for the year. Our meeting starts at 6:30 pm. We will plan the look of our meetings, so please plan to attend and provide your input.

Wednesday's meeting will cover many topics. These exercises help to aid us in keeping us CERT sharp. They also it will be part of a frame work for our group going forward.

Please invite everyone you think may enjoy the CERT experience.
See you Wednesday

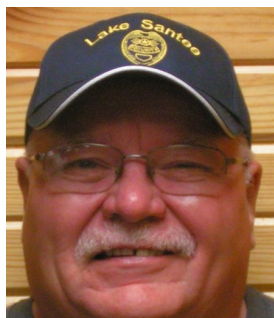

Any questions, contact me on 317-642-7661 or mike@cafecoffeeservice.com.

Lake Santee Property Owners Association, Inc.
Security Report: DECEMBER 2018

Security traveled the roads of Lake Santee during the month of DECEMBER a total of 2,712 miles. The Security Team worked on the roads 419 hours, and were on call 409 hours. We want to say “Thanks to All” residents and the Board as well as Lake Management and Staff for all of their support! Thanks for the great luncheon also!

Lake Santee Security Safety Tip!

Hello all! I would like to give everyone a Security update. Security now has a ‘Dash Cam’ as well as a state-of-the-art radar gun which we calibrate and test twice daily. Security also has developed new and more professional standards. As you already have been notified, the cart inspection procedure have been updated as well as our Lake fine schedule as posted in the Smoke Signals. Please call the office, if you have any questions.

Rick Crawford, Lake Santee Security Chief

During the month, security team responded and handled the following items, plus much more.
